CRIMINAL JUSTICE CODE OF ETHICS

CRIMINAL JUSTICE CODE OF ETHICS

As a Criminal Justice Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the Criminal Justice System. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...law enforcement.

CODE OF ETHICS FOR CIVILIAN CRIMINAL JUSTICE EMPLOYEES

As a civilian employee working in a public safety agency, I regard myself as a member of an important and honorable profession.

I will recognize the positive relationship between good physical and mental conditioning and the performance of my job.

I will perform my duty with efficiency to the best of my ability.

My conduct and my performance of my duties will be accomplished in an honest manner, contributory to my fellow workers, and observant of the laws of the city, state and country.

I will not, in the performance of my duty, work for unethical advantage or profit.

I will recognize at all times in my duty that I am a civilian employee working in a public safety agency, and that ultimately I am responsible to the public.

I will give the most efficient and impartial service of which I am capable at all times.

I understand the importance of courtesy and will maintain it as my reference point in all my duties.

I will regard my fellow coworkers with the same standards as I maintain myself.

I share a reciprocal affinity and obligation with my fellow coworkers, my administration, and my agency.

Chapter 1 - Law Enforcement Role and Authority

Law Enforcement Authority

100.1 PURPOSE AND SCOPE

The purpose of this policy is to affirm the authority of the members of the Medford Police Department to perform their functions based on established legal authority.

100.2 POLICY

It is the policy of the Medford Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

100.3 PEACE OFFICER POWERS

Peace officers are granted authority by Oregon Revised Statutes to prevent and deter crime; arrest offenders; issue citations in lieu of custody; take custody of evidence of a crime, contraband or recovered stolen property; control the flow of traffic and preserve the peace and safety of the public.

Sworn members of this department are peace officers pursuant to ORS 161.015. Peace officer authority extends to any place in the State of Oregon.

100.3.1 AUTHORITY TO ARREST

Pursuant to ORS 133.235:

- (a) A peace officer may arrest a person for a crime at any hour of any day or night.
- (b) A peace officer may arrest a person for a crime, pursuant to ORS 133.310(1), whether or not such crime was committed within the geographical area of the peace officer's employment, and the peace officer may make the arrest within the state, regardless of the situs of the offense.
- (c) The peace officer shall inform the person to be arrested of the peace officer's authority and reason for the arrest, and, if the arrest is under a warrant, shall show the warrant, unless the peace officer encounters physical resistance, flight, or other factors rendering this procedure impracticable, in which case the arresting peace officer shall inform the arrested person and show the warrant, if any, as soon as practicable.
- (d) In order to make an arrest, a peace officer may use physical force as justifiable under 2020 Oregon Laws c. 3, § 7, 2020 Oregon Laws c. 3, § 8, and ORS 161.245.
- (e) In order to make an arrest, a peace officer may enter premises in which the peace officer has probable cause to believe the person to be arrested to be present.
- (f) If after giving notice of the peace officer's identity, authority, and purpose, the peace officer is not admitted, the peace officer may enter the premises, and by a breaking, if necessary.

Law Enforcement Authority

- (g) A person may not be arrested for a violation except as provided by ORS 153.039 and ORS 810.410.

100.4 CONSTITUTIONAL REQUIREMENTS

All members shall observe and comply with every person's clearly established rights under the United States and Oregon Constitutions.

100.5 OUT OF STATE POLICE POWERS

Oregon police officers have no peace officer powers outside the state of Oregon. Officers must operate as private persons when out of state.

Some officers may receive limited interstate authority under "Blue Lighting" or other cross designation programs sponsored by the US Department of Justice.

100.6 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended to other states:

- (a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.
- (b) When an officer enters California, Idaho or Nevada in fresh pursuit of a person who the officer has probable cause to believe has committed a felony (Penal Code § 852.2 (California); Idaho Code 19-701 (Idaho); NRS 171.158 (Nevada)).
- (c) When an officer enters Washington while in pursuit of a person the pursuing officer has probable cause to believe has committed a felony; or violation related to driving while intoxicated, driving while under the influence of drugs or alcohol, driving while impaired or reckless driving (RCW 10.89.010).

Whenever an officer makes an arrest in California, Idaho, Nevada or Washington, the officer shall take the offender to a magistrate or judge in the county where the arrest occurred as soon as practicable (Penal Code § 852.3; Idaho Code 19-702; NRS 171.158; RCW 10.89.020).

Use of Discretion

101.1 PURPOSE AND SCOPE

This policy establishes that officers have discretion as to how the Department mission is accomplished, based on individual circumstances. Discretion is defined as: The freedom or authority to make decisions and choices.

101.2 POLICY

When officers are faced with a situation where discretion can be exercised, they shall carefully evaluate circumstances and consider the following:

- (a) Federal, state and local statutes;
- (b) Current case law;
- (c) Training;
- (d) Department policies and procedures;
- (e) Mission and Values statements adopted by the Department;
- (f) Contemporary public opinion;
- (g) Propensity for the violation to continue; and
- (h) Potential jeopardy to the safety and well-being of the public in general.

Each officer shall be held accountable for his actions under circumstances where discretionary judgment has been exercised.

Public Safety Certification

102.1 PURPOSE AND SCOPE

This policy outlines certain state certification and training requirements for Department members.

102.2 BASIC CERTIFICATION

The Department of Public Safety Standards and Training requires that all sworn law enforcement officers employed within the State of Oregon receive certification within 18 months of appointment. While balance is desirable, the paramount concern is the Department's need to meet operational requirements.

216.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the scheduling of at least five regular officers on duty whenever possible in addition to the Watch Commander when a single patrol team is on-duty.

216.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, a Corporal may be used as a field supervisor in place of a Patrol Sergeant.

The Medford Police Department will utilize the Police Advisory Committee for the purpose of reviewing and making recommendations to the Chief of Police on matters pertinent to the Police Department. Areas such as significant community issues, budget and program review, and community outreach assistance are all within the board's realm of responsibility.

218.12 POLICY MODIFICATIONS

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Medford Police Department

Medford PD Policy Manual

Use of Force

300.2.1 DUTY TO INTERCEDE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force (2020 Oregon Laws, c.5, § 2).

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations to a supervisor as soon as feasible (2020 Oregon Laws, c.5, § 2).

300.2.2 STATE REPORTING REQUIREMENTS

A report of another member using excessive force must be made to a supervisor no later than 72 hours after the misconduct was witnessed (2020 Oregon Laws, c.5, § 2).

300.2.3 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

Medford Police Department

Medford PD Policy Manual

Use of Force

300.3.1 USE OF FORCE - JUSTIFICATION

An officer is justified in using force upon another person only when and to the extent that the officer reasonably believes it necessary (2020 Oregon Laws c. 3, § 7):

- (a) To make an arrest or to prevent the escape from custody of an arrested person unless the officer knows that the arrest is unlawful; or
- (b) For self-defense or to defend a third person from what the officer reasonably believes to be the use or imminent use of force while making or attempting to make an arrest or while preventing or attempting to prevent an escape.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

Use of Force

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 RESPIRATORY RESTRAINTS

The use of a respiratory restraint, also known as a chokehold, is limited to circumstances where deadly force is authorized and if applied, is subject to the same guidelines and requirements as a carotid control hold.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Medford Police Department for this specific purpose.

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers shall use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion) (2020 Oregon Laws c. 3, § 7; 2020 Oregon Laws c. 3, § 8).

300.3.7 VERBAL WARNING PRIOR TO USE OF FORCE

Prior to using physical force, if reasonable to do so, officers shall give a verbal warning that physical force may be used and provide a reasonable opportunity to comply (2020 Oregon Laws c. 3, § 7; 2020 Oregon Laws c. 3, § 8).

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Medford Police Department

Medford PD Policy Manual

Use of Force

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk (2020 Oregon Laws c. 3, § 8):

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.
- (c) An officer may use deadly force to make a lawful arrest when the officer has probable cause to believe that the person has committed a violent felony as defined in ORS 419A.004.
- (d) An officer may use deadly force to prevent a person from escaping custody when the officer has probable cause to believe that the person has committed a violent felony as defined in ORS 419A.004.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

Medford Police Department

Medford PD Policy Manual

Use of Force

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the TASER or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.5.2 ADMINISTRATIVE LEAVE

An officer that is directly involved in a use-of-force incident that results in death or serious physical injury to another person shall be immediately placed on administrative leave with pay, pending administrative review of the incident.

The Chief of Police makes final determination to return the officer to full duty status.

300.5.3 OFFICER WELL-BEING

An officer involved in a use-of-force incident that results in death or serious physical injury to another person shall be seen by a mental health professional at the expense of the City of Medford as soon as possible following the incident and a follow-up visit shall occur within 6 months.

Such visits to a mental health professional shall be handled confidentially and are for the benefit and well-being of the officer. Return to duty status shall not be contingent upon such visits, unless so directed by the Chief of Police.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Use of Force

Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.

Use of Force

3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY

The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.

300.9 FORCE AGAINST ANIMALS

In situations where animals (domestic and wild) pose a threat to officers or other persons, or interfere in the lawful administration of justice, the appropriate level of force may be used to neutralize the threat.

Use of Force

300.10 USE OF FORCE ANALYSIS

At least annually, the Patrol Bureau Commander, or designee (Defensive Tactics Program Manager), should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Use of Force Review Boards

302.1 PURPOSE AND SCOPE

This policy establishes a process for the Medford Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY

The Medford Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions of use of force in an official capacity, or while using department equipment, results in death or serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administration Support Bureau Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Bureau Commander or supervisor of the involved employee to notify the Administration Support Bureau Commander of any incidents requiring board review. The involved employee's Bureau Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD

The Administration Support Bureau Commander should select five Use of Force Review Board members from the following, as appropriate:

- Non-administrative supervisor
- A peer officer
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same bureau as the involved employee will serve as chairperson.

In the event of a serious use of force, board members are at the selection of the Chief of Police.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Procedure, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

Use of Force Review Boards

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Bureau Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

302.5 ANNUAL REVIEW

An annual review will be conducted on all use of deadly force incidents in accordance with the Department Use of Force policy.

302.6 MADIU CALL-OUT

The Jackson County Major Assault and Death Investigation Unit (MADIU) shall be called in to investigate and document any firearm discharge by an officer occurring in Jackson County under the Cooperative Policing Plan that results:

- (a) In an injury or death to any person;
- (b) In a potentially criminal violation; or
- (c) In any other incident at the discretion of the Chief of Police.

Threshold Incidents

303.1 PURPOSE AND SCOPE

Threshold Incidents are defined as those incidents that have a higher probability of litigation.

Medford Police Department shall promptly and thoroughly investigate all threshold incidents to minimize liability exposure to individual personnel, Medford Police Department and the City of Medford.

PROCEDURES:

- 303.01 PRO Responding to Threshold Incidents [See attachment: 303.01 PRO Responding to Threshold Incidents.pdf](#)

303.2 THRESHOLD INCIDENT FACTORS

The following factors should be used to determine if an event should be handled as a threshold incident:

- (a) Any injury to one or more persons or damage to property caused by actions or inactions of members of the Medford Police Department. This includes any injuries or damage caused by (but not limited to) the use of less-lethal weapons, aerosol subject restraints, batons, handcuffs, canine bites, patrol vehicles, forced entry into a residence, etc.;
- (b) Any injury and / or admittance to a medical facility as a result of use of any City-owned equipment (i.e., an accident cause by road construction, or a malfunctioning traffic signal);
- (c) When statements are made by any person indicating an intention to seek litigation against the City of Medford as a result of any police action or an action or inaction by any City of Medford employee; or
- (d) As determined by a supervisor.

303.3 RESPONSE TO THRESHOLD INCIDENTS

A supervisor not directly involved in the incident shall promptly conduct a complete and thorough investigation. Such investigation may include:

- (a) Responding directly to the scene of the incident;
- (b) Conducting recorded interviews of arrestees, witnesses, bystanders, and other involved parties;
- (c) Photographing injuries and property damage;
- (d) Collecting physical evidence;
- (e) Notifying command staff or counsel on further action; and

Threshold Incidents

- (f) Reporting detailed findings and submitting directly to the Division Commander prior to the end-of-watch via Guardian Tracking for incidents involving use-of-force, vehicle pursuits or threshold incidents.

Major Incident Critiques

305.1 PURPOSE AND SCOPE

Medford Police Department supervisors in-charge of operations at major incidents, shall conduct a critique as soon as possible after such events. A **critique** is a detailed analysis of the components of a major event involving participation by all MPD personnel who were involved in the event. The supervisor shall facilitate such critique, coordinating schedules with other supervisors to encourage all involved MPD personnel to participate.

The critique should accomplish the following:

- (a) Identify communication, training, equipment, resources, operating procedures and policy needs; and
- (b) Validate operational procedures, training, policy and equipment used.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Medford Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed Medford Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally.

Handcuffing and Restraints

Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid commingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

Handcuffing and Restraints

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.7.2 PROCEDURE FOR APPLYING LEG RESTRAINTS

Officer shall use the following procedure when applying leg restraints:

- Place the opening of the hobble or leg restraint around both ankles. Take the slack in the strap and wrap around the middle of the ankles and feet of the subject. This will shorten the amount of slack in the strap.
- Attach the clip to the eye-bolts installed in the transport area of the patrol vehicle(s). The strap slack should only be six inches or less in order to limit the mobility of the uncooperative suspect.
- To limit the suspect's mobility it is recommended the officer seatbelt the suspect however, the officer's safety should be considered before doing so.
- Two officer's should be utilized whenever possible when applying the leg restraints.

306.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.

Handcuffing and Restraints

- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

306.9 TRANSPORTING RESTRAINED PERSONS

When transporting a person who has been restrained, officers shall observe the following procedures:

- a. Restrained persons may be transported in a patrol unit. They should be seated in an upright position and secured by a seat belt. The long lead of the restraint should be secured within the interior of the transporting vehicle. When the restrained person cannot be transported in a seated position he/she should be promptly transported to the appropriate facility. Persons in-custody that are restrained shall not be left unattended at any time.
- b. An officer shall accompany any person in custody that is transported to a medical facility. The transporting officer should inform medical personnel that the person should remain in an upright position where practicable. If medical personnel determine that it is in the best interest of the restrained person to be transported while lying down, the person should be kept on his/her side or back with appropriate adjustments to restraints so that the person's arms are not pinned beneath them.
- c. Officers should inform the jail staff that the arrestee was subjected to being restrained by use of a restraint device instead of, or in addition to handcuffing prior to arrival at the jail.

306.10 TRAINING

Subject to available resources, the Training Coordinator should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Flash Sound Diversionary Devices

307.1 PURPOSE AND SCOPE

Within the scope of police operations the preservation of life and to a lesser extent property is paramount. Devices which provide personnel a tactical advantage with which to more safely engage in the furtherance of such goals are, if executed in a reasonable manner, sound police practice. Reasonable utilization of specialized devices which provide distracting stimuli to the visual, auditory and equilibrium systems of a suspect(s), under given conditions and by qualified personnel can safely provide a substantial contribution toward the successful resolution of a critical incident. This policy shall provide guidelines for the training, storage, deployment and reporting requirements with respect to the use of Flash/Sound diversionary devices.

307.2 DEFINITIONS

Flash Sound Diversionary Device - A low explosive device emitting heat, light and sound by means of deflagration. Also known as a Distraction Device (DD) or Noise Flash Diversionary Device (NFDD).

Stinger Grenade - The Stinger Grenade is a combination of Less Lethal Impact Munitions and Diversion Device that emits rubber pellets, light, sound and an optional chemical agent (CS or OC) powder.

307.3 POLICY

It shall be the policy of the Medford Police Department to authorize the use of DD's and Stinger Grenades by authorized personnel under reasonable circumstances, subject to the guidelines and limitations contained within this policy and other Medford Police Policies (Use of Force).

307.4 TRAINING

Only personnel properly trained in the utilization of DD's or Stinger Grenades, in accordance with this section, shall be issued or authorized to deploy a DD or Stinger Grenades. Training on the utilization of DD's and Stinger Grenades shall be conducted by a a trainer certified at instructor level by the manufacturer of the DD or Stinger Grenade utilized by the Department or other recognized body (National Tactical Officers Association).

It shall be the responsibility of the qualified Department employee(s) assigned as DD or Stinger Grenade instructors to ensure that all Department employees issued DD's or Stinger Grenades are trained to a level of competency as specified by the manufacturer of the device and that the training is conducted in a manner reasonably consistent with the manufacturers specifications for operator level certification. Such training shall include actual deployments of live DD's and Stinger Grenades.

Flash Sound Diversionary Devices

If the training is conducted by non-departmental personnel, it shall be the responsibility of the SWAT commander or his/her designee to ensure that Department trainees have received certification to operate the DD or Stinger Grenade in accordance with the manufacturer's specifications for operator level training.

Recertification at the Instructor or Operator level shall follow the requirements and time lines established by the device manufacturer or other certifying organizations. All department personnel issued DD's or Stinger Grenades shall be required to maintain certification or training to operate the device and upon the lapse of such certification or training, the Department DD instructor shall ensure the devices issued to such personnel are returned to the magazine.

307.5 JUSTIFICATIONS FOR USE

The use of a DD or Stinger Grenade is a Use of Force and as such must be objectively reasonable under the circumstances at the time of the deployment. As circumstances may change during the course of an incident, the decision to deploy or not deploy a DD or Stinger Grenade is left to the officer deploying the device.

DD's or Stinger Grenades may be utilized in circumstances in which a suspect(s) pose(s) a reasonable and articulable threat to life or property and use of the DD or Stinger Grenade could assist law enforcement in a safer resolution of the incident. Such incidents may include but are not limited to the following:

- (a) Hostage Rescue.
- (b) Riot Control
- (c) High Risk Search Warrants.
- (d) To provide a distraction to a potentially dangerous suspect to help effect his/her arrest.

- (b) Non-training deployments will be pre-planned based on the criteria of this policy and require supervisory authorization.
- (c) Only personnel trained per this policy may deploy DD's or Stinger Grenades outside of a training environment.

307.6 DEPLOYMENT

Prior to deploying a DD or Stinger Grenade, the deploying officer shall conduct a visual examination of the area in which the device is to be deployed checking for the presence of any factors/conditions which would preclude such deployment. This is referred to as "sighted delivery" and shall be used for all deployments unless extreme emergency situations require the deployment without a visual examination of the area.

Flash Sound Diversionary Devices

307.7 POST DEPLOYMENT

Upon conclusion of the event, the officer deploying the DD or Stinger Grenade will be responsible for the following:

1. Photographing the DD or Stinger Grenade in place.

DD's may be hand thrown, launched or command initiated (on a pole or otherwise) based upon operational needs.

307.10 EXCLUSIONS FOR USE

DD's or Stinger Grenades shall not be used when any of the following conditions or circumstances are present:

- (a) Within the confines or in the immediate vicinity of a known or suspected narcotics lab.
- (b) In any environment within which there is significant concentration/quantity of flammable liquids or explosive gasses.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Program Manager's designee for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

The ASP baton shall be carried in its authorized holder. All uniformed personnel shall carry either the ASP baton or oleoresin capsicum (OC) spray or may choose to carry both.

Plainclothes and non-field personnel may carry the ASP baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal, or against barricaded suspects based on the circumstances.

Only the Watch Commander, Incident Commander, or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY

OC spray shall be carried in its authorized holster. All uniformed personnel shall carry either oleoresin capsicum (OC) spray or the ASP Baton or may choose to carry both.

Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

Control Devices and Techniques

308.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine, or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 TREATMENT FOR OC/CS SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC / CS should be provided with clean water to cleanse the affected areas as the situation allows. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The

Control Devices and Techniques

safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.10 TRAINING FOR CONTROL DEVICES

The Training Coordinator shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified annually.

Control Devices and Techniques

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

308.12 CROWD CONTROL GUIDELINES

Tear gas (e.g., OC, CS, similar chemicals that accomplish the same effect) administered by shell, cartridge, or explosive device shall not be used for crowd control except in circumstances that constitute a riot. A riot is when a person commits the crime of riot if while participating with five or more other persons, the person engages in tumultuous and violent conduct and thereby intentionally or recklessly creates a grave risk of causing public alarm (ORS 166.015; 2020 Oregon Laws, c.8, § 1).

Prior to the deployment of tear gas under these circumstances, [officers_deputies] shall, in the following order (2020 Oregon Laws, c.8, § 1):

- (a) Announce the intent to use tear gas,
- (b) Allow sufficient time for individuals to evacuate the area, and
- (c) Announce for a second time, immediately before usage, the intent to use tear gas.

TASER™ Guidelines

309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER devices.

PROCEDURE:

- PRO 309.01 Using Tasers [See attachment: 309 01 PRO Using Tasers.pdf](#)

309.2 POLICY

The TASER device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the TASER device in a non firearm side holster on the side opposite the duty weapon.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.
- (c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER device at the same time.

309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.

TASER™ Guidelines

- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

309.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.

TASER™ Guidelines

- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

309.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all TASER device discharges. The expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should

Medford Police Department

Medford PD Policy Manual

TASER™ Guidelines

be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

309.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

309.5.8 ADDITIONAL TASER USE GUIDELINES

Officer shall not draw a TASER outside of a Medford Police Department facility, or in the presence of any person in-custody without justification, except under the following circumstances:

- a. Testing the TASER in a discreet location if it was not tested within the police facilities;
- b. Presentation to a supervisor for inspection; or
- c. Securing weapons at the Jackson County Jail or other custodial facility.

TASER's record each weapon's discharge by date and time. Such information shall be made available to any supervisor for audit or administrative review of an incident.

TASER's shall be secured along with the officer's firearms at any custodial facility or other location where officers are required to secure their weapons prior to entering the facility. Such facilities include the secure booking areas at the Jackson County Jail, Jackson County Juvenile Corrections, and Rogue Valley Medical Center Psychiatric Unit.

309.6 DOCUMENTATION

Officers shall document all TASER device discharges in the related arrest/crime report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

309.6.1 GUARDIAN TRACKING REPORT

Items that shall be included in the Guardian Tracking report are:

- (a) Date of the incident.
- (b) Whether the TASER was effective or ineffective
- (c) The reason for the TASER being ineffective, if applicable

The Defensive Tactics Program Manager should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Defensive Tactics Program Manager or

TASER™ Guidelines

designee should conduct audits of data downloads and reconcile TASER device report forms with recorded activations. TASER device information and statistics, with identifying information removed, could periodically be made available to the public.

309.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems
- (f) The number of TASER activations
- (g) The location of probe impact
- (h) The mode in which TASER was used (probe deployment or drive stun)
- (i) Whether the subject sustained any injuries
- (j) Whether the officer sustained any injuries

309.7 MEDICAL TREATMENT

Absent extenuating circumstances which might require medical personnel to remove probes from a person's body, only Sergeant's or Corporals, who are trained in doing so, should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

TASER™ Guidelines

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

309.8 ANNUAL AND BI-ANNUAL INSPECTIONS

The Defensive Tactics Program Manager or designee shall conduct a complete inspection and inventory of all Department TASER's annually and report to the Chief of Police via chain of command. Such inventory may be conducted during monthly Department training.

The Defensive Tactics Program Manager or designee shall inspect all TASER's and:

- (a) Conduct necessary service and maintenance;
- (b) Download the computerized history on each TASER; and
- (c) Re-set the internal time clock.

Service and maintenance may be conducted during monthly Department training.

309.9 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. Photographs of probe sites should be taken and witnesses interviewed.

309.10 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Coordinator. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

TASER™ Guidelines

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Coordinator is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Coordinator should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of an officer

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

PROCEDURE:

- [See attachment: 310.01 PRO Responding to Officer-Involved Shootings.pdf](#)

310.1.1 DEFINITIONS

Involved officer - An officer whose official conduct, or official order to use deadly physical force, was a cause in fact of the death of a person. As used here, "order to use deadly physical force" means an order issued to another officer to use deadly physical force in a specific incident or an order or directive establishing rules of engagement for the use of deadly physical force for a specific incident (ORS 181.789(a)).

An officer whose official conduct was not a cause in fact of the death of a person but whose official involvement in an incident in which the use of deadly physical force by an officer resulted in the death of a person (ORS 181.789(b)):

- Began before or during the use of the deadly physical force; and
- Was reasonably likely to have exposed the officer to greater stresses or trauma than other officers experienced as a result of their involvement in the incident before or during the use of the deadly physical force.

Companion officer -- The companion officer:

- Is an advocate for the needs of the involved officer;
- Is promptly assigned to the officer directly involved in the shooting;
- Provides for the involved officer's needs and well-being until interview by investigators or relieved by other personnel;
- Transports the involved uninjured officer to police facilities, or accompanies the officer to medical facilities along with emergency personnel;
- Keeps the involved officer sequestered from other witnesses and other involved officers;
- Provides opportunity for the involved officer to make personal phone calls and or calls to counsel as soon as possible;

Officer-Involved Shootings and Deaths

- Ensures that the officer does not unload or tamper with his firearm in any way prior to interview with investigators.

310.2 POLICY

The policy of the Medford Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

310.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the suspect's actions.
- (b) A criminal investigation of the involved officer's actions.
- (c) An administrative investigation as to policy compliance by involved officers.
- (d) A civil investigation to determine potential liability.

310.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

310.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Medford Police Department would control the investigation if the suspect's crime occurred in Medford.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

310.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will include at least one investigator from another law enforcement agency (ORS 181A.790).

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

Medford Police Department

Medford PD Policy Manual

Officer-Involved Shootings and Deaths

310.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

310.4.4 INVESTIGATION RESPONSIBILITY MATRIX

The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings:

	Criminal Investigation of Suspect(s)	Criminal Investigation of Officer(s)	Civil Investigation	Administrative Investigation
Medford Police Department Officer in this Jurisdiction	Medford Police Department	Jackson Co. Major Assault / Death Investigation Unit and District Attorney's Office	Medford Police Department Internal Affairs Unit	Medford Police Department Internal Affairs Unit
Allied Agency's Officer in this Jurisdiction	Medford Police Department	Jackson Co. Major Assault / Death Investigation Unit and District Attorney's Office	Involved Officer's Department	Involved Officer's Department
An officer From this department in Another Jurisdiction	Agency where incident occurred	Agency or inter-agency investigative unit dictated by county where incident occurred	Medford Police Department Internal Affairs Unit	Medford Police Department Internal Affairs Unit

310.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

310.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved MPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

Medford Police Department

Medford PD Policy Manual

Officer-Involved Shootings and Deaths

310.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved MPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any MPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Watch Commander and ECSO. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional MPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved MPD officer should be given an administrative order not to discuss the incident with other involved officers or MPD members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

310.5.3 WATCH COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Bureau Commander.

All outside inquiries about the incident shall be directed to the Watch Commander.

310.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Jackson County District Attorney's Office
- Criminal Investigations Bureau Commander

Medford Police Department

Medford PD Policy Manual

Officer-Involved Shootings and Deaths

- Outside agency investigators (if appropriate)
- Internal Affairs Unit supervisor
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- Press Information Officer

310.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal representation will be accommodated.
 1. Involved MPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 2. Requests from involved non-MPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be confidential only as to the discussion of non-criminal information.
- (d) A mental health professional shall be provided by the Department. The Department shall pay for at least two sessions with a mental health professional for each involved MPD officer. The sessions shall take place within six months of the incident, and an involved officer shall attend at least one session. As it relates to this mandatory session, "involved officer" means (ORS 181A.790):
 1. An officer whose official conduct, or official order to use deadly physical force, was a cause in fact of the death of a person.
 2. An officer whose official conduct was not a cause in fact of the death of a person, but who was present before or during the deadly use of force and was reasonably likely exposed to more than a minor degree of stress or trauma.
- (e) A mental health professional may also be provided to any other affected MPD members, upon request.
 1. Interviews with a mental health professional will be considered privileged.
 2. An interview or session with a mental health professional may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a mental health professional prior to providing a formal interview or report.

Medford Police Department

Medford PD Policy Manual

Officer-Involved Shootings and Deaths

3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (f) Communications with peer counselors are confidential (except threats of suicide or admissions of criminal conduct) and may not be disclosed by any person participating in the peer support counseling session (ORS 181A.835). To be considered confidential communications under the statute, the peer counselor must:
 1. Have been designated by MPD or employee assistance program to act as a peer counselor, and;
 2. Have received training in counseling and in providing emotional and moral support to public safety personnel or emergency services personnel who have been involved in emotionally traumatic incidents by reason of their employment.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved officer shall be given reasonable paid administrative leave following an officer-involved shooting. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

310.5.6 DUTY ASSIGNMENT RESTRICTIONS

The Department should not return an involved officer to a duty assignment in which the officer may have to use deadly force for at least 72 hours after an incident where the application of deadly force resulted in the death of a person. The Department shall maintain the regular pay and benefits for any involved officer whose assignment is adjusted pursuant to this section (ORS 181A.790). As it relates to this duty assignment restriction, "involved officer" means (ORS 181A.790):

- (a) An officer whose official conduct, or official order to use deadly physical force, was a cause in fact of the death of a person.
- (b) An officer whose official conduct was not a cause in fact of the death of a person, but who was present before or during the deadly use of force and was reasonably likely exposed to more than a minor degree of stress or trauma.

310.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

Medford Police Department

Medford PD Policy Manual

Officer-Involved Shootings and Deaths

- (a) MPD supervisors and Internal Affairs Unit personnel should not participate directly in any voluntary interview of MPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

310.6.1 REPORTS BY INVOLVED MPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved MPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved MPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved MPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

310.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.

Medford Police Department

Medford PD Policy Manual

Officer-Involved Shootings and Deaths

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

310.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigation Division supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigation Division supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Bureau Commander.

310.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved MPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Internal Affairs Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

Medford Police Department

Medford PD Policy Manual

Officer-Involved Shootings and Deaths

- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/ her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 - 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Internal Affairs Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 - 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
 - 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

310.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

Officer-Involved Shootings and Deaths

310.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

310.10 DEBRIEFING

Following an officer-involved shooting or death, the Medford Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

310.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Support Bureau Commander is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatcher, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Internal Affairs Unit personnel.

310.10.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

310.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be

Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

312.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

312.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty should attend quarterly scheduled firearms training with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least annually. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

312.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit

Medford Police Department

Firearms

a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up
 - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

312.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Bureau Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

Firearms

312.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

312.7.3 WARNING AND OTHER SHOTS

Warning shots or shots fired for the purpose of summoning aid are prohibited.

312.8 RANGEMASTER DUTIES

The range will be under the exclusive control of a certified Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Coordinator after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Coordinator documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Coordinator.

312.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

Medford Police Department

Medford PD Policy Manual

Firearms

- (b) Officers must carry their Medford Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Medford Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the Officer's travel. If approved, TSA will send the Medford Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

312.10 CARRYING FIREARMS OUT OF STATE

Qualified, active officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Medford Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

Firearms

- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Reserve Officers

313.1 PURPOSE AND SCOPE

Medford Police Department employs reserve officers, per OAR 259-008-0005 and ORS 133.005 (4), to conduct photo radar enforcement, pursuant to Oregon Revised Statutes 810.438-439. Reserve officers are supervised within the Community Engagement Division

- Annual Ethics Training
- Annual Blood Borne Pathogens Training
- Annual HAZMAT Training
- Annual Use of Force Review Classroom Training
- Annual OC Recertification Training
- First Aid/CPR/AED (Re)certification
- Annual Firearms Qualification

313.3 DUTY WEAPON STORAGE AND HANDLING IN PHOTO RADAR VANS

Reserve officers shall be armed while conducting photo radar van operations. A department issued Glock model 17 handgun with two fully loaded magazines will be assigned to each radar van.

The handgun shall be stored with a full magazine inserted with one chambered round in a secure lockbox mounted in each radar van.

Reserve officers shall place the loaded department issued handgun in a department issued holster and the second fully loaded magazine in a department magazine holder on their person anytime

At the beginning and end of each shift the reserve officer shall verify the handgun is accounted for in the secure lockbox.

313.4 DUTY WEAPON STORAGE AND HANDLING FOR COURTROOM USE

Reserve officers shall be armed when summoned to appear in court to testify as required by their official position. A department issued Glock model 17 handgun with two fully loaded magazines will be assigned to a safe located in the MPD Armory for the reserve officer to check out for courtroom appearances.

The handgun shall be stored with a full magazine inserted with one chambered round while the Glock model 17 is in the safe.

When summoned to appear for court the reserve officer will remove the department issued handgun from the safe and place it in their department issued holster along with the fully loaded magazines. The reserve officer will check-out the handgun on the Photo Enforcement Program Firearm Check-In/Check-Out sheet.

Vehicle Pursuits

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 POLICE PURSUIT DEFINED

- (a) **MARKED POLICE VEHICLE** -- Police patrol vehicles that are clearly identifiable from a visible distance with distinctive blue and white coloration, "POLICE" decals on each side, and equipped with exterior overhead emergency lights and siren.
- (b) **UNMARKED POLICE VEHICLE** -- All other police vehicles equipped with / or without interior --mount emergency lights and siren.

Vehicle Pursuits

314.2 OFFICER RESPONSIBILITIES

While engaging in a vehicle pursuit Officers must drive with due regard for the safety of all other persons. However, while engaging in a vehicle pursuit, officers are generally not required to follow the rules of the road (Oregon Revised Statutes 820.300). This exemption only applies to emergency vehicles using emergency lights, and sirens (Oregon Revised Statutes 820.300; Oregon Revised Statutes 820.320). This following policy is established to provide Officers with guidelines for driving with due regard and caution for the safety of all persons, as required by Oregon Revised Statutes 820.300(2).

314.2.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle and:

- (a) The suspect is known to have or reasonably suspected to have committed a felony against a person, or is attempting to commit a felony against a person; or
- (b) Whenever the necessity of an immediate apprehension in the case of a misdemeanor or other felony committed against a person outweighs the level of danger created by the pursuit.

No officer shall engage in a high-risk vehicle pursuit for minor traffic violations or violations of Medford Municipal Code.

Scrutiny and review of justification for pursuit will be based on the totality of circumstances **before** the officer initiates action to stop the vehicle. High-speed pursuit should be avoided whenever possible or when an alternative method of apprehension is available.

314.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect(s)' escape.

The factors listed in Policy Manual § 314.21 are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term terminate shall be construed to mean discontinue or to stop chasing the fleeing vehicle(s).

In addition to the factors listed in Policy Manual § 314.21 the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing officers and the fleeing vehicle(s) is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.

Vehicle Pursuits

- (b) Pursued vehicle's location is no longer definitely known.
- (c) Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) Immediately, if so directed by a supervisor.

314.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Whether the pursuit speeds are unsafe for the surrounding conditions.
- (b) Whether the speeds being reached are beyond the driving ability of the officer.
- (c) Whether the speeds are beyond the capabilities of the police vehicle thus making its operation unsafe.

314.2.4 VEHICLE PURSUIT DECISION FACTORS

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety;
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others;
- (c) Apparent nature of the fleeing suspect(s) (e.g., whether the suspect(s) represent a serious threat to public safety);
- (d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time;
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors;

Vehicle Pursuits

- (f) Pursuing officer(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit;
- (g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect;
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit;
- (i) The emergency equipment present on the vehicles used in the pursuit;
- (j) Vehicle speeds;
- (k) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages);
- (l) Availability of other resources; and
- (m) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner(s) in the police vehicle.

314.3 PURSUIT UNITS

Pursuit units should be limited to two vehicles; however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

314.3.1 MOTORCYCLE OFFICERS

A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practical.

314.3.2 VEHICLES WITHOUT OVERHEAD LIGHT BARS

Absent a reasonable alternative, and then only when human life is in immediate danger, department vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers driving units without an overhead light bar should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles. The exemptions provided by ORS 820.300 do not apply to officers using vehicles which do not qualify as emergency vehicles under ORS 801.260.

314.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's

Vehicle Pursuits

vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to themselves or other persons.

Notify ECSO that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of known occupants.
- (f) The identity or description of the known occupants.
- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

In order to concentrate on pursuit driving the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit as soon as practical to a secondary unit or aircraft joining the pursuit, unless practical circumstances indicate otherwise.

314.3.4 SECONDARY UNITS RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

- (a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit
- (c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise

314.3.5 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.

Vehicle Pursuits

2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
1. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 2. Requesting other units to observe exits available to the suspect(s).
 3. Notifying the Oregon State Police and/or other jurisdictional agency when it appears the pursuit may enter that jurisdiction.
- (d) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

314.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved, during or at the termination of the pursuit, unless directed by a supervisor.

Non-pursuing personnel assigned to assist at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road, unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

314.3.7 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.3.8 MANDATORY VEHICLE INSPECTIONS FOLLOWING PURSUITS

At the conclusion of any vehicle pursuit, all involved pursuing police vehicles shall be taken out-of-service as soon as practicable and inspected by a certified auto mechanic. Appropriate repairs shall be made prior to the vehicle being placed back into general patrol service. Such inspections shall include:

Vehicle Pursuits

- (a) Brakes;
- (b) Steering;
- (c) Lighting and emergency lights;
- (d) Body and structural damage; and
- (e) Other repairs as appropriate.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that aircraft are requested if available.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Control and manage MPD units when a pursuit enters another jurisdiction.
- (j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

314.4.1 WATCH COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Bureau Commander.

Vehicle Pursuits

314.5 ECSO

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved officers should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

314.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, ECSO will:

- (a) Clear the channel on which the pursuit is being broadcast.
- (b) Coordinate pursuit communications of the involved units and personnel.
- (c) Notify and coordinate with other involved or affected agencies as practical.
- (d) Ensure that a field supervisor is notified of the pursuit.
- (e) Assign an incident number and log all pursuit activities.
- (f) Broadcast pursuit updates as well as other pertinent information as necessary.
- (g) Notify the Watch Commander as soon as practical.

314.5.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

No officer shall be reprimanded or disciplined for choosing to discontinue a vehicle pursuit.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS

MPD officers engaged in a vehicle pursuit entering another jurisdiction outside of the City of Medford shall obey terms of the Jackson County Inter-Agency Pursuit Agreement, found in the Cooperative Policing Agreement, Appendix 4.

Officers from other police agencies engaged in a vehicle pursuit that enters the Medford city limits are bound by terms of the Cooperative Policing Plan.

MPD watch commanders are authorized to terminate any vehicle pursuit within the Medford city limits by policy and the Jackson County Inter-Agency Pursuit Agreement under the Cooperative Policing Plan.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

Vehicle Pursuits

314.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable it or forcibly position it such that further flight is not possible or practical.

314.7.1 WHEN USE AUTHORIZED

In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

314.7.2 DEFINITIONS

- (a) **Blocking or Vehicle Intercept** - A very low speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a slow moving or stopped suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block. MEDFORD POLICE DEPARTMENT DOES NOT AUTHORIZE BLOCKING OR VEHICLE INTERCEPT AS METHODS OF TERMINATING VEHICLE PURSUITS.
- (b) **Boxing-in** - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop. MEDFORD POLICE DEPARTMENT DOES NOT AUTHORIZE BOXING-IN AS A METHOD OF TERMINATING VEHICLE PURSUITS.
- (c) **Ramming** - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop. MEDFORD POLICE DEPARTMENT DOES NOT AUTHORIZE RAMMING AS A METHOD OF TERMINATING VEHICLE PURSUITS.
- (d) **Roadblocks** - A tactic designed to stop a violator's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator's vehicle. This tactic is also often referred to as a roadblock, barricade or blockade. MEDFORD POLICE DEPARTMENT DOES NOT AUTHORIZE ROADBLOCKS AS A METHOD OF TERMINATING VEHICLE PURSUITS.
- (e) **Pursuit Intervention Technique (PIT)** - is a low speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit

Vehicle Pursuits

- (f) **Spikes or Tack Strips** - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

314.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers who have not received certified departmental training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed. officers officers officers

- (a) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.
- (b) The use of spike strips should be deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a vehicle transporting hazardous materials, or a school bus transporting children officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle. If the pursued vehicle is a motorcycle, spike strips should not be used, unless deadly force is justified.
- (c) Officers shall not utilize blocking, vehicle intercept, boxing-in, ramming, or roadblocks as a means of terminating a vehicle pursuit.

314.7.5 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit . Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.7.6 ROADBLOCKS

Medford Police Department does not implement nor participate in roadblocks as a means to stop a fleeing vehicle under any circumstances.

"Roadblock" is defined as blocking the roadway using vehicles or other solid objects for purposes of physically terminating vehicle pursuits or other suspect apprehension.

Street closures due to accidents, parades, emergency conditions, etc. are not considered roadblocks in this context.

314.8 REPORTING REQUIREMENTS

The following reports should be completed to comply with appropriate local and state regulations:

- (a) The primary officer shall complete appropriate crime/arrest reports prior to end-of-watch.
- (b) A field supervisor shall complete a Guardian Tracking report prior to end-of-watch and forward up the chain of command.
- (c) The crime/arrest report and Guardian Tracking report should include:
 - 1. Date, time and temporal length of the pursuit;
 - 2. Geographic length of the pursuit, including starting and termination points;
 - 3. List of involved units and officers, including officers from outside agencies;
 - 4. List of involved patrol vehicles, which should be taken out-of-service for necessary brake and equipment inspections;
 - 5. Initial reason for the pursuit, prior to activation of overhead lights;
 - 6. Disposition: arrest, citation, etc. Arrestee information should be provided if applicable;
 - 7. Injuries and / or property damage;

 - 10. A preliminary determination, simply stating whether or not the pursuit appears to be within policy compliance;
 - 11. Issues of possible necessary changes to policy, tactics, training and equipment needs; and
 - 12. Determine need for additional review or follow up.

Guardian Tracking or other pursuit critiques shall be forwarded to the Administrative Sergeant for filing and kept separate from all related incident and arrest reports and shall not be entered into the Records Imaging system.

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

314.8.2 POLICY REVIEW

Each member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

314.8.3 ANNUAL REVIEW

During the first calendar quarter of each year, Patrol Bureau Commander will ensure that an annual review of all vehicle pursuit incidents for the previous calendar year is conducted. The analysis will focus on the effectiveness and trends in the use of vehicle pursuits that might suggest training or equipment needs, or policy modification. Specific detail including items such as officer names, case numbers, location of occurrence are not needed for this purpose and therefore will not be part of this process.

Officer Response to Calls

316.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

PROCEDURES:

- 316.01 PRO Responding to Robbery Alarms [See attachment: 316.01 PRO Responding to Robbery Alarms.pdf](#)
- 316.02 PRO Responding to Burglary Alarms [See attachment: 316.02 PRO Responding to Burglary Alarms.pdf](#)

316.1.1 DEFINITIONS

- (a) **EMERGENCY RESPONSE** -- Situations justifying emergency response include, but are not limited to:
 - 1. Officer needs assistance;
 - 2. Life-threatening emergencies;
 - 3. Violent crimes in progress; and
 - 4. Vehicle pursuits.
- (b) **IMMEDIATE RESPONSE** -- Situation justifying immediate response include, but are not limited to:
 - 1. Crimes in progress;
 - 2. Disturbance calls;
 - 3. Non-injury traffic accidents;
 - 4. Officer requesting back-up;
 - 5. Calls involving a pending arrest;
 - 6. Urgent situation where use of emergency lights and / or siren may be detrimental to the apprehension of the violator; and
 - 7. Any other non-life-threatening situation where a prompt response is necessary.
- (c) **OVERTAKING VIOLATORS** -- Officers may overtake violators in compliance with ORS 820.300. However, in doing so officers shall drive with due regard for the safety of all persons and must weigh risk versus benefit at all times.
- (d) **PURSUIT DRIVING** -- Pursuit driving involves the pursuit and apprehension of fleeing violators who are attempting to avoid arrest as demonstrated by evasive driving tactics.

Officer Response to Calls

- (e) **ROUTINE RESPONSE** -- Normal or routine vehicle operation that is consistent with the normal flow of traffic; obedience to all vehicle laws under Oregon Revised Statutes; and adherence to reasonably acceptable common courtesy and rules of the road where response time is not a factor.

316.2 RESPONSE TO CALLS

Officers shall proceed immediately to calls that are of an emergency nature. A code 3 response should be considered when available information reasonably indicates that a person is threatened with injury or death, a felony property crime is in progress, or serious property damage is imminent and a more immediate law enforcement response is needed to mitigate injury, property loss, or to apprehend the suspect(s).

Officers responding Code 3 shall operate emergency lights and siren as is reasonably necessary pursuant to ORS 820.300 and ORS 820.320. Officers shall only use the wail and yelp function of the siren as an emergency sound. The hi-lo function of the siren is not considered an emergency sound pursuant to OAR 735-110-0000(8) and OAR 735-110-0010(1-3).

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons.

ORS 820.320(2) allows officers to omit the use of emergency lights and siren if it reasonably appears that the use of either or both would prevent or hamper the apprehension or detection of a violator. Except as stated in the previous sentence, Officers who fail to use appropriate warning equipment, are not exempt from following the rules of the road (ORS 820.300).

Officers responding to non-emergency calls shall observe all traffic laws and proceed without the use of emergency lights and siren.

- (a) Situations justifying emergency response include, but are not limited to:
 - 1. Officer needs assistance;
 - 2. Life-threatening emergencies;
 - 3. Violent crimes in progress; and
 - 4. Vehicle Pursuits.
- (b) Officers should adhere to the following guidelines in any emergency response:
 - 1. Officers shall broadcast over the radio that they are responding "Code 3" prior to any emergency response;
 - 2. Officers should not exceed twice the posted speed limit for the roadway they are driving on;
 - 3. When the posted speed limit is 45 mph or greater, no emergency response should exceed 85 mph (this also applies to unposted 55 mph roadways);

Officer Response to Calls

4. During an emergency response, an officer exceeding the speed guidelines shall immediately broadcast his speed and purpose over the involved radio frequency; and
5. Supervisors shall monitor radio traffic and may direct the responding officer to reduce speed when the supervisor believes the risks are not merited.

Officers' decisions in emergency responses are based on those guidelines, coupled with road, weather, distance, traffic, and the necessity for expedient response.

316.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify ECSO.

If circumstances permit, the requesting officer should give the following information:

- (a) The unit number,
- (b) The location,
- (c) The reason for the request and type of emergency, and
- (d) The number of units required to rapidly regain control of the situation.

316.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

316.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify ECSO. Generally, only one unit should respond Code-3 to any situation. Should another officer believe a Code-3 response is appropriate, ECSO shall be notified and the Watch Commander or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

316.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections as may be necessary for safe operation.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights

Officer Response to Calls

and siren at the legal speed limit. In such an event, the officer should immediately notify ECSO. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

316.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance;
- (b) Immediately notify the Watch Commander;
- (c) Confirm the location from which the unit is responding;
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance);
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated; and
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor.

316.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated;
- (b) No more than those units reasonably necessary under the circumstances are involved in the response; and
- (c) Affected outside jurisdictions are being notified as practical.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call;

Officer Response to Calls

- The necessity of a timely response;
- Traffic and roadway conditions; and
- The location of the responding units.

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or ECSO of the equipment failure so that another unit may be assigned to the emergency response.

High Risk Vehicle Stops

317.1 PURPOSE AND SCOPE

This policy will establish this Department's use of high risk vehicle stop techniques.

317.1.1 POLICY

Medford Police Department conducts high-risk vehicle stops on vehicles that are driven by individuals believed to be armed or potentially armed, or believed to be dangerous to officers and / or the public where such tactics are justifiable, pursuant to Oregon Revised Statutes 810.410 (3f.).

Techniques for procedures are developed to minimize the threat to the officers and the public and to maximize safety for the officers, the public and the vehicle occupants, themselves.

317.2 HIGH RISK STOP TRAINING

Medford Police Department trains all field personnel annually on procedures involving high risk vehicle stops.

Canines

318.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

- (b) **CANINE** -- Refers to both police service and narcotics detection dogs.
- (c) **CANINE TEAM** -- Both the canine and the assigned handler.
- (d) **CRIME OF VIOLENCE** -- An offense that has the use, attempted use or threatened use of physical force against the person or property of another, or any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense (Title 18 USC Section 16).
- (e) **HANDLER** -- The officer to whom the canine is assigned.
- (f) **PROGRAM SUPERVISOR** -- Assigned supervisor who is responsible for overall training, care and service readiness of the canine teams.

(8 USCS § 1101); *Lara-Cazares v. Gonzales*, 408 F.3d 1217, 1221-1222 (9th Cir. 2005)

318.1.2 USE OF CANINE TEAMS

Canine teams may be used under the following circumstances:

- (a) Searching buildings and open areas for suspects when the officer has reasonable cause to believe the person has committed a serious offense, a threat of violence or has a previous history of violence, and the use of that level of force is appropriate. Under such circumstances, a verbal warning should precede the use of the police canine, where feasible;
- (b) To stop the flight of a fleeing suspect whenever the officer has reasonable cause to believe the person has committed a serious offense, a threat of violence or has a history of violence, and the use of that level of force is appropriate; In all cases

Canines

employed to accomplish a legitimate tactical objective. Under such circumstances, a verbal warning should precede the use of the police canine, where feasible;

- (c) In defense of an officer or persons who may be in immediate danger and / or where lesser force would be ineffective;
- (d) Searching for physical evidence;
- (e) Searching for outstanding suspects and lost or missing persons;
- (f) To clear vehicles in high-risk situations;
- (g) To search for narcotics in conjunction with a valid search warrant or consent search or whenever probable cause exists to search for narcotics / dangerous drugs pursuant to current search and rescue laws;
- (h) Presentations and demonstrations to the public;
- (i) Supportive services to other police agencies pursuant to the Jackson County Cooperative Policing Plan; and
- (j) Other unspecified support services to the Department.

318.2 POLICY

It is the policy of the Medford Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

318.2.1 INCAPACITATED CANINE OFFICER PROCEDURES

In the event a handler becomes injured, unconscious or otherwise incapacitated, one or more of the following steps should be followed to aid the handler:

- (a) Officers should attempt to secure the canine prior to approaching the injured handler, except in an emergency;
- (b) Another handler or person familiar with canine training should be summoned immediately to the scene to assist;
- (c) The training bite sleeve should be obtained from the handler's patrol vehicle to entice the canine to a secure location away from the handler--possibly to the canine patrol vehicle; or
- (d) Contact Jackson County Animal Control to assist.

318.2.2 PROHIBITED USE OF THE CANINE

The canine shall not be used for:

- (a) Searching for animals;

Canines

- (b) Escorting prisoners into any jail facility; or
- (c) Any situation where the use-of-force is inappropriate.

Patrol dog teams may not transport persons in-custody, except in emergencies or with Watch Commander or Program Supervisor approval.

318.2.3 REQUIREMENTS OF OTHER ASSISTING OFFICERS

Department members shall:

- (a) Respond to instructions given by the handler at a crime scene or incident where the canine is deployed;
- (b) Not attempt to pet, or otherwise become friendly with a canine without the consent of the handler, or the handler being present;
- (c) Not attempt to tease, harass, give commands, entice into disobeying the handler's commands, or engage in any tumultuous behavior in the presence of a canine;
- (d) Be cautioned on attempting to apprehend a fleeing suspect where a canine has been deployed;
- (e) Avoid entering an area where a canine is to be deployed to conduct a search, but instead maintain a secure perimeter; and
- (f) Remain following behind the canine and handler while pursuing any suspect fleeing on foot and to not approach a stopped suspect only at the direction of the handler.

318.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Patrol Bureau to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Watch Commander.

318.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol Bureau Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.

Canines

- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

318.5 REQUESTS FOR CANINE TEAMS

Patrol Bureau members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Bureau shall be reviewed by the Watch Commander.

318.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

318.5.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

318.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

Canines

- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

318.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

Canines

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

318.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

318.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

If the local public health administrator has exempted this department from the requirement to hold the canine after a bite, the canine handler shall notify the local public health administrator immediately should the canine develop any abnormal behavior within 10 days of biting a person (OAR 333-019-0024).

318.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions

Canines

and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

318.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

318.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

318.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- (a) An officer who is currently off probation.
- (b) Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).
- (c) A garage that can be secured and can accommodate a canine vehicle.
- (d) Living within 30 minutes travel time from the Medford City limits.
- (e) Agreeing to be assigned to the position for a minimum of three years.

Canines

318.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
- (d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Medford Police Department facility.
- (e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.
- (j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.
- (k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.
- (l) Handlers should not tether a canine in a manner that would violate ORS 167.325(1); ORS 167.330(1); and/or ORS 167.343.

318.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

Canines

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

318.10 ANNUAL REPORT

The Canine Program Supervisor shall submit an annual report to the Chief of Police via chain-of-command, which includes the following:

- (a) Statistical reports from each canine team that include:
 - 1. Number of deployments;
 - 2. Suspect captures;
 - 3. Bites;
 - 4. Evidence located;
 - 5. Assists to MPD officers;
 - 6. Assists to outside agencies;
 - 7. Call-outs from off-duty; and
 - 8. Public demonstrations.
- (b) Statistical reports from each canine team trained in narcotics detection that include:
 - 1. Total quantities for each type of narcotics located and seized;
 - 2. Any cash seized; and
 - 3. Administrative searches (i.e., schools, airport, etc.).
- (c) An evaluation of the performance of each canine team and assigned agitators;
- (d) An assessment of the vehicles assigned to canine teams;
- (e) An assessment of kennel conditions;
- (f) Future training and equipment needs; and
- (g) Future events, goals and planning.

318.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

Canines

318.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current Oregon Police Canine Association (OPCA) standards or other accredited and recognized animal handling organization standards (ORS 167.310). Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Commander.

318.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to OPCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Medford Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.
- (d) All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or the Watch Commander.

318.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing OPCA canine certification standards, or other accredited or recognized animal handling organization standards, shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

318.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

318.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using, or transporting controlled substances or explosives for canine training

Canines

purposes must comply with federal and state requirements. Alternatively, the Medford Police Department may work with outside trainers with the applicable licenses or permits.

318.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 823(f); ORS 475.135).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Medford Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

318.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

320.2 POLICY

The Medford Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate

Domestic Violence

the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence, and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigation Division in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When

Medford Police Department

Medford PD Policy Manual

Domestic Violence

reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 - 11. The social status, community status, or professional position of the victim or suspect.

320.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

320.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

320.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

Domestic Violence

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer who has probable cause to believe there are circumstances for a mandatory arrest or that a victim is in immediate danger of abuse may apply for an emergency protective order with the consent or permission of the victim (ORS 133.035).

320.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

320.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a

Medford Police Department

Medford PD Policy Manual

Domestic Violence

violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.8.1 SERVICE OF COURT ORDERS

Officers should, if requested and practicable, serve any unserved restraining order when called to the scene of a disturbance. Any officer serving such a restraining order shall ensure that a copy of proof of service is returned to the Sheriff for entry into the Law Enforcement Data System (LEDS) and the National Crime Information Center (NCIC) system (ORS 107.720).

320.8.2 RETURN OF FIREARMS

Weapons taken into custody for safekeeping under §320.8 will be returned to the lawful owner following the 30-day waiting period unless the seizing officer or the assigned detective has placed a hold on the weapons pending judicial review. Once the petition has been ruled on by the court, the weapons will be released or disposed of in accordance with the court order.

Prior to releasing any weapon, Property personnel shall conduct the background checklist to ensure the person receiving the weapons is in fact eligible to legally possess them. Upon successful completion of the background checklist by Property personnel, the weapons shall be returned to the owner.

Such background investigation shall include:

- (a) District Attorney's disposition;
- (b) Municipal Court disposition;
- (c) LEDS (wants / corrections client);
- (d) NCIC wants;
- (e) Driving record;
- (f) FBI;
- (g) CCH;

Domestic Violence

- (h) Mental Health check; and
- (i) Supervisor's approval.

320.8.3 SERVICE OF EMERGENCY PROTECTIVE ORDERS

An officer who obtains an emergency protective order for a victim shall provide the victim with a certified copy and ensure that a certified copy of the order and the supporting declaration for the order is filed with the court (ORS 133.035).

The officer who obtained the emergency protective order shall serve the respondent personally. Upon completion of the service, the officer shall file a proof of service with the court and ensure that the order is entered into LEDS. If service cannot be completed within one day of the order's entry, the officer shall notify the court (ORS 133.035).

If an officer receives a termination order from the court, the officer shall ensure that the order is promptly removed from LEDS (ORS 133.035).

320.9 STANDARDS FOR ARREST

- (a) Officers who respond to an incident of domestic disturbance and have probable cause to believe an assault has occurred between family or household members as defined in ORS 107.705, or who believe that one such person has created in the other a fear of imminent serious physical injury, shall arrest and take into custody the alleged assailant or potential assailant (ORS 133.055).
- (b) Dual arrests are not required (ORS 133.055). Officers shall make reasonable efforts to identify and arrest the primary assailant in any incident. In identifying the primary assailant, an officer shall consider:
 - 1. The comparative extent of the injuries inflicted or the seriousness of threats creating a fear of physical injury.
 - 2. If reasonably ascertainable, the history of domestic violence between the persons involved.
 - 3. Whether any alleged crime was committed in self-defense.
 - 4. The potential for future assaults.
- (c) Once a suspect has been arrested under the provisions of ORS 133.055, the suspect shall be taken to jail. Officers have no authority to release the arrested person.
- (d) Officers shall arrest and take a suspect into custody when the officer has probable cause to believe that a restraining order or emergency protective order has been issued, a copy of the order and proof of service on the suspect have been filed, and the suspect has violated the terms of the order (ORS 133.310).

Domestic Violence

320.10 REPORTS AND NOTIFICATIONS

Officers should document in their report that they provided each domestic violence victim with a copy of the department's domestic violence victim information handout (ORS 133.055).

Reporting officers should also provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

320.10.1 EMERGENCY PROTECTIVE ORDERS

The Records Manager shall ensure that a system is in place that provides officers at the scene of an alleged violation of an emergency protective order of the terms and existence of the protective order (ORS 133.035).

320.11 ASSISTANCE TO VICTIMS OF DOMESTIC VIOLENCE

A designated Criminal Investigations Division supervisor shall review daily all domestic violence cases from the previous 24 hours, or on the first business day following a weekend and / or holiday.

If the case has been assigned to a CIS Detective for follow-up, the Detective shall accompany the Domestic Violence Advocate in making in-person contact with the victim(s). Such interview shall occur within the 24 hours following police receiving notification of the event, which involves an arrest or pending arrest, or on the first day following a weekend and / or holiday.

If the case has not been assigned to a CIS Detective, the Criminal Investigations Division supervisor shall contact the daywatch Watch Commander or other supervisor to arrange for a uniformed officer to accompany the Domestic Violence Advocate to make in-person contact with the victim(s) of the domestic violence event. This also shall occur within the 24 hour time frame following the domestic violence event, or as soon as the Domestic Violence Advocate is available to respond for such interview.

The accompanying officer shall:

- (a) Conduct follow-up interviews with the victim(s);
- (b) Collect any relevant physical evidence associated with the domestic violence event or other crimes;
- (c) Photograph any injuries or other evidence involving the victim(s); and
- (d) Complete a continuation report on the above actions.

Search and Seizure

322.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Medford Police Department personnel to consider when dealing with search and seizure issues.

322.2 POLICY

It is the policy of the Medford Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

REFERENCES:

- 322.01 REF Miranda Warnings [See attachment: 322.01 REF Miranda Warnings.pdf](#)

322.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Search and Seizure

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

322.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation; the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Raid Planning

323.1 PURPOSE AND SCOPE

Officers shall prepare a structured raid plan, if possible prior to conducting a forced entry into a structure to:

- (a) Rescue a person held as a hostage;
- (b) Serve a search or arrest warrant; or
- (c) Conduct an entry where on any occasion where an armed confrontation or other officer safety consideration may be expected upon entry.

Any raid plan shall have officer safety as the highest consideration and shall have uniformed officer(s) involved on-scene in the plan.

All officers on the scene of a raid shall be wearing Department-issued soft body armor or other tactical ballistic vest.

PROCEDURES:

- 323.01 PRO Conducting a Raid [See attachment: 323.01 PRO Conducting a Raid.pdf](#)

FORMS:

- 323.02 FRM Tactical Operations Plan [See attachment: 323.02 FRM Tactical Operations Plan.pdf](#)

323.2 CRITIQUE

A critique of the raid should be conducted soon after completion of the raid detail and should include all involved personnel.

Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Medford Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or those who may be victims is provided in the Child Abuse Policy.

324.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This includes a juvenile taken into protective custody pursuant to a court order or without an order when there is reasonable cause to believe that (ORS 419B.150; ORS 419B.152):

- (a) An imminent threat of severe harm to the child exists.
- (b) The child poses an imminent threat of severe harm to self or others.
- (c) An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists.
- (d) The child has run away from home.

This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes a juvenile who possesses a handgun in violation of ORS 166.250 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

324.2 POLICY

The Medford Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Medford Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Medford Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Medford Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

324.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Medford Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Medford Police Department without authorization of the arresting officer's supervisor or the Watch Commander.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond five hours from the time of his/her entry into the Medford Police Department (ORS 419B.160; ORS 419C.130).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Medford Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible (ORS 419B.165; ORS 419B.168; ORS 419B.152). Juvenile non-offenders may not be held in secure custody (34 USC § 11133; ORS 419B.160).

Prior to releasing a non-offender to the noncustodial parent, officers shall run a criminal records check on the noncustodial parent and any adults in the same home as the noncustodial parent (ORS 419B.165).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

324.4.3 CUSTODY OF JUVENILE OFFENDERS

Generally, a juvenile offender may be taken into custody:

- (a) When it reasonably appears that the juvenile is a fugitive from another state (ORS 419C.145).
- (b) When there is a court order endorsed as provided in ORS 419C.306 and directing that the juvenile be taken into custody (ORS 419C.080).
- (c) When, if the juvenile were an adult, he/she could be arrested without a warrant (ORS 419C.080).

Temporary Custody of Juveniles

An officer shall take a juvenile into custody when the officer has probable cause to believe the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or a destructive device (ORS 419C.080).

Generally, an officer may issue a citation in lieu of taking the juvenile into custody if a citation may be issued for the same offense and under the same circumstances to an adult. If a citation in lieu of custody is issued, a copy of the citation shall be sent to the District Attorney (ORS 419C.085).

Juvenile offenders should be held in non-secure custody while at the Medford Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

324.4.4 EXCEPTIONS TO RELEASE OF JUVENILE OFFENDERS

A juvenile offender shall be released to the custody of the juvenile's parent, guardian or other responsible person, except in any of the following circumstances (ORS 419C.100):

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Medford Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

Temporary Custody of Juveniles

324.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Medford Police Department shall ensure the following:

- (a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Medford Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Medford Police Department more than five hours.

- (c) Personal visual checks and significant incidents/activities shall be noted on the log.

324.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Medford Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Medford Police Department.

324.11 SECURE CUSTODY

Only juvenile offenders 14 years or older may be placed in secure custody. Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

Temporary Custody of Juveniles

324.14 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

- Within two hours where a resident's health or safety is in imminent danger or the resident recently died, was hospitalized or was treated in an emergency room.
- Prior to the end of the next working day if circumstances exist that could result in abuse and place the resident's health or safety in imminent danger.

adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.6.1 DHS ASSISTANCE

An officer shall cooperate with DHS when assistance is requested by written notice to gain access to an abused person and the officer believes that there is reasonable cause that a crime has been committed and an emergency exists that requires access to the person to ensure his/her safety (ORS 124.065; ORS 430.743; OAR 411-020-0085).

326.7 INTERVIEWS

326.7.1 PRELIMINARY INTERVIEWS

Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:

The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Division supervisor should:

- (b) Activate any available interagency response when an officer notifies the Investigation Division supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

326.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

Discriminatory Harassment

328.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

This policy also applies to department elected officials (ORS 243.319).

328.2 POLICY

The Medford Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS

Definitions related to this policy include:

328.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law (ORS 659A.030; ORS 659A.082; ORS 659A.112).

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to the department policy and to a work environment that is free of discrimination.

- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission (EEOC) and the Oregon Bureau of Labor and Industries' Civil Rights Division.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

328.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

328.4 RESPONSIBILITIES

This policy applies to all department members, who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Personnel Director, or the City Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

 - 1. Unless a member objects in writing, a supervisor designated by the Chief of Police shall follow up with a member once every three months for a year following the date on which the member reported the incident to determine whether the alleged harassment has stopped or if the member has experienced retaliation (ORS 243.321).
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

328.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

328.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation (ORS 659A.199).

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Personnel Director, or the City Manager.

328.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

Child Abuse

330.1 PURPOSE AND SCOPE

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

330.2 POLICY

The Medford Police Department will investigate all reported incidents of alleged criminal child abuse and ensure that DHS is notified as required by law.

330.3 MANDATORY NOTIFICATION

Members of the Medford Police Department shall notify DHS when a report of child abuse is received or when there is reasonable cause to believe that a child has suffered abuse (ORS 419B.010).

For purposes of notification, a child is an unmarried person under 18 years of age (ORS 419B.005(2)).

For purposes of notification, abuse of a child includes but is not limited to assault or physical injury of a non-accidental nature; rape, sexual abuse, or sexual exploitation, including contributing to the sexual delinquency of a minor; threatened harm; negligent treatment or maltreatment; buying or selling a child; unlawful exposure to a controlled substance or to the unlawful manufacturing of a cannabinoid extract; permitting a child to enter or remain in or upon premises where methamphetamines are manufactured; or any other act described in ORS 419B.005(1)(a).

330.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (OAR 413-015-0305):

- (a) Verbal notification to DHS shall be made immediately to the Oregon Child Abuse Hotline when the officer determines that the report of alleged abuse or neglect requires an immediate joint response.
- (b) Verbal, electronic transmission, or hand-delivered notification to DHS of all other reports of child abuse or neglect shall be made by the end of the next business day.
- (c) Notification, when possible, should include:

Child Abuse

1. The name and contact information of the confidential reporter.
2. The name, address, and age of the child.
3. The name and address of the child's parents or other person who is responsible for care of the child.
4. The nature and extent of the abuse or neglect, including any evidence of previous abuse or neglect.

When the abuse occurs at a facility or by a person from a facility that requires a state license from the Oregon Employment Department, Child Care Division (e.g., child care facility), notification shall also be made to that agency. If the alleged child abuse occurred in a school or was related to a school-sponsored activity, notification shall be made to the Department of Education (ORS 419B.020).

330.3.2 JUVENILE INTERVIEWS IN SCHOOLS

Any juvenile student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of school staff to be present. The purpose of the staff member's presence is to provide comfort and support and such staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship.

Prior to interviewing a student while attending school, the investigating officer shall contact a school administrator (Principal, Assistant Principal or Dean) and present circumstances that necessitate interview during school hours and obtain consent from the school official to conduct the interview.

330.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child-appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

Child Abuse

- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 418.747).

330.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, an officer shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.5.1 KARLY'S LAW

In all cases of suspicious physical injury to a child, the investigating officer shall, in accordance with any relevant county multidisciplinary team protocols, (ORS 419B.023):

- (a) Immediately photograph or caused to be photographed any visible injuries or any injuries identified by the child if practicable, and in the manner described in ORS 419B.028.

Child Abuse

- (b) Ensure that photographs of the injuries are distributed to the designated medical professional and placed in any relevant files by the end of the next regular business day or within 48 hours, whichever occurs later (ORS 419B.028(2)).
- (c) Ensure that a designated medical professional conducts a medical assessment of the child within 48 hours or sooner, according to the child's medical needs. If a designated medical professional is unavailable for the assessment, the investigating officer must ensure that the child is evaluated by an available physician.

330.5.2 INVESTIGATIONS ON SCHOOL PREMISES

When an investigation of child abuse is conducted on school premises, the investigating officer shall first notify the school administrator of the investigation, unless the school administrator is a subject of the investigation. The investigator shall present identification to school staff members. The investigator is not required to reveal information about the investigation to the school as a condition of conducting the investigation. At the investigator's discretion, the school administrator or a school staff member designated by the school administrator may be present to facilitate the investigation. Prior to any interview with the affected child, the investigating officer shall be advised of the child's disabling conditions, if any. These provisions apply to an investigation that involves an interview with the suspected victim of abuse or witnesses and not to investigations or interviews of a person suspected of having committed the abuse (ORS 419B.045).

330.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DHS. Generally, removal of a child from his/her family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ORS 419B.150):

- (a) When there is reasonable cause to believe any of the following:
 - 1. An imminent threat of severe harm to the child exists

Child Abuse

2. The child poses an imminent threat of severe harm to self or others
 3. An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists
- (b) When the juvenile court has issued a valid order that the child is to be taken into protective custody
- (c) When it reasonably appears that the child has run away from home

330.6.1 NOTICE TO PARENTS

When an officer takes a child into protective custody, if possible, the officer shall:

- (a) Make reasonable efforts to immediately notify the child's parents or guardian, regardless of the time of day.
- (b) Advise the reason the child has been taken into custody.
- (c) Provide general information about the child's placement and the telephone number of the local DHS office, including any after-hours telephone numbers (ORS 419B.020).

330.6.2 SAFE HAVEN PROVISION

A parent may leave an infant who is not more than 30 days old at an authorized facility, including this department, as long as the child has no evidence of abuse (ORS 418.017).

When an infant is surrendered to this department, members of the Medford Police Department shall follow the provisions set forth in ORS 418.017.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not involuntarily detain a child who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.

Child Abuse

3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
 - (b) A court order or warrant has been issued.

330.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.8.1 COURT ORDERS FOR PRESERVATION OF EVIDENCE

When an officer is taking a child into protective custody and has reasonable cause to believe that the child has been affected by sexual abuse and rape, and that physical evidence of the abuse exists and is likely to disappear, the court may authorize a physical examination for the purpose of preserving evidence, if such examination is in the best interest of the child (ORS 419B.020).

330.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Division supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigation Division supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

Child Abuse

330.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigation Division supervisor so an interagency response can begin.

FORMS:

- 334.02 FRM Amber Alert Checklist
- 334.03 FRM Emergency Alert System -- Amber Alert Message

334.2 POLICY

Public alerts may be employed using the Emergency Alert System (EAS), local radio, television and press organizations and other groups to notify the public of incidents, or enlist the aid of the public, when the exchange of information may enhance the safety of the community. Various types of alerts may be available based upon each situation and the alert system's individual criteria.

An AMBER Alert should not be used if the child is a runaway or has been abducted as a result of a child custody situation, unless the child may be in danger of serious bodily harm or death.

334.4.2 PROCEDURE

The AMBER Alert Web Portal is used to post the appropriate alert information.

Prior to posting the AMBER Alert message, consideration should be given to ensuring adequate staffing for the tip line, 9-1-1 lines and any media line. Reassigning personnel from other units or requesting mutual aid from other agencies should be considered.

Medford Police Department actively abates houses that denigrate the livability of their neighborhoods based on drug activity in violation of ORS 105.555 to 105.580, or blight in violation of Medford Code 5.500, or combination of both.

A **"blight house"** is a residence that has fallen below a normal, acceptable level of habitation, due to garbage accumulation, abandoned vehicles, unacceptable health standards, dysfunctional plumbing, or structural deterioration.

Medford Police Department utilizes both traditional police enforcement and non-traditional techniques using all available resources to abate drug and blight houses.

The program uses a coordinated code enforcement technique and negotiates with property owners to improve their properties and obtain law-abiding tenants.

The code enforcement technique insists that property owners comply with housing, safety and health codes. Properties are refurbished by the owners to become code compliant habitable housing, or face abatement or closure.

Tenants may be evicted in the process if necessary by legal means.

340.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Medford Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

340.1.1 MISCONDUCT DEFINED

MISCONDUCT -- The commission of a crime or any violation of policy, rule, procedure; or any conduct that may tend to cause embarrassment to the Medford Police Department, the City of Medford, or the accused employee.

340.2.1 SERGEANT'S FILE

Each Sergeant and Program Manager maintains a confidential Sergeant's File, which is a working personnel file for each subordinate employee supervised under their respective command. It is a file kept separate from the personnel files maintained in the Office of the Chief of Police and Human Resources Department. The file can be maintained in digital format on the Sergeant's department issued computer.

Each file contains information for evaluation purposes during the current rating period. Such file may contain any of the following performance-related documents:

- (a) Commendations,
- (b) Reprimands,
- (c) Significant case work,
- (d) Threshold incidents,
- (e) Memorandums, and

340.2.2 POSSIBLE DISCIPLINARY ACTIONS

Upon a finding of a sustained complaint, the following possible disciplinary actions are administered as follows:

- (a) **Counseling / Training** -- In the event of minor employee misconduct involving a minor procedural mistake or judgment error, an employee will generally be counseled and / or provided with training appropriate to the situation. Such incidents may be documented in the Division Commander's file. They are removed after one year, pending no further similar activity occurs.
- (b) **Written Reprimand** -- If employee conduct is relatively more serious in nature, or is part of a continuing pattern of behavior involving repeated minor misconduct or mistakes, an employee will generally be issued a written reprimand. Documentation of a written reprimand is in memorandum format and placed in the employee's personnel file and the Division Commander's file. It is retained under terms of the Collective Bargaining Agreement.
- (c) **Suspension** -- In the event of a relatively very serious employee misconduct, or a continuing pattern of employee behavior that involves repeated misconduct, the employee may be recommended for suspension.
- (d) **Discharge** -- In the event employee misconduct is so grave, or is a continuing pattern of behavior that involves repeated misconduct that continued employment is no longer appropriate, the employee may be recommended for discharge. If an investigation of employee misconduct results in discharge, the employee shall receive written notice that includes the following information:

Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

Standards of Conduct

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

Standards of Conduct

340.4.1 DUTY TO INTERVENE AND REPORT MISCONDUCT

An officer who observes another officer engaging in misconduct shall intervene to prevent or stop the conduct unless the officer cannot intervene safely. An officer who witnesses such conduct shall report the misconduct to a supervisor as soon as practicable, but not later than 72 hours after witnessing the misconduct (2020 Oregon Laws, c.5, § 2).

342.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Report Preparation

344.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

344.1.1 REPORT PREPARATION

Official police reports should be composed using the designated Department computerized report writing system. Specific forms not found in the computerized system may be handwritten on preprinted forms found in the Officer's Report Writing Room.

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

- (b) All felony crimes
- (c) Non-felony incidents involving threats or stalking behavior

Report Preparation

- (i) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor

344.2.3 DEATH CASES

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with Death Investigations Policy. An officer handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

344.2.5 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require a report when:

- (a) The injury is a result of drug overdose.
- (b) Attempted suicide.
- (c) The injury is major/serious, whereas death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

344.2.6 ALTERNATE REPORTING FOR VICTIMS

Reports that may be submitted by the public via online or other self-completed reporting processes include:

- (a) Lost property.

Report Preparation

Members at the scene of one of the above incidents should not refer the reporting party to an alternate means of reporting without authorization from a supervisor. 344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable.

Reports shall be submitted prior to the end of watch, shift or work period during which the reported event occurred, unless expressly excused by a supervisor.

Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

344.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for departmental consistency.

344.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

Forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

344.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should unapprove the report and return to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

344.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Division for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Division may be corrected or modified by the authoring employee only with the knowledge and authorization of the reviewing supervisor.

346.2.1 MEDIA REQUEST

All information released to the media should be coordinated through the department Press Information Officer or other designated spokesperson.
 2. Whenever the presence of media or other aircraft poses a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for TFRs should be routed through the Watch Commander. Department members shall not jeopardize a tactical operation in order to accommodate the news media. To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

348.6.1 TESTIMONY

Before the date of testifying, the subpoenaed member shall request a copy of relevant reports and become familiar with the content in order to be prepared for court.

348.6.2 SIMULTANEOUS VIDEO GRAND JURY TESTIMONY

The Jackson County District Attorney's Office prefers that testimony to the Grand Jury occur in person, but acknowledges that due to scheduling conflicts, police agency staffing, training issues, and other extenuating circumstances that simultaneous video testimony is a viable option. It is the policy of the JCDA Office that case agents in Measure 11 and domestic violence cases **must** appear in person to testify to the grand jury. Secondary officers in those cases can appear if necessary by simultaneous video. In other cases involving a victim, who is scheduled to appear at grand jury, it is the **preference**, of the JCDA's Office that case agents make every attempt to appear in person before requesting simultaneous video testimony. Officers shall notify their supervisors as soon as practicable that they will be testifying via video rather than in person.

348.6.3 SIMULTANEOUS VIDEO PROCESS

The preferred option is Apple Facetime and requires the person testifying to have an Apple device, while the second option is Skype, which requires the person testifying to have a Skype account. If an officer/witness requires simultaneous video testimony the officer/witness (or agency on behalf

of the officer/witness) must contact the JCDA Office Grand Jury Clerk who is assigned to that specific day of grand jury at least one day in advance. When contacting this clerk the officer/witness must provide the phone number that the Facetime will occur on, or the Skype address that will be used. The officer/witness will be contacted by the JCDA Office on Facetime or Skype at or as near as possible to the time their case is scheduled for Grand Jury, and should remain available for 10-20 minutes after testifying in the event the Grand Jury has clarifying questions after other witnesses testify.

348.6.4 SIMULTANEOUS VIDEO PROTOCOL AND ATTIRE

When using simultaneous video for grand jury testimony the officer/witness must be in a room or vehicle alone. During the testimony no kids, pets, or other adults can be present. Officer must present in a professional manner and be dressed in a department uniform or business attire.

348.7 OVERTIME APPEARANCES

When a member appears in court on his/her off-duty time, he/she will be compensated in accordance with the current memorandum of understanding or collective bargaining agreement.

Mutual Aid and Outside Agency Assistance

352.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to officers in the request of or answering the request for assistance involving another law enforcement agency.

It is the policy of this department to provide assistance whenever possible, consistent with the applicable laws of arrest and detention policies of this department, when another law enforcement agency requests assistance with an arrest or detention of any person, pursuant to the Jackson County Cooperative Policing Plan, Appendix 2 (Mutual Aid Agreement). This department may also request an outside agency to provide assistance.

352.1.1 ASSISTING OUTSIDE AGENCIES

Generally, calls for assistance from other agencies are routed to the Watch Commander for approval. When an authorized employee of an outside agency requests the assistance of this department in taking a person into custody, available officers shall respond and assist in making a lawful arrest. If an officer receives a request in the field for assistance, that officer shall notify a supervisor. Arrestees may be temporarily detained by our agency until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to other county facilities.

When such assistance is rendered, a case number will be issued to report action taken by Medford Police Department Personnel. Probation violators temporarily detained by this department will not ordinarily be booked at this department.

Medford Police Department shall respond for calls for assistance outside the Medford city limits, except under the following circumstances:

- (a) Whenever in a supervisor's opinion resources to the city of Medford would be jeopardized or otherwise diminished to an unacceptable level by such response; or
- (b) To investigate any non-emergency situation where the City of Medford is not an involved party.

Nothing in this General Order precludes an employee from Medford Police Department from leaving the city limits to complete assignments and investigations.

352.1.2 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES

If assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of his/her intentions. The handling officer or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting officer should secure radio frequencies for use by all involved agencies so that communication can be coordinated as needed. If necessary, reasonable effort should be taken to provide radio equipment capable of communicating on the assigned frequency to any personnel who do not have compatible radios.

Hospitalized Prisoners

355.1 PURPOSE AND SCOPE

Medford Police Department shall maintain custody of persons arrested by this Department who have been admitted to a medical treatment facility, but have not yet been medically cleared for booking into a custodial facility, pursuant to this policy.

Registered Offender Information

356.1 PURPOSE AND SCOPE

PROCEDURES:

- 356.01 PRO Registering Sex Offenders [See attachment: 356.01 PRO Registering Sex Offenders.pdf](#)
- 356.02 PRO Notifications on Unsupervised Predatory Sex Offenders [See attachment: 356.02 PRO Notifications on Unsupervised Predatory Sex Offenders.pdf](#)

356.3 REGISTRATION

Sex offenders in any of the above categories are required to register at one of several criminal justice locations including any law enforcement agency, community corrections department or juvenile department. Registration information is entered into the offender's Law Enforcement Data System (LEDS) sex offender record. Sex offenders must report in person to one of those locations:

- Within 10 days of being ordered by a court or being released from a jail or correctional institution.
- Annually, within 10 days of their birthday.
- Within 10 days of a change of residence

All assigned employees will receive appropriate training regarding the sex offender registration process.

Medford Police Department

Medford PD Policy Manual

Registered Offender Information

A system is established and maintained that will reasonably accommodate registrants as they seek to register. The system should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance.

New registrant and updated offender registration information will be entered into Tiburon in a timely manner so as to be made available to Patrol and Investigation Division personnel.

A process is established and maintained to legally verify that a registrant remains in compliance with his/her registration requirements after the initial registration.

356.3.1 CONTENTS OF REGISTRATION

Registrants shall (ORS 163A.010; OAR 257-070-0110):

- (a) Provide the information to complete the sex offender registration form and sign it.
- (b) Submit to photographs, including photographs of scars, marks or tattoos, when initially reporting and each time the registrant reports annually.
- (c) Submit to fingerprinting, if required.

356.4 MONITORING OF REGISTERED OFFENDERS

Medford Police Department officers monitor activities of known registered sex offenders residing in and frequenting the vicinity of the City of Medford.

This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information in LEDS, NCIC, and on the State of Oregon Sex Offender Inquiry System.
- (c) Contact with a registrant's parole or probation officer.
- (d) Confirming a registrant's address and annual registration compliance through in-person contact with the registrant, his family, or roommate(s) at the home address provided by the registrant.

Any discrepancies should be documented in a police report. If registrant is found to be out of compliance with ORS 181.812, the police report should be sent to the District Attorney's office requesting an arrest warrant for the registrant.

Medford Police Department personnel routinely disseminate information regarding registered offenders within the department and appropriately to surrounding police agencies, including timely updates regarding new or relocated registrants that are received from the Oregon State Police Sex Offender Registration Unit.

356.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public

safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the Sex Offender Inquiry System (<http://sexoffenders.oregon.gov/>), or the Medford Police Department's website.

The Records Manager shall release local registered offender information to residents in accordance with state law and in compliance with Oregon Public Records Law requests (ORS 163A.215; ORS 163A.225; ORS 192.311 to ORS 192.499).

356.5.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register, who are in compliance with the offender registration laws and who the law permits to be included.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The information on the registry may not reflect the entire criminal history of a registered offender.
- (e) Anyone who uses information contained in the registry to harass or discriminate against registrants or commit any crime may be subject to criminal prosecution and/or civil action.

356.6 DEPARTMENTAL DISSEMINATION OF INFORMATION

Medford Police Department proactively conducts compliance checks on known registered sex offenders and persons required to register as sex offenders. Officers may provide information to the public regarding a person required to register as a sex offender pursuant to Oregon Revised Statutes 181.805 to ORS 181.810; ORS 181.812; ORS 181.814 to ORS 181.817; ORS 181.820; ORS 181.836 to ORS 181.840; ORS 181.843 and ORS 181.845) at the direction of the Chief of Police.

Included with all public disclosures of information about any registered sex offender will be a statement that the purpose of the release is to allow members of the public to protect themselves and their children from sex offenders.

Death Investigation

360.1 PURPOSE AND SCOPE

FORMS:

362.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of "identity theft" shall initiate a report for victims residing within the jurisdiction of this department. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 1. For any victim not residing within this jurisdiction, the officer shall take a courtesy report to be forwarded to the victim's residence agency and should encourage the victim to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

Identity Theft

- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

- (f) A Records Specialist may enter the identity theft victim's information into the Oregon Law Enforcement Data System (LEDS) following receipt of a completed Identity Theft System Entry Consent Form and a selected password from the victim.

Bar Checks

363.1 PURPOSE AND SCOPE

Medford Police Department conducts routine checks of bars, taverns and restaurants where alcoholic beverages are served and similarly licensed establishments for violations of Medford Municipal Ordinances, Oregon Liquor Control Commission (OLCC) regulation violations, and other violations of state laws.

363.2 LOITERING IN BARS

No Medford Police Department employees shall conduct any personal business nor loiter in a bar or licensed establishment while either on-duty or in uniform.

364.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to ORS 133.220(5).

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another person for any crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime. A person making such an arrest shall, without unnecessary delay, take the arrested person before a magistrate or deliver the arrested person to a peace officer (ORS 133.225).

In making an arrest, a private person may use the amount of force they reasonable believe is necessary to make the arrest or to prevent the arrested person's escape.

364.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is probable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 - 1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 - 2. Absent probable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should

Private Persons Arrests

advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

- (b) Whenever an officer determines that there is probable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
 - 1. Take the individual into physical custody for booking.
 - 2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.

364.5 REPORTING REQUIREMENTS

Officers shall complete a narrative report regarding the circumstances and disposition of the incident in all incidents involving an arrest by a private person. The investigating officer shall complete a detailed report, whether or not the officer accepted the arrest.

364.6 SHOPLIFT ARRESTS

In shoplifting arrests where the victim, store proprietor or other responsible person can ensure the maintenance of a proper chain of evidence, the recovered property shall remain in the possession of the person or facility making the arrest. In such case the investigating officer shall obtain a written report on the event from the victim, store proprietor or other responsible person.

Limited English Proficiency Services

368.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

368.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Medford Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

368.2 POLICY

It is the policy of the Medford Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

368.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Bureau Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Medford Police Department

Medford PD Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Medford Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Communications Supervisor. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

368.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

368.5 TYPES OF LEP ASSISTANCE AVAILABLE

Medford Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

368.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

368.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

368.7.1 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

368.8 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

368.8.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

Limited English Proficiency Services

368.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

368.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

368.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Medford Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

368.10.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in ECSO, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Medford Police Department

Medford PD Policy Manual

Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

368.11 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

368.12 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

Limited English Proficiency Services

368.13 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

368.13.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who cannot readily understand or communicate the English language shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

368.14 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

368.15 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

368.16 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

Limited English Proficiency Services

368.17 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures; including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Coordinator shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

368.17.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Coordinator shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

370.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

370.2 POLICY

It is the policy of the Medford Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107) who will be the Operations Bureau Deputy Chief and the Support Bureau Deputy Chief.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Medford Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

Communications with Persons with Disabilities

- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

370.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

370.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Medford Police Department

Medford PD Policy Manual

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Medford Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE

Medford Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

Communications with Persons with Disabilities

370.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

370.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Medford Police Department

Medford PD Policy Manual

Communications with Persons with Disabilities

370.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

370.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Medford Police Department

Medford PD Policy Manual

Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

370.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

370.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

Medford Police Department

Medford PD Policy Manual

Communications with Persons with Disabilities

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

370.14.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who is deaf, has a physical hearing impairment or physical speaking impairment shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

370.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

370.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

370.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

Communications with Persons with Disabilities

370.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Coordinator shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Stalking

376.1 PURPOSE AND SCOPE

This policy establishes procedures for the investigation and enforcement of stalking complaints (ORS 163.730 et seq.).

376.2 POLICY

Stalking behavior frequently results in serious injury and emotional trauma to victims and it is the policy of the Medford Police Department to ensure that complaints of stalking will be given high priority and that every formal stalking complaint will be thoroughly investigated and forwarded to the District Attorney's Office.

376.3 UNIFORM STALKING COMPLAINT

The Department will make available an Oregon Uniform Stalking Complaint form to any person desiring to file a stalking complaint regardless of where the violation is alleged to have occurred. Officers will provide reasonable assistance as necessary to petitioners to properly complete and sign the form.

Upon receipt of a Uniform Stalking Complaint, officers shall complete a thorough investigation. All stalking incident reports and the results of any investigation shall be forwarded to the District Attorney's Office within three days, regardless of whether any civil or criminal action was taken (ORS 163.744; ORS 163.738(7)).

376.4 UNIFORM STALKING CITATION

If after investigating a stalking complaint the officer has probable cause to believe that the offense of stalking has occurred as provided in ORS 163.732(1), the officer shall issue and attempt to serve a Uniform Stalking Citation to the respondent to appear in court within three judicial days of service to determine if a Stalking Protective Order will be issued (ORS 163.735; ORS 163.738).

376.4.1 SERVICE OF STALKING CITATIONS

If the Uniform Stalking Citation is served on a respondent, the District Attorney's Office will initiate the hearing process. Officers should:

- (a) Advise the respondent of the following:
 - 1. The court date and time and location of appearance
 - 2. The contents of the citation and the state and federal law restrictions contained on the front and back of the respondent's copy of the citation
 - 3. That if the respondent fails to appear at the hearing, a warrant will be issued for their arrest, as well as a Stalking Protective Order
 - 4. That engaging in behavior that alarms or coerces the petitioner may result in their arrest

Stalking

- (b) Provide a copy to the petitioner and advise the petitioner that they must also appear at the hearing or the complaint will be dismissed and the Stalking Protective Order will not be issued.

If there is probable cause to issue a citation, but the citation is not served, officers should:

- (a) Document attempts to serve the respondent.
- (b) Refer the victim to the following for assistance in obtaining a civil Stalking Protective Order:
 - 1. A private attorney
 - 2. Legal Aid
 - 3. The District Attorney's office Victim Assistance Unit

376.5 ARREST

Officers may arrest or cite a suspect for any criminal offense committed (including stalking) if the statutory elements have been met, as well as issue a (civil) Uniform Stalking Citation; the two actions are not mutually exclusive.

376.5.1 STALKING PROTECTIVE ORDERS

Once the court issues a Stalking Protective Order and it is served on the respondent, officers may arrest the respondent for violating the terms of the order (ORS 163.750).

376.6 RESTRAINING ORDERS

Court stalking orders and restraining orders are different and are not mutually exclusive. Stalking reports may be appropriate even if a valid restraining order is in place.

Restraining Orders

377.1 PURPOSE AND SCOPE

Medford Police Department enforces violations of restraining orders issued by a judge. This policy establishes this Department's actions in response to violations of restraining orders.

REFERENCES:

- 377.01 REF Federal Firearms Prohibitions Involving Protection Orders [See attachment: 377.01 REF Federal Firearms Prohibitions Inv Protection Orders.pdf](#)

377.2 OFFICER'S RESPONSE TO RESTRAINING ORDER VIOLATIONS

Officers shall assist the petitioner or respondent as directed by terms of the restraining order. Such assistance may include:

- (a) A civil stand-by to facilitate removal of personal effects from the residence for no more than a 20-minute duration;
- (b) Recovering custody of children; and
- (c) Removing and seizing firearms for safekeeping or as evidence to further determine if a federal firearms prohibition violation exists.

377.3 NO CONTACT ORDERS

In the event of a No Contact Order, which should not be confused with a Restraining Order, Medford Police Department shall not provide a civil stand-by to anyone who is the subject of a No Contact Order. In such case, the suspect would have to obtain a written release from the judge who issued the order, or advise the suspect to have an uninvolved third party retrieve belongings.

Chaplains

378.1 PURPOSE AND SCOPE

This policy establishes the guidelines for Medford Police Department chaplains to provide counseling or emotional support to members of the Department, their families and members of the public.

378.2 POLICY

The Medford Police Department shall ensure that the department chaplains are properly appointed, trained and supervised to carry out their responsibilities without financial compensation.

378.3 ELIGIBILITY

- (c) Having a good reputation in the community.
- (d) Successful completion of an appropriate-level background investigation.
- (e) A minimum of five years of successful counseling experience.
- (f) Possession of a valid driver license.

The Chief of Police may apply exceptions for eligibility based on organizational needs and the qualifications of the individual.

378.4 RECRUITMENT, SELECTION AND APPOINTMENT

The Medford Police Department shall endeavor to recruit and appoint only those applicants who meet the high ethical, moral and professional standards set forth by this department.

All applicants shall be required to meet and pass the same pre-employment procedures as department personnel before appointment.

378.4.1 RECRUITMENT

Chaplains should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity and nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in and an ability to assist the Department in serving the public. Chaplain candidates are encouraged to participate in ride-alongs with department members before and during the selection process.

Chaplains

378.4.2 SELECTION AND APPOINTMENT

Chaplain candidates shall successfully complete the following process prior to appointment as a chaplain:

- (c) Interview with the Chief of Police and the chaplain coordinator.
- (d) Successfully complete an appropriate-level background investigation.
- (e) Complete an appropriate probationary period as designated by the Chief of Police.

Chaplains are volunteers and serve at the discretion of the Chief of Police. Chaplains shall have no property interest in continued appointment. However, if a chaplain is removed for alleged misconduct, the chaplain will be afforded an opportunity solely to clear his/her name through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

378.5 IDENTIFICATION AND UNIFORMS

As representatives of the Department, chaplains are responsible for presenting a professional image to the community. Chaplains shall dress appropriately for the conditions and performance of their duties. Uniforms and necessary safety equipment will be provided for each chaplain. Identification symbols worn by chaplains shall be different and distinct from those worn by officers through the inclusion of "Chaplain" on the uniform and not reflect any religious affiliation.

Chaplains will be issued Medford Police Department identification cards, which must be carried at all times while on-duty. The identification cards will be the standard Medford Police Department identification cards, with the exception that "Chaplain" will be indicated on the cards. Chaplains shall be required to return any issued uniforms or department property at the termination of service.

Chaplains shall conform to all uniform regulations and appearance standards of this department.

378.6 CHAPLAIN COORDINATOR

The Chief of Police shall delegate certain responsibilities to a chaplain coordinator. The coordinator shall be appointed by and directly responsible to the Administration Support Bureau Commander or the authorized designee.

The chaplain coordinator shall serve as the liaison between the chaplains and the Chief of Police. The function of the coordinator is to provide a central coordinating point for effective chaplain management within the Department, and to direct and assist efforts to jointly provide more productive chaplain services. Under the general direction of the Chief of Police or the authorized designee, chaplains shall report to the chaplain coordinator and/or Watch Commander.

The chaplain coordinator may appoint a senior chaplain or other designee to assist in the coordination of chaplains and their activities.

Chaplains

The responsibilities of the coordinator or the authorized designee include, but are not limited to:

- (a) Recruiting, selecting and training qualified chaplains.
- (b) Conducting chaplain meetings.
- (c) Establishing and maintaining a chaplain callout roster.
- (d) Maintaining records for each chaplain.
- (e) Tracking and evaluating the contribution of chaplains.
- (f) Maintaining a record of chaplain schedules and work hours.
- (g) Completing and disseminating, as appropriate, all necessary paperwork and information.
- (h) Planning periodic recognition events.
- (i) Maintaining liaison with other agency chaplain coordinators.

An evaluation of the overall use of chaplains will be conducted on an annual basis by the coordinator.

378.7 DUTIES AND RESPONSIBILITIES

Chaplains assist the Department, its members and the community, as needed. Assignments of chaplains will usually be to augment the Patrol Bureau. Chaplains may be assigned to other areas within the Department as needed. Chaplains should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

All chaplains will be assigned to duties by the chaplain coordinator or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Department or the public into a religious affiliation while representing themselves as chaplains with this department. If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Medford Police Department.

378.7.1 COMPLIANCE

Chaplains are volunteer members of this department, and except as otherwise specified within this policy, are required to comply with the Volunteer Program Policy and other applicable policies.

378.7.2 OPERATIONAL GUIDELINES

- (b) Generally, each chaplain will serve with Medford Police Department personnel a minimum of eight hours per month.

Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

380.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Medford Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

380.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Medford Police Department

Medford PD Policy Manual

Child and Dependent Adult Safety

380.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

380.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

380.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

380.5 TRAINING

The Training Coordinator is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

382.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Medford Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

382.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

382.2.1 STATE LAW

Oregon law expands the definition of a service or assistance animal to include a dog or other animal designated by administrative rule that is individually trained to do work or perform tasks for the benefit of an individual (OAR 839-006-0345).

382.2.2 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

Service Animals

382.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Medford Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as the result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Public Safety Video Surveillance System

384.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

384.2 POLICY

The Medford Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

384.3 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

384.3.1 PLACEMENT AND MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

Cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public safety video surveillance system may be useful for the following purposes:

- (a) To prevent, deter and identify criminal activity.
- (b) To target identified areas of gang and narcotics complaints or activity.
- (c) To respond to critical incidents.

Public Safety Video Surveillance System

- (d) To assist in identifying, apprehending and prosecuting offenders.
- (e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers.
- (f) To augment resources in a cost-effective manner.
- (g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in the Watch Commander's office and ECSO. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Watch Commander or trained ECSO personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

384.3.2 CAMERA MARKINGS

All public areas monitored by public safety surveillance equipment shall be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs should be well lit, placed appropriately and without obstruction to ensure visibility.

384.3.3 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

384.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

Public Safety Video Surveillance System

384.4.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

384.4.2 PROHIBITED ACTIVITY

Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Public safety video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target individuals or groups based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Video surveillance equipment shall not be used to harass, intimidate, or discriminate against any individual or group.

384.5 STORAGE AND RETENTION OF MEDIA

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule.

384.5.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

384.6 RELEASE OF VIDEO IMAGES

All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Medford Police Department.

Medford Police Department

Medford PD Policy Manual

Public Safety Video Surveillance System

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Watch Commander for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

Volunteer Program

386.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

PROCEDURES:

- 386.01 PRO Court Liaison Detail [See attachment: 386.01 PRO Court Liaison Detail.pdf](#)

A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

386.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement

of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

386.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

386.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver's license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

386.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department

assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

386.2.8 LIABILITY COVERAGE

Liability coverage for covered volunteers will be pursuant to City provisions.

386.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

386.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

Volunteer Program

386.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty.

Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

386.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing and department approved driver safety course.
- (b) Verification that the volunteer possesses a valid Oregon Driver's License.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and volunteers are not authorized to operate a Department vehicle Code-3.

386.5.2 RADIO USAGE

Volunteers shall successfully complete radio procedures training prior to using the police radio and comply with all related provisions. The Volunteer Coordinator should ensure that radio training is provided for volunteers whenever necessary. Volunteers complete CJIS training upon approval for service and annually thereafter.

386.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

Off-Duty Law Enforcement Actions

389.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Medford Police Department with respect to taking law enforcement action while off-duty.

389.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

389.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

389.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

389.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Medford Police Department officer until acknowledged. Official identification should also be displayed.

389.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

389.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

389.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

389.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Bias-Based Policing

402.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Medford Police Department's commitment to policing that is fair and objective (ORS 131.920).

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

See the Personnel Complaints Policy regarding acceptance of complaints alleging profiling and investigation of such complaints.

402.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, language, religion, sex, sexual orientation, gender identity or expression, economic status, homelessness, age, cultural group, disability, political affiliation or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement. This includes profiling as defined by ORS 131.915.

402.2 POLICY

The Medford Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

402.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

402.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

Bias-Based Policing

402.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.4.2 REPORTING TRAFFIC AND PEDESTRIAN STOPS

Each time an officer makes an officer-initiated traffic or pedestrian stop, the officer shall record the required stop data in the method and manner prescribed by the Oregon Criminal Justice Commission (OCJC) (2017 Oregon Laws, c. 706 § 2).

402.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
 - 1. Supervisors should document these discussions, in the prescribed manner.
- (b) Supervisors should periodically review Mobile Audio/Video (MAV) recordings, portable audio/video recordings, Mobile Digital Computer (MDC) data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

402.6 STATE REPORTING

402.6.1 STATE REPORTING TO LAW ENFORCEMENT CONTACTS POLICY AND DATA REVIEW COMMITTEE

The Chief of Police shall annually provide Law Enforcement Contacts Policy and Data Review Committee (LECC) the following (ORS 131.925):

Medford Police Department

Medford PD Policy Manual

Bias-Based Policing

(a) LEA Annual Profiling Complaint Certification Form

1. This form is to be submitted by the Chief of Police, even if no profiling complaints were received by the department.

(b) LEA Profiling Complaint Summary Form

1. Copies of profiling complaints received by the department
2. If no profiling complaints have been received, this form does not need to be submitted.

The Professional Standards Sergeant will be responsible for providing the Chief of Police with all complaints of alleged profiling for the Law Enforcement Contacts Policy and Data Review Committee (LECC) established per HB2002. The Professional Standards Sergeant will also be responsible for receiving complaints from the LECC.

Summaries of complaints and copies of complaints provided to LECC will be redacted of personal information.

The Medford Police Department should provide LECC, upon request, data regarding stops or contacts as identified in ORS 131.906(5). Data provided may not identify an officer or an individual whose demographic data is collected. (ORS 131.906).

402.6.2 STATE REPORTING TO OREGON CRIMINAL JUSTICE COMMISSION

The Medford Police Department shall provide the OCJC with traffic and pedestrian stop data annually as prescribed by 2017 Oregon Laws, c. 706 § 2.

Data may not include information that reveals the identity of any stopped individual or of any officer (2017 Oregon Laws, c. 706 § 2).

402.7 ADMINISTRATION

The Patrol Bureau Commander should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police. The annual report should not contain any identifying information about any specific complainant, citizen, or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

402.8 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Training Coordinator.

402.8.1 DEPARTMENT OF PUBLIC SAFETY STANDARDS AND TRAINING

The Training Coordinator should ensure that officers receive training implemented by the Department of Public Safety Standards and Training regarding procedures to facilitate the collection of officer-initiated traffic and pedestrian stop data (ORS 131.935).

Greenway Health and Safety Program

403.1 SCOPE AND PURPOSE

The purpose of this policy is to ensure there is a program in place for maintaining a healthy and safe environment along the Bear Creek Greenway within the City of Medford. The Medford Police Department recognizes there is a need for specially trained personnel to respond appropriately to the needs of all citizens using the Bear Creek Greenway. A seven mile section of the Bear Creek Greenway runs through the heart of Medford. It is a park with a paved path for recreation and commuting. The Greenway runs along Bear Creek through many parks and bridges. There are several areas obstructed from view due to thick vegetation along the Bear Creek Greenway. Over the years there has been an increase in individuals experiencing homelessness building encampments along the Bear Creek Greenway in those areas of thick vegetation. In addition there has been an increase in trash and biological waste that are polluting the waterway. The Medford Police Department will address these needs in balance with the overall mission of this department. Therefore these officers will consider the following policy sections when serving the citizens of the community.

403.2 POLICY

It is the policy of the Medford Police department to have personnel with specialized training provide law enforcement services to respond to the complex issues along the Bear Creek Greenway. Officers that wish to be a part of the Greenway Health and Safety Program will receive additional training to provide fair and equitable law enforcement services to members of the community to include homeless persons.

403.3 GREENWAY HEALTH AND SAFETY PROGRAM TRAINING

Officers will receive training on policy 464 Homeless Persons. The homeless person's policy is very complex and provides specific guidelines for how we are to handle contacts with homeless persons and their personal property, which frequently happens along the Bear Creek Greenway. It is important for Health and Safety Officers to understand the legal requirements for seizing a homeless person's property and for cleaning homeless encampments. Health and Safety Officers will need to be familiar with the Greenway by knowing proper jurisdiction as well as public and private property ownership status. Health and Safety Officers will receive training on mapping programs such as the ArcGIS Explorer mapping application to help determine jurisdiction, property ownership and encampment status. Additional training may be provided using the ArcGIS Collector application to document camp and dumpsite areas along the Greenway. Officers will also be required to stay current on case law and trends involving the rights of homeless persons.

403.4 GREENWAY HEALTH AND SAFETY ENFORCEMENT AND OUTREACH OPERATIONS

These operations will be conducted in collaboration with, but not limited to the following: other law enforcement agencies, local social service agencies and non-profit service providers. The

Greenway Health and Safety Program

operation goal is to provide a clean and safe environment for the public when using the Bear Creek Greenway by connecting persons experiencing homelessness on the Greenway with services. We believe we can help them transition into programs, shelter and housing.

403.4.1 POSTING OF ILLEGAL ENCAMPMENTS

Officers are required to post illegal homeless encampments along the Bear Creek Greenway with signs both in English and Spanish prior to removing personal property and or homeless persons from an established campsite on public property pursuant to Medford Municipal code 5.257 (Prohibited Camping). Once a campsite has been posted the individuals have to vacate within 24 hours of the posting.

403.5 ENFORCEMENT AND OUTREACH OPERATIONS

These operations should be supervised by a Sergeant or Corporal and may be supervised by an officer with the approval of the program supervisor. It is our goal to conduct these operations in collaboration with other law enforcement agencies. We additionally invite local social service agencies and some non-profits as part of our outreach (ie. Veterans Administration social workers and crisis workers from Jackson County Mental Health). Before deploying on an operation all personnel involved shall attend a briefing for safety updates and for the logistics and focus of the operation.

These operations should generally be conducted in the late evening hours into the early morning. This increases the likelihood of reaching more individuals that are experiencing homelessness and camping along the Greenway

403.5.1 CLEAN-UP OPERATIONS

Clean up operations are vital to the success of the program. Two Police Officers and at least one Community Service Officer will direct a Jackson County Community Justice Work crew to the cleanup locations. The officers will give direction to the cleanup crew supervisor and provide security while the work crew cleans the location. The CSO will operate a truck for the transportation of trash from the cleanup site to the dumpster. Cleanup operations should be conducted immediately following an Enforcement and Outreach Operation.

403.6 GREENWAY SAFETY PATROLS

Greenway Safety Patrols will be conducted by Police Officers along the Greenway focusing on areas where there are illegal homeless encampments, trespass problems and other areas they are directed to. These patrols will focus on the reduction of illegal activity and connecting individuals in need of services with the proper resources.

Patrol Briefing Training

404.1 PURPOSE AND SCOPE

Patrol Briefing training is generally conducted before a patrol officer's assigned shift. Patrol Briefing training provides an opportunity for important exchange between employees and supervisors. A supervisor generally conducts Patrol Briefing training; however officers may conduct Patrol Briefing for training purposes with supervisor approval.

Patrol Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations
- (b) Notifying officers of changes in schedules and assignments
- (c) Notifying officers of new General Order or changes in General Order
- (d) Reviewing recent incidents for training purposes
- (e) Providing training on a variety of subjects

PROCEDURES:

- 404.01 PRO Daily Briefing

404.2 PREPARATION OF MATERIALS

The supervisor conducting Patrol Briefing training is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes.

404.3 RETENTION OF PATROL BRIEFING TRAINING RECORDS

Patrol Briefing training materials and a curriculum or summary shall be forwarded to the Training Coordinator for inclusion in training records, as appropriate.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 POLICY

It is the policy of the Medford Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

406.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to execute and enforce lawful orders of the local health officer issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (ORS 433.156).

406.7 CRIMINAL INVESTIGATIONS BUREAU COMMANDER RESPONSIBILITIES

The Criminal Investigations Bureau Commander is responsible for:

- (a) Ensuring reasonable access to qualified personnel, equipment and supplies for processing crime scenes.
- (b) Establishing procedures for collecting, processing and preserving physical evidence in the field.
- (c) Establishing procedures for photographing, video-recording and other imaging used to collect and preserve evidence.
- (d) Establishing procedures for processing, developing, lifting and labeling fingerprints.
- (e) Establishing procedures for the safe collection, storage, transportation and submission of biological and other evidence for DNA testing and evaluation.

Crisis Response Unit

408.1 PURPOSE AND SCOPE

The Crisis Response Unit (CRU) is composed of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics Team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary.

PROCEDURES:

- 408.01 PRO SWAT Call-Out

FORMS:

- 408.02 FRM After-Action Report

408.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the Crisis Response Unit are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel allowing for appropriate on-the-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

408.1.2 SWAT TEAM DEFINED

A SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of agency policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

408.2 LEVELS OF CAPABILITY/TRAINING

408.2.1 LEVEL I

A Level I SWAT team is a team composed of members who do not normally work together as a team, and which is capable of providing specific limited functions such as containment or counter-sniper in response to critical incidents or high-risk entry in the service of search warrants that exceed the training and resources available to line-level officers. This does not include ad hoc teams of officers that are formed around a specific mission, detail, or incident (e.g. active shooter response). Generally, 5% to 10% of the basic team's on-duty time should be devoted to training.

Crisis Response Unit

408.2.2 LEVEL II

A Level II, Intermediate level, SWAT team is a full-service team capable of providing containment and intervention. Additionally, these teams possess tactical capabilities above the Level I teams. These teams have regular assignments other than SWAT and may or may not work together on a daily basis. The team may be an interagency or regional team. It is intended, however, that they respond to incidents as a team. Generally, 10% to 25% of their on-duty time should be devoted to training with supplemental training for tactical capabilities above the Level I team. Level II teams operate in accordance with contemporary best practices.

408.2.3 LEVEL III

A Level III, Advanced level, SWAT team is a SWAT team whose personnel function as a full-time unit. Generally, 25% of their on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such units possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

408.3 AGENCY POLICY

It shall be the policy of this agency to maintain a SWAT team and to provide the equipment, manpower, and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and Control
- (b) Containment
- (c) Entry/Apprehension/Rescue

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators, and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

408.3.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this agency. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or his/her designee.

408.3.2 ORGANIZATIONAL PROCEDURES

This department shall develop a separate written set of organizational procedures which should address, at minimum:

- (a) Locally identified specific missions the team is capable of performing
- (b) Team organization and function
- (c) Personnel selection and retention criteria
- (d) Training and required competencies

Crisis Response Unit

- (e) Procedures for activation and deployment
- (f) Command and control issues, including a clearly defined command structure
- (g) Multi-agency response
- (h) Out-of-jurisdiction response
- (i) Specialized functions and supporting resources

408.3.3 OPERATIONAL PROCEDURES

- (a) This department shall develop a separate written set of operational procedures in accordance with the determination of their level of capability, using sound risk reduction practices. The operational procedures should be patterned after the “National Tactical Officers Association” Suggested SWAT Best Practices. However, because such procedures are specific to CRU members and will outline tactical and officer safety issues, they are not included within this policy. The operational procedures should include, at minimum:
 - (b) Operational plan for responding to each incident (time permitting);
 - 1. Designated personnel should be responsible for developing an operational or tactical plan prior to, and during, SWAT operations.
 - 2. Mission briefings should be conducted prior to an operation, unless circumstances require immediate deployment.
 - (a) When possible, briefings should include the specialized units and supporting resources.
 - 3. All SWAT team members should have an understanding of operational planning.
 - 4. SWAT team training should consider planning for both spontaneous and planned events.
 - 5. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.
 - 6. Protocols for a sustained operation should be developed which may include relief, rotation of personnel, and augmentation of resources.
 - (c) A generic checklist to be worked through prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.
 - (d) The appropriate role for a trained negotiator.
 - (e) A standard method of determining whether or not a warrant should be regarded as high-risk.
 - (f) A method for deciding how best to serve a high-risk warrant with all alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
 - (g) Post incident scene management including:

Crisis Response Unit

1. Documentation of the incident.
2. Transition to investigations and/or other units.
3. Debriefing after every deployment of the SWAT team.
 - (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments, helps to identify training needs, and reinforces sound risk management practices.
 - (b) When appropriate, debriefing should include specialized units and resources.
- (h) Sound risk management analysis.
- (i) Standardization of equipment deployed.

408.3.4 AFTER ACTION REPORTS

Upon completion of a CRU mission, the Incident Commander shall complete an After Action Report on the incident. The AA Report shall be completed on either the provided form , or in memorandum and forwarded to the Chief of Police via chain of command within 30 days of completion of the incident.

The CRU Commander shall maintain a file of After Action Reports and they shall be handled as confidential. After Action Reports shall be maintained separate from all crime reports and are not released outside this Department, except upon prior express consent of the Chief of Police.

408.4 TRAINING NEEDS ASSESSMENT

The SWAT/CRU Commander shall conduct an annual SWAT Training needs assessment to ensure that training is conducted within team capabilities and agency policy.

408.4.1 INITIAL TRAINING

SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of a Basic SWAT Course or its equivalent.

- (a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content (topics) meet or exceed agency requirements or National Tactical Officer Association's (NTOA) standardized training recommendations.

408.4.2 UPDATED TRAINING

Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team.

SWAT team operators and SWAT supervisors/team leaders should complete a certified update or refresher training, or its equivalent, every 24 months.

Crisis Response Unit

408.4.3 SUPERVISION AND MANAGEMENT TRAINING

To ensure command and executive personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the teams, command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level.

Command personnel who may assume incident command responsibilities should attend a SWAT or critical incident commander course or its equivalent. SWAT command personnel should attend a SWAT commander or tactical commander course, or its equivalent.

408.4.4 SWAT ONGOING TRAINING

Training shall be coordinated by the CRU Commander. In addition to specialized training, the CRU Commander may conduct monthly training exercises to include a review and critique of personnel and their performance in the exercise. Training shall consist of the following:

- (a) Each SWAT member shall perform a physical fitness test biannually. A minimum qualifying score must be attained by each team member.
- (b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest and attain a qualifying score. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt will result in dismissal from the team.
- (c) Those team members who are on vacation, ill, or are on light duty status with a doctor's note of approval on the test date, shall be responsible for reporting to a team supervisor and taking the test within thirty (30) days of their return to regular duty. Any member who fails to arrange for and perform the physical fitness test within the 30 day period shall be considered as having failed to attain a qualifying score for that test period.
- (d) Bi-annually, each SWAT team member shall perform the mandatory SWAT handgun qualification course. The qualification course shall consist of the SWAT Basic Drill for the handgun. Failure to qualify will require that member to seek remedial training from a team Rangemaster approved by the CRU Commander. Team members who fail to qualify will not be used in SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training will result in dismissal from the team.
- (e) Each SWAT team member shall complete the bi-annual SWAT qualification course for any specialty weapon issued to, or used by, the team member during SWAT operations. Failure to qualify will require the team member to seek remedial training from the Rangemaster who has been approved by the CRU Commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may

Crisis Response Unit

result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

408.4.5 SCENARIO BASED TRAINING

SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

408.4.6 TRAINING DOCUMENTATION

Individual and team training shall be documented and records maintained by the Training Bureau. Such documentation shall be maintained in each officer's individual training file. A separate agency SWAT training file shall be maintained with documentation and records of all team training.

408.4.7 TESTING OF NEW EQUIPMENT

The SWAT Team may also participate in research, evaluation and development of new equipment and training for implementation for the Department at the direction of the Chief of Police.

408.5 UNIFORMS, EQUIPMENT, AND FIREARMS

408.5.1 ON-SCENE DETERMINATION

SWAT teams from this agency should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

408.5.2 EQUIPMENT

SWAT teams from this agency should be adequately equipped to meet the specific mission(s) identified by the agency.

SWAT members are individually assigned responsibility to specific SWAT vehicles and equipment for operational readiness. SWAT members check and maintain inventories of vehicle equipment and weapons.

All SWAT members are oriented to the operation of each SWAT vehicle upon appointment to the Team. Any SWAT member may operate the vehicle at the direction of a Team Leader or SWAT Commander.

408.5.3 FIREARMS

408.5.4 OPERATIONAL READINESS INSPECTIONS

The CRU Commander shall appoint a CRU supervisor to perform operational readiness inspections of all unit equipment at least quarterly. The result of the inspection will be forwarded to the CRU Commander in writing. The inspection will include personal equipment issued to

Crisis Response Unit

members of the unit, operational equipment maintained in the CRU facility and equipment maintained or used in CRU vehicles.

408.5.5 OPERATIONAL READINESS

SWAT members shall maintain all equipment to operational readiness at all times. Following completion of each training session, all weapons and equipment shall be cleaned, repaired and made operationally ready prior to releasing team members from training.

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. The following is to be the policy of this department.

PROCEDURES:

- Responding to Bio-Hazardous Mail

412.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed. See Oregon Revised Statutes 453.005(7) for a complete list.

412.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting).
- (b) Notify Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of immediate area and surrounding areas dependent on substance.

412.2.1 PRIMARY CONCERNS

Primary concerns at a hazardous materials situation are listed in descending order:

- (a) Safety of the officer;
- (b) Safety of the citizens;
- (c) Safety of the environment; and
- (d) Safety of buildings and equipment.

412.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Medford Police Department

Medford PD Policy Manual

Hazardous Material Response

The notified supervisor shall also notify the Health and Fitness Program Manager and the Hazardous Materials / Infectious Disease Instructor.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

412.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.

The employee or employees supervisor if the employee is unable, will complete a Workers Compensation form if an injury is diagnosed Oregon Revised Statutes 656.265. If an injury is not apparent but exposure to a hazardous substance is possible, the employee will complete an incident report indicating the circumstances of the event and the potential of an exposure.

412.4 TRAINING

All sworn personnel shall receive annual training on hazardous materials as mandated by Oregon Department of Public Safety Standards and Training.

Industrial Accidents

413.1 PURPOSE AND SCOPE

Medford Police Department responds to industrial accidents where an injury has occurred. This policy establishes this Department's response to an industrial accident at a worksite where an injury has occurred under any of the following:

- (a) When an accident has resulted in death or a life-threatening serious injury;
- (b) When there is a possibility of a criminal act occurring in conjunction with the medical emergency;
- (c) When ECSO determines the call for medical assistance is suspicious and may require an investigation;
- (d) When response is requested by other emergency personnel.

413.2 OFFICER'S RESPONSE TO AN INDUSTRIAL ACCIDENT

Upon receiving a call to an industrial accident, Medford Police Department shall:

- (a) Promptly respond and conduct a criminal investigation and preserving physical evidence as any other crime scene;
- (b) Notify Oregon OSHA and the Watch Commander; and
- (c) Document such investigation in an Incident Report.

Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

414.2 POLICY

It is the policy of the Medford Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS

A supervisor who has probable cause to believe that a hostage is being held may order a telephone company to cut, reroute or divert telephone lines to prevent a suspect from communicating with anyone other than officers or other designated individuals (ORS 165.549).

Hostage and Barricade Incidents

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Press Information Officer.

Hostage and Barricade Incidents

- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Press Information Officer.

Hostage and Barricade Incidents

- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or ECSO.
- (i) Identify a media staging area outside the outer perimeter and have the department Press Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

414.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the CRU Commander, whether to deploy the CRU during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the CRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CRU.

Medford Police Department

Medford PD Policy Manual

415.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

If the bomb threat is against the Medford Police Department facility, the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

Assistance to the other entity may be provided as the Watch Commander deems appropriate.

415.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

415.6.1 ASSISTANCE

The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.

Medford Police Department

Medford PD Policy Manual

Response to Bomb Calls

1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

415.7 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 1. Two-way radios
 2. Cell phones
 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Watch Commander including:
 1. The time of discovery.
 2. The exact location of the device.
 3. A full description of the device (e.g., size, shape, markings, construction).
 4. The anticipated danger zone and perimeter.

Response to Bomb Calls

5. The areas to be evacuated or cleared.

415.8 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

415.8.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

415.8.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

415.8.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

Medford Police Department

Medford PD Policy Manual

Response to Bomb Calls

415.8.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Intoxicated Persons

416.1 PURPOSE AND SCOPE

Medford Police Department may take a person into protective custody that is in a public place, if the person is intoxicated or under the influence of an intoxicating liquor or controlled substance under the following, pursuant to ORS 430.399:

- (a) There is an immediate danger to the subject's health caused by alcohol or drugs;
- (b) There is an immediate danger to others due to the subject's condition;
- (c) The subject is suicidal;
- (d) The subject is unable to make rational decisions concerning acceptance of assistance, or is otherwise incapacitated; or
- (e) The subject is intoxicated and an insulin-using diabetic.

Regardless of the subject's level of sobriety, officers shall seek emergency medical attention first, if such treatment is necessary.

416.2 RELEASE OPTIONS

Ordinarily, officers should lodge an intoxicated person at the Alcohol Treatment Center, or other medical treatment facility. However, if the person cannot be lodged at an alcohol treatment center, the following options are available:

- (a) Release the intoxicated person to an acquaintance, who will assume responsibility for the person's care and well-being;
- (b) Release the intoxicated person to his / her residence, where there is an acquaintance, who will assume responsibility for the person's care and well-being;
- (c) Transport the intoxicated person to a designated medical facility; or
- (d) Lodge the intoxicated person in the Jackson County Jail on the appropriate criminal charge;
- (e) Conclude that the intoxicated person is not a danger to himself or other persons--complete a Field Interview card and release.

Civil Commitments

417.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under protective custody for civil commitment (ORS 426.228).

417.2 POLICY

It is the policy of the Medford Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

417.3 AUTHORITY

An officer may take a person into custody when the officer has probable cause to believe the person is dangerous to him/herself or to any other person and is in need of immediate care, custody or treatment for mental illness (ORS 426.228(1)).

An officer shall also take a person into custody at the direction of the community mental health program director when the director has probable cause to believe the person is imminently dangerous to him/herself or to another person. The director is mandated to prepare a report for the officer to deliver to the treating licensed independent practitioner (ORS 426.228(2)).

The officer shall transport the person in custody to the nearest facility approved by the Oregon Health Authority (OHA) or will transfer custody of the person to a mental health representative authorized under ORS 426.233(3).

If, upon delivery of the person to the facility, the licensed independent practitioner finds the person is not in need of emergency care or treatment for mental illness, the person is to be released from custody. The officer or the program director shall return the person to the place where he/she was taken into custody, unless the person declines that service.

417.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a civil commitment.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

Civil Commitments

417.3.2 EXTREMELY DANGEROUS PERSONS

An officer may take into custody an individual on conditional release from a state hospital pursuant to an order of revocation. The written order does not have to be in the possession of the officer, and may be confirmed through the Law Enforcement Data System (LEDS) (OAR 859-200-0310).

A person may be taken into custody if all of the following conditions apply (OAR 859-200-0305):

- (a) An officer has reasonable cause to believe the individual is an extremely dangerous person with a mental illness (as defined by OAR 859-200-0020)
- (b) The person presents a serious danger to others because of a mental disorder
- (c) The person is in need of immediate care, custody or treatment
- (d) The person has been civilly committed to the jurisdiction of the Psychiatric Security Review Board by a court

The officer shall transport the individual to a state hospital operated by the Oregon Health Authority (OAR 859-200-0310).

417.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions (e.g., information from LEDS).
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Available community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for individuals with mental health issues, who are suspected of committing minor crimes or creating other public safety issues.

417.4.1 FOREIGN NATIONALS

If an officer takes a person into custody for a civil commitment and reasonably suspects that the person is a foreign national, the officer shall inform the person of his/her right to communicate with an official from the consulate of the person's country (ORS 426.228(9)).

417.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting officer should have ECSO notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Civil Commitments

Officers may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

417.5.1 CLEARANCE REQUIRED

If transportation to an appropriate facility will require more than one hour to accomplish, the transporting officer must obtain, if possible, medical clearance from a licensed independent practitioner who has examined the person within the last 24 hours who certifies that the person is in need of immediate care or treatment for mental illness and that travel will not be detrimental to the person's physical health (ORS 426.228(3)).

417.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the officer should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

417.7 DOCUMENTATION

The officer should complete an application for emergency admission, provide it to the facility staff member assigned to the individual and retain a copy of the application for emergency admission for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

417.7.1 REQUIREMENTS

Officers shall use OHA form MHD 426.228 or otherwise ensure that the report states (ORS 426.228):

- (a) The reason for custody.
- (b) The date, time and place the person was taken into custody.
- (c) The name and telephone number of the community mental health director.

417.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken for a civil commitment should resolve the criminal matter by issuing a citation, as appropriate.

Civil Commitments

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.
- (c) Facilitate the individual's transfer to the jail facility.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

417.9 FIREARMS AND OTHER WEAPONS

Whenever an individual has been detained or apprehended for examination pursuant to Oregon Revised Statutes 426.228 and is found to have in his/her possession or under his/her direct control, any firearms whatsoever or any other deadly weapons, the weapons should be taken into temporary custody for safekeeping by the handling officer if the officer reasonably believes the weapons represent a danger to the person or others if the person is released. Any weapons seized shall be booked into property pending disposition. Any weapons seized will be transported to the property room and stored as any other evidence for a minimum of 30 days.

The 30-day period provides:

- An assessment period for the weapons' owner;
- Immediate protection for those persons that would potentially be harmed by the person in possession of the weapons and for them to obtain legal protections against those potential threats;
- For the justice system to be established to begin a safe resolution to the case at hand, if criminal charges are involved; and
- For the mental health system to begin evaluation and treatment.

The 30-day period may be shortened and weapons returned in less than 30 days at the discretion of the Chief of Police, based upon extenuating circumstances. The 30-day period may be lengthened, pending judicial review, based upon extenuating circumstances. (Note: The 30-day waiting period does not apply in cases involving only the return of stolen or found property.)

If the detained subject is prohibited from possessing or carrying a firearm pursuant to ORS 166.250, the firearm should be seized as evidence and should be thoroughly documented in a crime report.

Civil Commitments

This policy does not provide an officer with the authority or permission to conduct a search for weapons beyond that allowed under the law. Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

Whenever the handling officer has cause to believe that the future return of any confiscated weapon(s) might endanger the person or others, the officer shall detail those facts and circumstances in a report and direct the Property Specialist to hold the weapons pending judicial review. The handling officers shall further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

417.9.1 RETURN OF CONFISCATED FIREARMS AND WEAPONS

Prior to releasing any weapon(s), Property personnel shall be required to ensure the person is legally eligible to possess the weapon(s).

Firearms seized as property held for safekeeping shall be returned to their rightful owners (or a designated third party) following the 30-day waiting period and upon the owner completing a Firearm Return Affidavit and successfully passing a thorough background investigation, conducted by a Property Specialist.

417.9.2 DESTRUCTION OF SEIZED WEAPONS

Firearms that are ineligible to be returned to their owner and cannot be returned to an eligible third party shall be deemed forfeited and shall be destroyed pursuant to court order.

417.10 TRAINING

This department will endeavor to provide department-approved training on interaction with mentally disabled persons, civil commitments and crisis intervention.

Citation Releases

418.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Medford Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

418.2 RELEASE

A suspected offender may be released on issuance of a criminal citation if the officer has probable cause to believe that the person has committed a misdemeanor or has committed any felony that is subject to misdemeanor treatment under ORS 161.705 (reduction of certain felonies to misdemeanors) (ORS 133.055).

418.2.1 CITATION RELEASES ON WARRANTS

If the offense is not excluded under ORS 133.055, the court may authorize an officer to issue and serve a criminal citation in lieu of arrest (ORS 133.110).

418.3 PROHIBITIONS

The release of a suspected offender on a citation is not permitted when:

- (a) The officer has probable cause to believe that the person has been served a valid restraining order as described in ORS 133.310 (orders relating to stalking, elder and disability abuse, sexual abuse) and the person has violated the terms of the order (ORS 133.310).
- (b) The officer has probable cause to believe that the person has been charged with an offense under ORS 135.230 through ORS 135.290 (sexual offenses, domestic violence, methamphetamine crimes), and is presently released and has failed to comply with a no contact condition to the release agreement (ORS 133.310).
- (c) The person arrested is so intoxicated that he/she could be a danger to himself/herself or to others (release may occur as soon as this condition no longer exists).
 - 1. Any officer encountering a person who is intoxicated or under the influence of controlled substances in a public place and who is incapacitated, whose health appears to be in immediate danger, or there is reasonable cause to believe the person is dangerous to him/herself or to any other person, shall transport the individual to the nearest appropriate treatment facility or sobering facility (ORS 430.399).

See the Domestic Violence Policy for release restrictions related to those investigations.

418.4 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, officers should consider:

- (a) The type of offense committed.

Medford Police Department

Medford PD Policy Manual

Citation Releases

- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

418.5 POLICY

The Medford Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

Entry Without Consent

419.1 PURPOSE AND SCOPE

Officers may make an emergency entry of any premise, without the consent of the person in possession or entitled to possession thereof, if the officers have reasonable cause to believe that entry is required to (reference ORS 133.033):

- (a) Prevent serious harm to any person or property;
- (b) Render aid to injured or ill persons; or
- (c) Assist persons who are mentally incompetent / unable to care for themselves, are unaccompanied by a competent parent or guardian, and may be in a situation where their personal welfare is at risk.

Only uniformed officers should make an emergency forced entry into a structure. Plain-clothes officers may follow, but should remain in the vicinity of uniformed officers following the initial entry and when the situation has stabilized.

Officers making an emergency entry into a premise shall document their actions in appropriate case reports, including a detailed description of the damage done as the result of such entry.

Foreign Diplomatic and Consular Representatives

420.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Medford Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

420.2 POLICY

The Medford Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

420.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

420.4 ENFORCEMENT ACTION

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

- (a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.
- (b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
 - 1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.
- (d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
 - 1. Diplomatic-level staff of missions to international organizations and recognized family members

 - 3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
 - 4. Honorary consular officers

420.5 DOCUMENTATION

Rapid Response and Deployment

422.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

PROCEDURES:

- 424.01 PRO Responding to Active Shooters [See attachment: 424.01 PRO Responding to Active Shooters.pdf](#)

422.2 POLICY

The Medford Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

422.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

422.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably possible, while requesting additional assistance.

Rapid Response and Deployment

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

422.5 PLANNING

The Patrol Bureau Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

Rapid Response and Deployment

422.6 TRAINING

The Training Coordinator should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

426.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Medford Police Department relating to immigration and interacting with federal immigration officials.

426.2 POLICY

It is the policy of the Medford Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

426.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Oregon constitutions.

426.4 DETENTIONS

This department does not participate in routine immigration investigation and enforcement activities (ORS 181A.820).

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

Immigration Violations

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer may arrest any person who is the subject of an arrest warrant issued by a federal magistrate for a criminal violation of federal immigration laws (ORS 181A.820).

An officer should notify a supervisor as soon as practicable whenever an individual is being detained or arrested for a criminal immigration violation.

426.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

426.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

426.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

426.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

426.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a

Immigration Violations

warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

426.7.2 NON-DISCLOSURE OF CERTAIN INFORMATION

Except as required by state or federal law, members should not disclose for the purpose of enforcement of federal immigration laws the following information about a person or his/her known relatives or associates, whether current or otherwise (ORS 180.805):

- (a) The person's address
- (b) The person's workplace or hours of work
- (c) The person's school or school hours
- (d) The person's contact information, including telephone number, email address, or social media account information
- (e) The identity of known associates or relatives of the person
- (f) The date, time, or location of a person's hearings, proceedings, or appointments with the Department that are not matters of public record

426.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigation Division supervisor assigned to oversee the handling of any related case. The Investigation Division supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner (ORS 147.620).
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

426.8.1 DENIAL OF CERTIFICATION

If certification is denied, the Investigation Division supervisor shall inform the petitioner in writing regarding the reason for the denial as provided in ORS 147.620. A copy of the notice shall be kept

Immigration Violations

for a minimum of three years and in accordance with the established records retention schedule (ORS 147.620).

426.8.2 TIME FRAME FOR COMPLETION

Except under circumstances where there is good cause for delay, the Investigation Division supervisor shall process the certification for the U visa or T visa within 90 days of the request, unless the victim is in federal immigration removal proceedings, in which case the certification shall be executed within 14 days after the request is received (ORS 147.620).

426.8.3 U VISA AND T VISA DOCUMENTATION

The Investigation Division supervisor shall collect written documentation regarding the number of certification forms that are (2019 Oregon Laws, c. 472, § 2):

- (a) Requested by a victim.
- (b) Granted.
- (c) Denied, with the reason for denial.

The Investigation Division supervisor or the authorized designee should ensure that the information collected regarding certification forms is transmitted in a timely manner to the Records Division for annual reporting to the Oregon Criminal Justice Commission.

426.9 TRAINING

The Training Coordinator should ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Emergency Utility Service

428.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day via the Quick Response Team (QRT). Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

428.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by ECSO.

428.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. Pacific Power and Light Company (PPL) or Public Works should be promptly notified, as appropriate.

428.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Medford Water Commission maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

428.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for utility emergencies is maintained by ECSO.

428.2 TRAFFIC SIGNAL MAINTENANCE

The City of Medford contracts with a private maintenance company to furnish maintenance for all traffic signals within the City, other than those maintained by the State of Oregon.

428.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the ECSO of the location and problem with the signal. The dispatcher should make the necessary notification to Public Works. Officers have the responsibility address any hazard caused by malfunction of any inoperative or malfunctioning signal.

Aircraft Accidents

432.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

PROCEDURES:

- 434.01 PRO Airport Emergencies

432.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

432.2 POLICY

It is the policy of the Medford Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

432.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

432.4 ALERT AND ALARM STATUS PHASES

- (a) "ALERT" status phases are as follows:
 1. **ALERT 1** "" Stand-by Alert Indicating an aircraft approaching the Airport is in minor difficulty; e.g. feathered engine, oil leak, etc. Emergency equipment and crews shall proceed to positions and stand-by.

Medford Police Department

Medford PD Policy Manual

Aircraft Accidents

2. **ALERT 2** " Potential Emergency Indicating an aircraft approaching the Airport is in major difficulty; e.g. engine on fire, faulty landing gear, no hydraulic pressure, etc. Airport Fire (ARFF) may establish radio contact with other back-up units. Emergency equipment shall proceed to positions and stand-by.
 3. **ALERT 3** "Aircraft Crash Indicating an aircraft has crashed or is down within a one-mile radius of the airport. Emergency equipment should immediately proceed to the scene.
 4. **ALERT 4** " Structural / Grass Fire / Medical Miscellaneous occurrences such as structural or grass fires, medical emergencies, etc., within our response area. Emergency equipment shall immediately proceed to the scene of the incident.
- (b) The following ALARM status shall indicate the number of passengers aboard an involved aircraft during an emergency situation:
1. **FIRST ALARM** " 0 to 4 passengers Respond one MPD to stand by at the ARFF station.
 2. **SECOND ALARM** " 5 to 10 passengers Respond two MPD units to stand by at the ARFF station.
 3. **THIRD ALARM** " 11 to 20 passengers Respond all available MPD units to the ARFF station.
 4. **FOURTH ALARM** " 21+ passengers Respond all available MPD units to the ARFF station.

432.5 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

432.6 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department

Aircraft Accidents

- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

432.7 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Coroner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

432.8 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.
- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

432.9 DOCUMENTATION

All aircraft accidents occurring within the City of Medford shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of MPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

Aircraft Accidents

432.9.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

432.9.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

432.10 MEDIA RELATIONS

The Press Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Police Training Officer Program

434.1 PURPOSE AND SCOPE

The Police Training Officer Program (PTO) is intended to provide a standardized program to facilitate the officer's transition from the academic setting to the actual performance of general law enforcement duties of the Medford Police Department.

It is the policy of this department to assign all new police officers to a structured Police Training Officer Program that complies with DPSST training requirements and that is designed to prepare the new officer to perform in a patrol assignment possessing all skills needed to operate in a safe, productive and professional manner.

Medford Police Department

Medford PD Policy Manual

Police Training Officer Program

To the extent practicable, entry level and lateral officers should be assigned to a variety of Police Training Officers, shifts and geographical areas during their Police Training Program.

434.5.1 FIELD TRAINING MANUAL

Each new officer will be issued a Field Training Manual provided by DPSST at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Medford Police Department. - (a) The PTO will take one case handled by the recruit from the current work week and review it using the Core Competencies as outlined in Crown Pointe. If there are matters that need to be documented that fall outside the scope of the case chosen for that week, those observations and additional evaluations should be noted in the "Header" section for that week's CTR. The "Header" section of the CTR is to be used in lieu of the PTO keeping a daily personal observation journal. The PTO will keep notes throughout the week in order to accurately complete the task of "Header" documentation. The PTO may use whatever means convenient for them to take these notes i.e. notebook, electronic device, etc.
- (b) Trainers should be providing a verbal re-cap of the day's events with the trainee at the end of each shift. These re-caps are to reiterate any corrections or praises

Police Training Officer Program

given throughout the day and to ensure the trainee understands areas that need improvement.

- (d) Sign off all completed topics contained in the Field Training Manual, noting the method(s) of learning and evaluating the performance of his/her assigned trainee.

434.6.2 IMMEDIATE SUPERVISOR

The assigned PTO's immediate supervisor has the authority to temporarily modify any aspect of the new officer's training. When practical, the immediate supervisor should confer with the PTO supervisor prior to modifying the training program.

Based on the reports, the PTO Supervisor will recommend remedial training for the recruit if necessary.

434.6.4 TRAINEE

At the completion of the trainee's PTO Program, the trainee shall submit a confidential performance evaluation on each of their PTO's and on the PTO Program in general.

434.7 DOCUMENTATION

All documentation of the PTO Program will be retained in the officer's training files (within the Crown Pointe program) and will consist of the following:

- (a) Weekly Coaching and Training Reports;
- (b) Mid-Term and Final Evaluations;
- (c) Focus Activities;
- (d) Problem-Based Learning Activities;
- (e) Neighborhood Portfolio Exercise; and
- (f) A Basic Police Officer Certificate certifying that the trainee has successfully completed the required number of hours of field training. This certificate will be retained by the current department Training Coordinator in the officer's training file.

Police Training Officer Program

Contacts and Temporary Detentions

438.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

438.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile/Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Frisk or pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others (ORS 131.625).

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Stop - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion that the person has committed or is about to commit a crime (ORS 131.615).

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

438.2 POLICY

The Medford Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Contacts and Temporary Detentions

438.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Medford Police Department to strengthen community involvement, community awareness, and problem identification.

438.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in the area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

438.4 FRISK OR PAT-DOWN SEARCHES

A frisk or pat-down search of a stopped person may be conducted whenever an officer reasonably believes that the person may possess a dangerous or deadly weapon and presents a danger to the officer or other persons present (ORS 131.625). The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

438.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

438.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

438.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

438.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review it and forward the photograph to one of the following locations:

- (a) If the photo and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed by the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Division.

Contacts and Temporary Detentions

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

438.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

438.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Clandestine Drug Labs

440.1 PURPOSE AND SCOPE

Clandestine drugs labs pose a serious threat to Department personnel as well as the general public.

In responding to clandestine drug labs, the goals are to:

- (a) Stabilize the situation;
- (b) Render the scene safe for specially trained and equipped personnel to later respond for dismantling and clean-up; and
- (c) Obtain physical evidence to support prosecution.

It is the policy of this Department to respond to clandestine drug labs only with specially trained and equipped personnel.

PROCEDURES:

- 443.01 PRO Responding to Clandestine Drug Labs

Watch Commanders

441.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each watch.

441.2 DESIGNATION AS ACTING WATCH COMMANDER

When a Sergeant is unavailable for duty as Watch Commander, in most instances the senior qualified corporal shall be designated as acting Watch Commander. This policy does not preclude designating corporals with less seniority as an acting Watch Commander when operational needs require or training permits.

Mobile Audio Video

443.1 PURPOSE AND SCOPE

The Medford Police Department has equipped marked patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

443.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

443.2 POLICY

It is the policy of the Medford Police Department to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

443.2.1 MAV RECORDINGS ARE PROPERTY OF THE CITY OF MEDFORD

MAV recordings shall not be distributed or shown to anyone outside of the Medford Police Department, the City Attorney's office, or the District Attorney's Office without the express consent of the Chief of Police or designee, or by court order.

Such recordings are property of the City of Medford and shall be handled as any other evidence.

Officers may retain copies of their own MAV recordings for work related purposes. However, these recordings must remain in the custody of the officer and within the confines of the police department. MAV recordings shall not be shown to any unauthorized persons, nor posted on any computer network or website.

443.2.2 MAV EQUIPPED VEHICLES SHALL NOT BE USED TO JUMP-START OTHER VEHICLES

MAV-equipped vehicles shall not be used to jump-start other vehicles using jumper cables at any time as this may result in damage to the MAV system.

Mobile Audio Video

443.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Medford Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer recording his/her name, serial number, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

443.3.1 VIDEO CLASSIFICATIONS AND RETENTION PERIODS

Video events shall be defined in one of the following classifications. The maximum retention periods are listed next to each classification.

- Arrest (5 years);
- Calls for Service (365 days);
- CID Interview Room (5 years);
- Default Rule (365 days);
- Detox (365 days);
- DUII (5 years);
- Field Interview (365 days);
- Mental Hold (365 days);
- Other (365 days);
- Threshold Incident (5 years);
- Traffic Crime (5 years);
- Traffic Stop (365 days);
- Transport (365 days).

443.3.2 GENERAL RECORDS RETENTION SCHEDULE

The Medford Police Department will comply with the General Records Retention Schedule mandated by OAR Chapter 166. (Minimum retention periods per OAR 166 are: (a) Tapes used as evidence, retain until case reaches final disposition; (b) Tapes used for internal investigations,

Mobile Audio Video

retain until investigation ends; (c) All other tapes, retain for 30 days.) The Department currently meets or exceeds the retention requirements.

443.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record. Whenever the audio portion is activated, officers should, whenever possible, advise all persons present that they are being recorded in accordance with ORS 165.540(5)(c).

443.4.1 REQUIRED ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. DWI/DUI investigations including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify ECSO
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Domestic violence calls

Mobile Audio Video

2. Disturbance of peace calls
3. Offenses involving violence or weapons
- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

443.4.2 RIGHTS OF SYSTEM USERS

The following Medford Police Department work groups are given the following user rights, which are programmed by the system administrator:

- (a) Patrol:
 1. Create case file;
 2. Playback own video;
 3. Edit bookmarks / Classify / Snapshots / Property;
 4. Export video.
- (b) Detective / Sergeant / Lieutenant / Deputy Chief / Chief:
 1. All rights except:
 - (a) Delete;
 - (b) Archive;
 - (c) Manage / Configure.
- (c) Property Control:
 - (a) All rights except:
 - (a) Manage / Configure.
- (d) Records:
 1. Playback all video.
- (e) Systems Administrator / Deputy Chief / Lieutenant
 1. All rights.

443.4.3 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

Mobile Audio Video

443.4.4 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

443.4.5 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of ECSO.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 - 1. The tracking number of the MAV system media.
 - 2. The date it was issued.
 - 3. The law enforcement operator or the vehicle to which it was issued.
 - 4. The date it was submitted.
 - 5. Law enforcement operators submitting the media.
 - 6. Holds for evidence indication and tagging as required.
- (c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

443.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

Medford Police Department

Medford PD Policy Manual

Mobile Audio Video

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of conduct
- (c) By a supervisor to assess performance
- (d) To assess proper functioning of MAV systems
- (e) By a department investigator, after approval of a supervisor who is participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment
- (h) By court personnel through proper process or with permission of the or the authorized designee
- (i) By the media through proper process or with permission of the or the authorized designee
- (j) To assess possible training value
- (k) Recordings may be shown for training purposes. If an involved objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

443.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

443.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 180 days and disposed of in compliance with the established records retention schedule.

Mobile Audio Video

443.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

443.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense or to a potential claim against the officer or against the Medford Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

443.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
- (e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

443.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

Medford Police Department

Medford PD Policy Manual

Mobile Audio Video

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secure location with authorized controlled access.
 - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:
 - 1. Maintaining a record of issued media.
- (e) Ensuring that an adequate supply of recording media is available.
- (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

443.10 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Mobile Digital Computer Use

445.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and ECSO.

445.2 POLICY

Medford Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

445.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

445.3.1 UNAUTHORIZED SOFTWARE

Officers shall not install any unauthorized software onto any City-owned MDC.

445.4 CONFIDENTIALITY OF MDC COMMUNICATIONS

Officers shall guard against divulging any and all information of a confidential nature that is displayed on an MDC screen to any unauthorized persons outside of the police vehicle, or to any citizens, persons in-custody or anyone else seated inside the vehicle.

445.5 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system

Mobile Digital Computer Use

unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Any agency using a terminal to access the Law Enforcement Data System (LEDS), whether directly or through another agency, is responsible for adhering to all applicable LEDS rules and policies and must ensure that unauthorized persons are not given access or allowed to view LEDS information.

445.5.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

445.6 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

445.6.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

445.6.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Mobile Digital Computer Use

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

445.7 EQUIPMENT CONSIDERATIONS

445.7.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify ECSO. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

445.7.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Portable Audio/Video Recorders

447.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment (ORS 133.741).

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Medford Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

447.2 POLICY

The Medford Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

447.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in their official capacity of this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

447.4 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, MPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required

Portable Audio/Video Recorders

when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

447.5 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including, but not limited to, traffic violations, and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify ECSO
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Unless there are exigent circumstances or concerns for the safety of the member or any other person, body-worn cameras shall be activated whenever the officer has or develops reasonable suspicion or probable cause that an offense has been or will be committed by a person in contact with the member (ORS 133.741).

Members shall notify all parties to the conversation that a recording is being made unless pursuant to a court order or the limited exceptions in ORS 165.540 subsections (2) through (7) and ORS 133.726 (prostitution offenses, felonies when exigency makes obtaining a warrant unreasonable, certain felony drug offenses, felonies that endangers human life) (ORS 165.540).

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

Portable Audio/Video Recorders

447.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Oregon law generally prohibits any individual from surreptitiously recording any conversation, except as provided in ORS 165.540 and ORS 165.543.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

447.5.2 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

447.5.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

447.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All recordings shall be retained at the Department or by a Department-approved third-party vendor.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

447.6.1 PROHIBITED USE OF BODY-WORN CAMERA RECORDINGS

Recordings from body-worn video cameras shall not be analyzed with facial recognition or other biometric matching technology (ORS 133.741).

447.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

Portable Audio/Video Recorders

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

447.8 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.
- (e) By the union in the course of representation of an officer in an administrative or OIS investigation.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

Portable Audio/Video Recorders

447.9 COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for:

- (a) Establishing procedures for the security, storage and maintenance of data and recordings.
- (b) Establishing procedures for accessing data and recordings.
- (c) Establishing procedures for logging or auditing access.
- (d) Establishing procedures for transferring, downloading, tagging or marking events.

447.10 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

Recordings made from body-worn video cameras no longer needed for a court proceeding or an ongoing criminal investigation shall not be retained for more than 30 months (ORS 133.741).

447.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

447.10.2 STORAGE OF DATA BY VENDORS

Any contract with a third-party vendor for data storage of recordings from body-worn video cameras must state that all recordings are the property of the Medford Police Department, not owned by the vendor, and cannot be used by the vendor for any purpose inconsistent with the policies and procedures of the Medford Police Department (ORS 133.741).

Medical Marijuana

449.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production, or use of marijuana under Oregon's medical marijuana laws (ORS 475B.785 et seq.).

This policy is not intended to address laws and regulations related to recreational use of marijuana.

Caregiver does not include a person's attending physician; however, it may include an organization or facility that provides hospice, palliative, or home health care services. The caregiver may assist the cardholder with any matter related to the medical use of marijuana (ORS 475B.791; ORS 475B.807; ORS 475B.801).

Grower - A person, joint venture, or cooperative that produces industrial hemp (ORS 571.269).

Registry Identification Card (RIC) - A document issued by the Oregon Health Authority under ORS 475B.797 that identifies a person authorized to engage in the medical use of marijuana and, if the person has a designated primary caregiver under ORS 475B.804, the person's designated

Medical Marijuana

primary caregiver (ORS 475B.791). The RIC may also identify a person applying to produce marijuana or designate another person to produce marijuana under ORS 475B.810.

Statutory possession and grow site amounts - Amounts authorized by ORS 475B.831 and ORS 475B.834.

Usable marijuana - The dried leaves and flowers of marijuana. Usable marijuana does not include the seeds, stalks, and roots of marijuana or waste material that is a by-product of producing marijuana (ORS 475B.791).

449.2 POLICY

It is the policy of the Medford Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Oregon medical marijuana laws are intended to protect patients and their doctors from criminal and civil penalties that may deter the use of small amounts of marijuana by those suffering from debilitating medical conditions (ORS 475B.785). However, Oregon's medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana. The Medford Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Oregon law and the resources of the Department.

449.3 INVESTIGATION

Investigations involving the possession, delivery, production, or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations related to patient cardholders.
- (c) Investigations related to patient non-cardholders.

449.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

449.3.2 INVESTIGATIONS RELATED TO PATIENT CARDHOLDERS

Officers shall not take enforcement action against a cardholder for engaging in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts. Officers shall not take enforcement action against a caregiver for assisting a patient cardholder in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts (ORS 475B.907).

Medical Marijuana

Cardholders are required to possess a RIC when using or transporting marijuana, usable marijuana, medical cannabinoid products, cannabinoid concentrates, or cannabinoid extracts at a location other than the address on file with the Oregon Health Authority (ORS 475B.837). However, officers should treat a person without a RIC in his/her possession as if it were in his/her possession if the RIC can be verified through an Oregon State Police Law Enforcement Data Systems (LEDS) query or other sources.

449.3.3 INVESTIGATIONS RELATED TO PATIENT NON-CARDHOLDERS

Officers should not take enforcement action against a patient who does not have a RIC for possession or production of marijuana, or any other criminal offense in which possession or production of marijuana is an element, if the patient meets all of the following (ORS 475B.913):

- (a) Is engaged in the medical use of marijuana
- (b) Possesses, delivers, or manufactures a quantity at or below statutory possession quantity or the quantity cultivated is at or below statutory grow site amounts

Officers should not take enforcement action against a person who does not meet the definition of a patient if the person is taking steps to obtain a RIC; possesses, delivers, or manufactures marijuana at or below statutory possession quantities or below statutory grow site quantities; and the person's medical use claim appears genuine under the circumstances (ORS 475B.913).

449.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Grow sites are regulated in the following manner (ORS 475B.810):
 - 1. The Oregon Health Authority must have issued a marijuana grow site registration card for a site to be valid.
 - 2. The grow site registration card must be posted for each RIC holder for whom marijuana is being produced at a marijuana grow site.
- (b) An officer who determines that the number of marijuana plants at an address exceeds quantities authorized by statute may confiscate only the excess number of plants (ORS 475B.831).
- (c) Because enforcement of medical marijuana laws can be complex and time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.

Medford Police Department

Medford PD Policy Manual

Medical Marijuana

4. Any other relevant factors exist, such as limited available department resources and time constraints.
- (d) Before proceeding with enforcement related to grow sites, a marijuana producer, or processing sites officers should consider conferring with appropriate legal counsel, the Oregon Health Authority, and/or Oregon Liquor Control Commission (ORS 475B.831; ORS 475B.136).
- (e) Registration or proof of registration under ORS 475B.785 to ORS 475B.949 does not constitute probable cause to search the person or property of the registrant or otherwise subject the person or property of the registrant to inspection (ORS 475B.922).
- (f) As a licensing authority, the Oregon Liquor Control Commission may assist with related questions regarding recreational marijuana (ORS 475B.070).

449.3.5 EXCEPTIONS

Medical marijuana users are generally not exempt from other criminal laws and officers should enforce criminal laws not specifically covered by the Medical Marijuana Act appropriately. Officers may take enforcement action if the person (ORS 475B.910):

- (a) Drives under the influence of marijuana as provided in ORS 813.010.
- (b) Engages in the medical use of marijuana in a place where the general public has access (ORS 161.015), in public view, or in a correctional facility (ORS 162.135(2)), or in a youth correction facility (ORS 162.135(6)).
- (c) Delivers marijuana to any individual who the person knows is not in possession of a RIC.
- (d) Delivers marijuana to any individual or entity that the person knows has not been designated to receive marijuana or assigned a possessory interest in marijuana by an individual in possession of a RIC.

If an officer knows or has reasonable grounds to suspect a violation of the Adult and Medical Use of Cannabis Act (ORS 475B.545 to ORS 475B.429), the officer shall immediately notify the district attorney who has jurisdiction over the violation and provide any relevant information, including the names and addresses of any witnesses (ORS 475B.300).

449.3.6 INDUSTRIAL HEMP

Medicinal marijuana investigations may lead to separate issues related to industrial hemp. Growers and handlers who operate under the industrial hemp laws of Oregon must be registered with the Oregon Department of Agriculture (ODA) to grow or handle industrial hemp or produce agricultural hemp seed. Growers and handlers who produce seed products incapable of germination are not required to be registered with the ODA (ORS 571.281). Officers may contact the ODA's Commodity Inspection Division for information about industrial hemp sites and registration compliance.

Medical Marijuana

449.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

449.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section will hold drug evidence obtained by the officer or detective until presented with a court order for final disposition of the evidence, the case has been adjudicated or passed the statute of limitations for prosecution. The Property and Evidence Section is not responsible for caring of live plants or the storage of root balls (ORS 475B.922).

After the adjudication or statute of limitations has passed, a Property Specialist will request a disposition from the DA's Office / court and the assigned officer or detective.

An email notification will be sent through the computerized evidence system to the detective or officer for authorization of disposal. After response has been received from the detective or officer, the authorization will be placed with the property report and a court order will be obtained for the disposal of drug evidence.

Foot Pursuits

455.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

455.1.1 POLICY

It is the policy of this department when deciding to initiate or continue a foot pursuit that officers must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department personnel, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of department personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department personnel.

455.2 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, officers should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area.

Foot Pursuits

- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

455.3 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders them incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the dispatcher or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increases the risk to or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.

Foot Pursuits

- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

455.4 RESPONSIBILITIES IN FOOT PURSUITS

455.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officers unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct

Foot Pursuits

further actions as reasonably appear necessary, to include requesting media aid as needed for officers, suspects or members of the public.

455.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Any officers who are in a position to intercept a fleeing suspect, or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

455.4.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information necessary to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

455.4.4 ECSO RESPONSIBILITIES

Upon being notified or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

455.5 REPORTING REQUIREMENTS

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

- (a) Date and time of the foot pursuit.

Medford Police Department

Medford PD Policy Manual

Foot Pursuits

- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Any injuries and/or medical treatment.
- (h) Any property or equipment damage.
- (i) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Bicycle Patrol Program

457.1 PURPOSE AND SCOPE

The Medford Police Department has established the Bicycle Patrol Program (BPP) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

457.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Program Manager or Watch Commander.

457.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, shall submit a request to the Bicycle Patrol Program Manager of their interest to become certified for bicycle patrol. They must have a recommendation from their current supervisor. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as it pertains to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the bicycle as a mode of transportation.

Final selection will be based upon recommendations by the BPP Manager and made by the Patrol Bureau Commander.

457.3.1 BICYCLE PATROL UNIT MANAGER

The Bicycle Patrol Program Manager shall have responsibility for the following:

- (a) Organizing bicycle patrol training.
- (b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
- (c) Scheduling maintenance and repairs.
- (d) Evaluating performance of bicycle officers.

Bicycle Patrol Program

- (e) Coordinating activities with the Patrol Bureau.
- (f) Other activities as required to maintain the efficient operation of the Bicycle Patrol Program.

457.4 TRAINING

Participants in the program must complete an initial department-approved bicycle training course after acceptance into the program. Thereafter bicycle patrol officers shall maintain their department certification unless the program manager believes them to be in need of additional training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

457.5 UNIFORMS AND EQUIPMENT

Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, and body armor. Protective eyewear, footwear, and riding gloves are recommended.

The bicycle patrol program uniform consists of the department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather. Turtleneck shirts or cold weather thermal shirts are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

457.6 CARE AND USE OF PATROL BICYCLES

Officers will sign out a specially marked and equipped patrol bicycle with attached gear bag. When riding in darkness, Officers will attach a head light and red tail light.

Bicycles utilized for uniformed bicycle patrol shall be equipped with front and rear reflectors, front lights and a horn satisfying the requirements of Oregon Revised Statutes § 815.280(2). Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls.

Medford Police Department

Medford PD Policy Manual

Bicycle Patrol Program

Each bicycle shall be equipped with a flashing blue warning light that is visible from the front, sides, or rear of the bicycle. Unless the patrol bicycle is equipped with an emergency light and siren meeting the requirements set forth in the Oregon Revised Statutes and Oregon Administrative Rules, it does not qualify as an emergency vehicle and operators are not exempt from the rules of the road.

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the bicycle patrol unit manager for repair by an approved technician.

Each bicycle will have scheduled maintenance yearly and said maintenance shall be performed by a department-approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty. All personal gear, forms, etc. shall be removed from the gear bag(s) at the end of the tour of duty.

During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Except in the event of an emergency officers shall not remove or add components or modify the patrol bicycle without the expressed approval of the bicycle patrol unit manager.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Except when emergency circumstances preclude doing so, patrol bicycles should be properly secured when not in the officer's immediate presence.

457.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the Oregon Revised Statutes. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Automated License Plate Readers (ALPRs)

459.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPRs are used by the Medford Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, suspect interdiction and stolen property recovery.

459.2 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Administration Support Bureau Commander. The Administration Support Bureau Commander will assign personnel under his/her command to administer the day-to-day operation of the ALPR equipment and data.

459.3 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (b) An ALPR shall only be used for official and legitimate law enforcement business.
- (c) An ALPR may be used in conjunction with any routine patrol operation or official department investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (d) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (e) The officer shall attempt to verify an ALPR response through the Law Enforcement Data System (LEDS) before taking enforcement action that is based solely upon an ALPR alert.
- (f) No ALPR operator may access LEDS data unless otherwise authorized to do so.

All data and images gathered by ALPR are for the official use of the Medford Police Department and because such data may contain confidential LEDS information, it is not open to public

Automated License Plate Readers (ALPRs)

review. ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law.

The Administration Support Bureau Commander is responsible to ensure proper collection and retention of ALPR data, and for transferring ALPR data stored in department vehicles to the department server on a regular basis, not to exceed 90 days between transfers.

All ALPR data downloaded to the server should be stored for a minimum of 180 days and thereafter may be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action, or is subject to a lawful action to produce records. In such circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

459.5 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Medford Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Records Manager and processed in accordance with applicable law.
- (b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.
- (e) ALPR system audits should be conducted on a regular basis.

Homeless Persons

461.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Medford Police Department recognizes that members of the homeless community are often in need of special protection and services. The Medford Police Department will address these needs in balance with the overall missions of this department. Therefore, officers will consider the following policy sections when serving the homeless community.

461.1.1 POLICY

It is the policy of the Medford Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

461.2 HOMELESS COMMUNITY LIAISON

The Chief of Police will designate a member of this department to act as the Homeless Liaison Officer. The responsibilities of the Homeless Liaison Officer include the following:

- (a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.
- (b) Meet with Social Services and representatives of other organizations that render assistance to the homeless.
- (c) Maintain a list of those areas within and near this jurisdiction that are used as frequent homeless encampments.
- (d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include the following:
 - 1. Proper posting of notices of trespass and clean-up operations.
 - 2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with Policy Section 804 and other established procedures.
- (e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.
- (f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

Homeless Persons

461.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

461.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

461.4 HOMELESS ENCAMPMENTS

Officers who encounter encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not immediately remove or destroy such property and should investigate further to determine if such property appears to involve a trespass, blight to the community or is the subject of a complaint.

Encampment clean-up efforts, such as Bear Creek Greenway sweeps should involve appropriate social service agencies to facilitate displacement of the homeless.

Medford Police Department

Medford PD Policy Manual

Homeless Persons

461.4.1 HOMELESS CAMPS ON PUBLIC PROPERTY

Prior to removing homeless individuals from an established campsite on public property pursuant to Medford Municipal Code 5.257 (Prohibited Camping), officers shall:

- (a) If individuals are present, advise violators that they are camping on public property and such encampments are illegal.
- (b) Post the area with a notice in English and Spanish advising the violators to vacate within 24 hours. This same notice shall list a local agency that delivers social services to homeless individuals.
- (c) Notify the agency listed on the posting of the campsite's location.
- (d) Obtain a case number and prepare a police report documenting the incident.

The 24-hour warning notice requirement is not necessary if officers reasonably believe that illegal activity unrelated to the camping violation is occurring or in the event of an exceptional emergency such as a possible site contamination by hazardous materials, or when there is immediate danger to human life or safety (ORS 203.079).

461.4.2 CAMPING ON PRIVATE PROPERTY

Camping on private property without the owner's permission should be handled as a trespass complaint. Owners of private property may allow individuals to camp, provided they do so in a manner consistent with provisions of the Medford Camping Ordinance.

461.4.3 CAMPING IN CITY PARKS

Illegal campers found in City parks during hours the parks are closed may be cited or arrested for violation of Medford Municipal Code 5.255 (Hours of Park Closure).

461.5 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested, or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property. Items that have no apparent utility or are in an unsanitary condition may be immediately discarded upon removal of the homeless individual(s) from the camp site (ORS 203.079(d)).

Homeless Persons

All property collected for safekeeping shall be stored for a minimum of 30 days. The Property Specialist shall ensure that reasonable efforts are made to inform the owner of status of the property and inform him/her of how and when such property may be claimed (ORS 203.079(d)).

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer.

461.6 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention.

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if the person consents and approved by a supervisor.

461.7 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Public Recording of Law Enforcement Activity

462.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

462.2 POLICY

The Medford Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

462.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (ORS 165.540).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

462.4 OFFICER/DEPUTY RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Public Recording of Law Enforcement Activity

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

462.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

462.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless ("First Amendment Privacy Protection, Unlawful Acts", 42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to

Medford Police Department

Medford PD Policy Manual

Public Recording of Law Enforcement Activity

be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Suspicious Activity Reporting

463.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

463.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

463.2 POLICY

The Medford Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

463.3 RESPONSIBILITIES

The Criminal Investigations Bureau Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Criminal Investigations Bureau Commander include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

463.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

463.5 HANDLING INFORMATION

The Records Division will forward copies of SARs, in a timely manner, to the following:

- Investigation Division supervisor
- Crime Analysis Unit
- Other authorized designees

Crisis Intervention Incidents

464.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

464.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

464.2 POLICY

The Medford Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

464.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

464.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Bureau Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

464.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Crisis Intervention Incidents

464.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

464.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available.

If Dispatch is no longer in communication with the complainant an officer should be assigned to attempt to locate the following information:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

Crisis Intervention Incidents

464.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Bureau Commander.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

464.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

464.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

464.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person

Crisis Intervention Incidents

may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

464.11 EVALUATION

The Bureau Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

464.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

Medical Aid and Response

465.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

465.2 POLICY

It is the policy of the Medford Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

465.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact ECSO and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide ECSO with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Medical Aid and Response

465.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

465.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a civil commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

465.6 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Medical Aid and Response

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

465.7 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

465.8 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Bureau Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.

Medical Aid and Response

- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

465.9 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

An AED should only be used by members who have completed a course with published standards and guidelines for CPR and the use of an AED.

465.9.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Coordinator who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact ECSO as soon as possible and request response by EMS.

465.9.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

465.9.3 AED TRAINING AND MAINTENANCE

The Training Coordinator should ensure appropriate training is provided to members authorized to use an AED.

The Training Coordinator is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule.

465.10 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocols specified by the physician who prescribed the overdose medication for use by the member.

465.10.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Coordinator.

Medical Aid and Response

Any member who administers an opioid overdose medication should contact ECSO as soon as possible and request response by EMS.

465.10.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Coordinator will ensure that the Records Manager is provided enough information to meet applicable state reporting requirements.

465.10.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Coordinator should ensure training is provided to members authorized to administer opioid overdose medication.

465.11 FIRST AID TRAINING

Subject to available resources, the Training Coordinator should ensure officers receive periodic first aid training appropriate for their position.

465.12 ADMINISTRATION OF EPINEPHRINE

In an emergency situation when a licensed health care professional is not immediately available, members who have successfully completed educational training for severe allergic responses may administer epinephrine (ORS 433.825).

465.12.1 EPINEPHRINE USER RESPONSIBILITIES

Members who are qualified to administer epinephrine should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Coordinator.

Any member who administers epinephrine should contact ECSO as soon as possible and request response by EMS.

465.12.2 EPINEPHRINE REPORTING

Any member administering epinephrine should detail its use in an appropriate report.

465.12.3 EPINEPHRINE TRAINING

The Training Coordinator should ensure that training is provided to members authorized to administer epinephrine (ORS 433.815; ORS 433.817; OAR 333-055-0030).

First Amendment Assemblies

466.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

466.2 POLICY

The Medford Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

466.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

First Amendment Assemblies

466.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

466.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to ECSO, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

466.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

466.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

466.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

First Amendment Assemblies

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

466.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

466.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

466.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

466.8 ARRESTS

The Medford Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

466.9 MEDIA RELATIONS

The Press Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

466.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

First Amendment Assemblies

466.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, ECSO records/tapes
- (g) Media accounts (print and broadcast media)

466.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

466.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Civil Disputes

467.1 PURPOSE AND SCOPE

This policy provides members of the Medford Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Oregon law.

467.2 POLICY

The Medford Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

467.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Civil Disputes

467.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

467.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

467.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

467.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

PROCEDURES:

- 500.01 PRO Receiving Citizen's Traffic Complaints [See attachment: 500.01 PRO Receiving Citizen Traffic Complaints.pdf](#)
- 500.02 PRO Setting Up the Radar Trailer [See attachment: 500.02 PRO Radar Trailer Set-Up.pdf](#)

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Medford Police Department. Information provided by the Department of Motor Vehicles and Oregon Department of Transportation is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating an officer's overall performance. The visibility and quality of an officer's work effort will

Medford Police Department

Medford PD Policy Manual

Traffic Function and Responsibility

be commensurate with the philosophy of this policy. Officers attempting to enforce traffic laws shall be in Medford Police Department uniform or shall conspicuously display an official identification card showing the officer's lawful authority (ORS 810.400). Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

Officers at the scene of a traffic accident and, based upon the officer's personal investigation, having reasonable grounds to believe that a person involved in the accident has committed a traffic offense in connection with the accident, may issue the person a citation for that offense (ORS 810.410(4)).

500.3.3 PHYSICAL ARREST

Officer may arrest or issue a citation to a person for a traffic crime at any place within the state. Generally, physical arrests are limited to major traffic offenses such as:

- (a) Driving Under the Influence of Intoxicants.
- (b) Hit-and-Run.
- (c) Attempting to Elude.
- (d) Reckless Driving with extenuating circumstances.
- (e) Situations where a violator refuses or cannot satisfactorily identify him/herself and therefore cannot be issued a citation.

500.3.4 ROADSIDE SAFETY CHECKS

Medford Police Department does not conduct, nor participate in roadside safety checks.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to ORS 810.410.

Traffic Function and Responsibility

Officers should attempt to interview the violator to obtain evidence that the violator knew their license was suspended. Ask if the violator is still living at the address on file with DMV and if not, how long since they moved and why they haven't notified DMV of their new address.

If a computer check of a traffic violator's license status reveals a suspended or revoked drivers license and the traffic violator still has his or her license in possession, the license shall be seized by the officer and the violator may also be cited for Failure to Return a Suspended License if evidence shows they knew they were suspended (ORS 809.500).

500.5 HIGH-VISIBILITY VESTS

The Medford Police Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; OAR 437-002-0134).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

A high-visibility vest is issued to each officer and shall be carried with each officer in each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored in order to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure they have a serviceable high-visibility vest with them.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Coordinator should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Function and Responsibility

500.6 ANNUAL REPORT

The Traffic Team supervisor completes an annual report and analysis of traffic collisions and traffic enforcement activities at the end of the calendar year. Such annual report shall include the following:

- (a) Compilation and review of traffic collision data and comparison with enforcement activities;
- (b) Compilation and review of general traffic enforcement activities, Department-wide;
- (c) Compilation, review and evaluation of selective traffic enforcement activities; and
- (d) Planning for future deployment and techniques for general traffic enforcement and selective enforcement activities.

Photo Traffic Enforcement

501.1 PURPOSE AND SCOPE

Medford Police Department employs reserve officers, per OAR 259-008-0005 and ORS 133.005 (4), to conduct photo radar enforcement, pursuant to Oregon Revised Statutes 810.438-439. Refer to POL 313 Reserve Officers for further details.

501.2 PHOTO RED LIGHT CAMERAS

Medford Police Department conducts photo enforcement of specific street intersections for red light violations.

Traffic Collision Reporting

502.1 PURPOSE AND SCOPE

The Medford Police Department prepares traffic collision reports in compliance with Oregon Revised Statutes 810.460 relating to reports of traffic accidents to the Oregon Department of Transportation and, as a public service makes traffic collision reports available to the community with some exceptions.

PROCEDURES:

- 502.01 PRO Responding to Fatal Traffic Accidents [See attachment: 502.01 PRO Responding to Fatal MVA.pdf](#)

Traffic collisions will be documented using the Oregon Police Traffic Crash Report. The Special Services Sergeant will receive all changes in the state manual and ensure conformity with this policy.

502.3 TRAFFIC COLLISION REPORTING

The Special Services Sergeant will be responsible for reports on traffic collision statistics to be forwarded to the Patrol Division Commander, or other persons as required. The Records Section will be responsible for monthly reports on traffic collision statistics to be forwarded to the Operations Bureau Commander and the Oregon Traffic Safety Commission.

502.4 REPORTING SITUATIONS

502.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

A **public-owned vehicle** is any vehicle owned by the City of Medford, Medford Water Commission and any government agency outside the City of Medford. These do not include vehicles owned by public utility companies (i.e., Qwest, Charter, Avista, etc.)

- (b) Retrieve the video memory disk from the MAV system, if any of the involved vehicles are owned by the City of Medford and are equipped with such system.
- (c) Consider having an outside police agency conduct the primary accident investigation.
- (d) Initiate a STAR Team call-out if there is a serious injury or fatality.
- (e) Complete a Human Resource's / Risk Management Supervisor's Incident Report.
- (f) Refer the report to the City Attorney for review.

Traffic Collision Reporting

The term **serious injury** is defined as any injury that results in hospitalization.

502.4.3 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Traffic collision reports are not required for collisions occurring on private property or premises open to the public unless there is a death or injury to any person involved or the collision is part of a crime (i.e. DUI, Reckless Driving, Hit and Run). If a collision report is taken on premises open to the public it is required to be written on an Oregon Police Traffic Crash Report.

502.4.4 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within this jurisdiction in the following cases:

- (a) There is a death, or injury to any person involved in the collision.
- (b) An officer issues a citation for a violation of the Vehicle Code.
- (c) The accident is initially reported by a garage operator who has received a vehicle involved in a serious accident or exhibiting evidence of having been struck by a bullet (Oregon Revised Statutes 822.600).

- (e) The collision meets the criteria for operators to submit a State Accident Report to the Department of Motor Vehicles.
- (f) An involved party requests a traffic collision report.

502.4.5 TOWING VEHICLES INVOLVED IN TRAFFIC COLLISIONS

A collision report will be required if a vehicle is damaged in a collision and a tow truck is necessary. Towing of a vehicle from a collision scene at the request of the driver when the vehicle would not otherwise be in need of towing, does not require a traffic collision report under this policy unless the incident meets the criteria in the Vehicle Towing policy.

502.5 NOTIFICATION OF TRAFFIC DIVISION SUPERVISION

In the event of a serious injury or death related traffic collision, the Watch Commander shall notify the Special Services Sergeant and initiate a STAR Team call-out to investigate the traffic collision.

Medford Police Department

4. Driving uninsured (Oregon Revised Statutes 809.720).

510.1.2 MANDATORY TOWING AND IMPOUND REQUIREMENTS

Officers **shall** tow or impound a motor vehicle at any time:

- (a) When the vehicle and / or its contents are subject of a criminal investigation and meets criteria authorized by ORS 133.535 (permissible objects of search and seizure).
- (b) Whenever the driver is cited or arrested for violation of any statute defined under ORS 809.720 and towing the vehicle is justified under any below-listed community caretaking concern:

510.2 RESPONSIBILITIES

The responsibilities of those officers towing or impounding a vehicle are as follows.

Vehicle Towing

510.2.1 VEHICLES CONSTITUTING A HAZARD OR OBSTRUCTION

Officers may take custody of and tow a vehicle that is disabled, abandoned, parked or left standing unattended when it creates a hazard or obstruction. Hazards and obstructions may include vehicles that are (ORS 819.120):

- (a) Parked so that any part of the vehicle extends into the paved portion of the travel lane.
- (b) Parked so that any part of the vehicle extends into the highway shoulder or bicycle lane of any freeway (ORS 819.120 (2)(b)).

Officers should use sound judgment in balancing the need to correct a hazardous situation with the potential hardship to a vehicle owner/operator before towing such a vehicle.

Officers impounding a vehicle shall complete a vehicle impound report. A copy is to be given to the tow truck operator and the original is to be submitted along with the incident report to the Records Division as soon as practicable after the vehicle is stored. Additionally, Officers are responsible for completing the standardized tow letter and providing this to the Records Division along with the impound report and incident report.

Records Division personnel shall promptly enter pertinent data from the completed vehicle impound report into the state's Law Enforcement Data Systems (LEDS).

Once a vehicle impound report is approved and forwarded to the Records Division, it shall be scanned into the computerized imaging system and promptly made available for release or for information should inquiries be made.

510.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the no preference towing company list in ECSO.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call a no preference towing company. The officer will then have the vehicle towed to the tow company's storage lot for safekeeping, and complete a Vehicle Impound form.

510.2.3 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Police Department should not be driven by police personnel unless it is necessary to move the vehicle a short distance to eliminate a hazard, to prevent the obstruction of a fire hydrant, or to comply with posted signs.

510.2.4 DISPATCHERS RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

Medford Police Department

Medford PD Policy Manual

Vehicle Towing

If the request is for no preference towing, the dispatcher shall call the firm whose name appears next on the No Preference Towing Service log and shall make appropriate entries on that form to ensure that the next firm is called on the next request.

510.2.5 NOTICE TO OWNERS

Once the vehicle is impounded, records personnel shall mail a copy of a standardized tow letter, which will include information describing the location of the vehicle and the procedures for its release to the legal and registered owners of the stored vehicle within 48 hours after it has been stored, not including Saturdays, Sundays or holidays, unless the vehicle has been previously released (ORS 819.180). The notice shall include:

- (a) That the vehicle has been taken into custody and towed; the identity of the appropriate towing authority and the statute, ordinance or rule under which the vehicle has been taken into custody and towed.
- (b) The location of the vehicle, or the telephone number and address of the authority that will provide that information.
- (c) That the vehicle is subject to towing and storage charges, the amount of charges that have accrued to the date of the notice and the daily storage charges.
- (d) That the vehicle and its contents are subject to a lien for payment of the towing and storage charges and that the vehicle and its contents will be sold to cover the charges if the charges are not paid by a date specified by the appropriate authority.
- (e) That the owner, possessor or person having an interest in the vehicle and its contents is entitled to a prompt hearing to contest the validity of taking the vehicle into custody and towing it, and to contest the reasonableness of the charges for towing and storage if a hearing is requested in a timely manner.
- (f) The time within which a hearing must be requested and the method for requesting a hearing.
- (g) That the vehicle and its contents may be immediately reclaimed by presentation to the appropriate authority of satisfactory proof of ownership or right to possession, and either payment of the towing and storage charges or the deposit of cash security or a bond equal to the charges with the appropriate authority.

510.3 TOWING SERVICES

The City of Medford periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

- (a) When a vehicle is being held as evidence in connection with an investigation
- (b) When it is otherwise necessary to impound a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations

Nothing in this policy shall require the Department to tow a vehicle.

Vehicle Towing

510.3.1 NO PREFERENCE TOW SERVICES

Upon proper application, the Department may approve qualified towing services to be called when a citizen needs towing but has no preference as to which service to call.

A non preference tow company (from a rotating list) should be utilized when recovering a stolen or abandoned vehicle or removal of a vehicle from the streets due to traffic obstruction in violation of state or local regulations.

Any complaint alleging a violation of the agreement or other misconduct by a no preference operator shall be referred to the Special Services Sergeant for investigation. The Department may periodically review the performance of each authorized no preference operator.

The Department will assist citizens by calling any towing company desired. If the citizen has no preference and requests towing service, one of the authorized firms shall be called in rotation.

All officers are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

510.4 IMPOUNDS RELATED TO CRIMINAL INVESTIGATIONS

Officers should impound vehicles that are needed for the furtherance of an investigation or prosecution of a case or are otherwise appropriate for seizure under ORS 133.535. State law requires the impounding officer to take reasonable steps to protect against loss or damage to impounded vehicles and any contents that may have been taken as evidence (ORS 133.537).

Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than store it, so long as the vehicle is not needed for evidence. If a recovered stolen vehicle is towed, the officer shall share the owner's contact information, including the person's home address and telephone number, with the towing service that assumes control of the vehicle (ORS 98.857).

510.5 IMPOUND AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or storing the arrestee's vehicle subject to the exceptions described below. However, the vehicle shall be stored, subject to applicable laws and warrant requirements, whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine, reasonably suggests that the vehicle should be stored (e.g., the vehicle would present a traffic hazard if not removed or, due to a high crime area, the vehicle would be in jeopardy of theft or damage if left at the scene).

While the Oregon Revised Statutes may authorize the impoundment of a vehicle for issues such as driving with a suspended or revoked license (ORS 809.720), impounds are only authorized if, in such cases, leaving the vehicle would create a hazard, obstruction or a risk of loss.

The following are examples of situations where the arrestee's vehicle should not be stored, provided the vehicle can be legally parked, left in a reasonably secured and safe condition and the vehicle is not needed for the furtherance of an investigation:

Vehicle Towing

- The vehicle is parked on private property on which the registered owner or operator is legally residing, or the property owner does not object to the vehicle being left parked at that location.
- When the arrestee or a passenger is the registered or legal owner of the vehicle and requests that the vehicle be released to a person who is present, willing and able to legally take control of the vehicle.
- Whenever the vehicle is legally parked and otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling employee shall inform the arrestee and note in the report that the Department will not be responsible for theft or damages.

510.6 VEHICLE INVENTORIES

The contents of all impounded vehicles shall be inventoried in accordance with the following procedure:

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, the glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in the following locations:
 1. Any other type of unlocked compartments that are a part of the vehicle including, but not limited to, unlocked glove compartments, unlocked vehicle trunks and unlocked car top containers.
 2. Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers, provided the keys are available and are to be released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
- (c) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following, which shall be opened for inventory: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money or small valuables, or closed containers which are designed for hazardous materials.
- (d) Other closed containers shall be opened and inventoried if the owner acknowledges they contain cash in excess of \$10, valuables or a hazardous material.

Medford Police Department

Medford PD Policy Manual

Vehicle Towing

- (e) Any valuables, to include cash in excess of \$10 or property valued at more than \$200, located during the inventory process will be listed on a property receipt and stored in this agency's property/evidence room. A copy of the property receipt will either be left in the vehicle or tendered to the person in control of the vehicle if such person is present.
- (f) The inventory is not a search for evidence of a crime, however, officers shall seize evidence or contraband located during the inventory. Items should be scrutinized to the extent necessary to complete the inventory.
- (g) Tow truck operators are to receive a copy of the tow report.

These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

510.6.1 PURPOSE OF VEHICLE INVENTORY

The vehicle inventory is not a search for evidence of a crime, but instead to:

- (a) Locate weapons or instruments that pose a hazard to the safety of the officer(s) or tow operator, or that could facilitate escape by an arrestee;
- (b) Locate hazardous materials, toxic substances, flammables and explosives that would pose a threat to the officer, tow operator or the public at large;
- (c) Identify property to establish accountability and avoid spurious claims of ownership of the property;
- (d) Document any significant damage to the vehicle;
- (e) Assist in the prevention of theft of property and in locating stolen property; and
- (f) Reduce the danger to all persons and property.

The inventory shall be conducted in a manner to protect and secure the property for the benefit of the owner. Property shall be safeguarded during the time it is in Medford Police Department custody and control (including custody and control of the towing contractor) and returned to the owner in the condition in which it was received.

The investigating officer shall thoroughly and articulately document circumstances justifying towing of the vehicle, surrounding community caretaking concerns in the Incident Report.

510.7 VEHICLE SEARCHES

Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. Vehicle searches should be handled according to current training and an officer's familiarity with relevant case law. Generally, a search warrant should be sought prior to conducting a search of a vehicle.

Vehicle Towing

Because circumstances under which a warrantless search of a vehicle might be permissible are very limited, and because vehicle searches are subject to many restrictions, officers should, whenever possible, seek supervisory approval before conducting a warrantless search of a vehicle.

510.8 SECURITY OF VEHICLES AND PROPERTY

After a thorough inventory of the vehicle has been completed and all contraband, evidence and weapons have been removed the officer should make reasonable accommodations to permit a driver or owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions).

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.9 RELEASE CRITERIA

A vehicle impounded under this section shall be released to a person entitled to lawful possession of the vehicle (i.e., listed as the registered or legal owner through DMV records) upon compliance with the following:

- (a) Proof that a person with valid driving privileges will be operating the vehicle.
- (b) Proof of compliance with financial responsibility requirements for the vehicle.
- (c) Payment of the Medford Police Department administrative fee and any towing and storage charges.
- (d) A security interest holder in the vehicle is not required to comply with (a) and (b) and may obtain release by paying the administrative fee, towing and storage fees.

Impaired Driving

512.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

512.2 POLICY

The Medford Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Oregon's impaired driving laws.

512.2.1 ALCOHOL RELATED CRASH REPORTS

Officers investigating DUI crashes with injuries shall promptly complete an Alcohol Related Crash Incident Report if all of the following criteria have been met upon conclusion of the accident investigation:

- (a) Police investigate any motor vehicle accident where someone other than the operator is injured or incurs property damage;
- (b) The operator appears to have consumed alcoholic beverages;
- (c) A citation is issued against the operator that is related to the consumption of alcoholic liquor or could have been issued if the operator had survived; and
- (d) The provider of the alcoholic liquor is alleged to be a licensee or permittee of the Oregon Liquor Control Commission.

Completed Alcohol Related Crash Incident Reports shall be sent to the Oregon Liquor Control Commission via Records Division.

512.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Special Services Sergeant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.

Impaired Driving

- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Oregon or another jurisdiction.

512.4 DUI ENFORCEMENT GRANTS

Medford Police Department participates in state and federal grant programs that target DUI enforcement.

512.5 CHEMICAL TESTS

A person implies consent under Oregon law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (ORS 813.100):

- (a) The arresting officer has reasonable grounds to believe that the person was DUI.
- (b) The person is arrested for DUI and takes a breath test that discloses a blood alcohol content of less than 0.08 percent (ORS 813.131).
- (c) The person is arrested for DUI and was involved in an accident resulting in injury or property damage (ORS 813.131).
- (d) The person is receiving medical care at a health care facility immediately after a motor vehicle accident and the arresting officer has reasonable grounds to believe that the person was DUI.

If a person withdraws this implied consent the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

512.5.1 BREATH SAMPLES

The Special Services Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Special Services Sergeant.

512.5.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (ORS 813.160). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

Impaired Driving

If an arrestee cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

512.5.3 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

512.5.4 STATUTORY NOTIFICATIONS

Prior to administering any tests, the person shall be informed of the rights and consequences for DUI and refusals of testing (ORS 813.100; ORS 813.130; ORS 813.135).

512.5.5 ADDITIONAL REQUIREMENTS FOR URINE SAMPLES

An officer may not request that a person submit to a urine test unless the officer is certified by the Department of Public Safety Standards and Training as having completed the required training in the recognition of drug impaired driving. The officer must also have a reasonable suspicion to believe that the person arrested has been driving under the influence of cannabis, a controlled substance, an inhalant or any combination of cannabis, an inhalant, a controlled substance and intoxicating liquor (ORS 813.131).

The person providing the urine sample shall be given privacy and may not be observed by the officer when providing the sample (ORS 813.131).

512.5.6 ADDITIONAL TESTING

An officer requesting that a person submit to a chemical test shall also provide the person, upon request, with a reasonable opportunity to have a qualified medical professional of their choosing administer an additional chemical test. The test may be of the person's breath or blood if alcohol concentration is an issue or of the person's blood or urine if the presence of cannabis, a controlled substance or an inhalant in the person's body is an issue (ORS 813.150).

512.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (ORS 813.100; ORS 813.130; ORS 813.131; ORS 813.135).
- (b) Audio- and/or video-record the admonishment and the response when it is legal and practicable.
- (c) Document the refusal in the appropriate report.

Impaired Driving

512.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the written notice of intent to suspend upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (ORS 813.100).

512.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (ORS 813.100).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

512.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video when legal and practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

Impaired Driving

3. In felony cases, force that reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

512.7 ARREST AND INVESTIGATION

512.7.1 OFFICER RESPONSIBILITIES

If a person refuses to submit to a chemical test or if a test discloses that the person had a prohibited alcohol concentration in his/her blood, the investigating officer shall cause the following items to be forwarded to the Driver and Motor Vehicle Services Division of the Department of Transportation (DMV) within 10 days of the arrest (ORS 813.100; OAR 735-090-0040):

- The completed Implied Consent Form
- Any confiscated license or permit belonging to the person
- A copy of the written report that complies with ORS 813.120

An officer confiscating a person's license pursuant to state DUI laws shall provide the person with a temporary driving permit unless (ORS 813.100; ORS 813.110):

- The driving privileges of the person were suspended, revoked or canceled at the time the person was arrested.
- The person whose license was confiscated was operating on an invalid license.
- The person was not entitled to driving privileges at the time of the arrest for any other reason.
- The person holds a license or permit granting driving privileges that was issued by another state or jurisdiction and that is not confiscated.

512.7.2 OFFENSE FOR REFUSAL

If a person refuses to submit to a breath or urine test, the arresting officer may charge the person with a separate offense (ORS 813.095).

512.8 RECORDS DIVISION RESPONSIBILITIES

The Records Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

512.9 TRAINING

The Training Coordinator should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving,

Medford Police Department

Medford PD Policy Manual

Impaired Driving

investigative techniques and rules of evidence pertaining to DUI investigations. The Training Coordinator should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

514.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

514.2 RESPONSIBILITIES

The Property Control Division shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

514.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Special Services Sergeant or the Watch Commander. Upon a review of the circumstances involving the issuance of the traffic citation, the Special Services Sergeant may request the Patrol Division Commander to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Patrol Division Commander for review.

514.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Records Division.

514.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. Upon supervisory approval, the citation and letter shall then be forwarded to the Municipal Court, or other court of jurisdiction. The investigating officer shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.

Traffic Citations

514.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Division.

Upon separation from employment with this department, all employees issued traffic citations books shall return any unused citations to the Records Division.

514.7 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults, depending on circumstances. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Juveniles shall be cited into Municipal Court same as adults, except:

- (a) Felony traffic crimes and DUII charges are cited into Circuit Court, Juvenile Division; and
- (b) Juveniles under 16 years of age are cited into Municipal Court on the first Wednesday of the month at 3:30 pm, to be accompanied by a parent or guardian.

Disabled Vehicles

518.1 PURPOSE AND SCOPE

Public safety, and the Medford Police Department's commitment to service, requires that officers place a high priority on assisting disabled motorists. This policy provides guidelines for achieving that objective.

518.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

518.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist. Officers should provide for the safety of the motorist and should not leave a motorist in a hazardous situation.

518.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

Escort Services

525.1 PURPOSE AND SCOPE

Medford Police Department should not provide emergency response escort services for any other vehicle.

In a medical emergency, an officer may transport an injured person in his / her vehicle or summon an ambulance for transport.

Non-emergency escorts for parades, special events, oversized loads, etc. may be provided upon approval by a supervisor. Persons requesting such escort services shall secure authorized permits prior to the event.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

When assigned to a case for initial or follow-up investigation, detectives shall proceed with due diligence in evaluating and preparing the case for appropriate clearance or presentation to a prosecutor for filing of criminal charges.

One or more detectives shall be available 24 hours a day for criminal investigations and the processing of crime scenes. The Oregon State Police crime lab is an additional resource for processing of serious and involved crime scenes.

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations

600.2 POLICY

It is the policy of the Medford Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.

Investigation and Prosecution

4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 5. Collect any evidence.
 6. Take any appropriate law enforcement action.
 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 CIVILIAN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 ASSIGNMENT OF CASES TO INVESTIGATIONS

All cases handled by patrol officers are reviewed by a Criminal Investigations Division supervisor. Cases are assigned to CID personnel based on:

- (a) Seriousness of the offense;
- (b) Nature of follow-up required, based on the assigned investigator's expertise, training and assigned field of investigations; or
- (c) Solvability factors.

Case reports with no leads or minimal solvability factors may be assigned to specific investigators for their review, only with no further action required.

CID supervisors send notice to patrol officers when their individual cases are assigned to specific CID personnel for follow-up investigation.

600.4.1 CASE STATUS CATEGORIES

Status of case reports are determined by supervisors as follows:

- (a) Open--Assigned to an investigator for follow-up;
- (b) Open--Reassigned back to the original investigating officer;
- (c) Closed / Exceptionally--Suspect is known, but cannot be prosecuted for legal or other reason;
- (d) Unfounded--The crime did not occur as reported;
- (e) Inactive--There is insufficient evidence for prosecution. The suspect may be known or unknown. Further investigation needs to be accomplished; and
- (f) Closed by Arrest--Case cleared with the arrest of the suspect.

Investigation and Prosecution

Assigned investigators shall complete follow-up reports on each assigned case within 30 days of case assignment until the case is closed, unless excused from reporting by a CID supervisor.

600.5 COLLECTION OR MAINTENANCE OF SPECIFIC INFORMATION

The collection or maintenance of information about the political, religious or social views, associations or activities of any individual, group, association, organization, corporation, business or partnership shall occur only when the information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct (ORS 181A.250).

600.6 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.6.1 AUDIO/VIDEO RECORDINGS

Generally, except where circumstances make it impracticable, custodial interviews regarding felony offenses should be electronically recorded. When such custodial interviews are conducted in a law enforcement facility, electronic recording of the interview is mandatory absent good cause not to record if the interview is conducted in connection with an investigation into aggravated murder, as defined in ORS 163.095, or a crime listed in ORS 137.700 or ORS 137.707 (ORS 133.400).

A custodial interview of a person 17 years of age or under involving an investigation into a misdemeanor or a felony or an allegation that the juvenile being interviewed committed an act that would be a misdemeanor or a felony if committed by an adult shall be recorded, absent good cause not to record the interview, if (ORS 133.402):

- (a) The interview is conducted at a courthouse or at any law enforcement agency authorized to detain juvenile offenders; or
- (b) The interview is conducted anywhere else and the officer is wearing a body-worn camera.

If an interviewee expresses an unwillingness to have the custodial interview electronically recorded but agrees to speak to investigators without such recording, the interviewing officer or detective should document the refusal in his/her report and request that the interviewee sign a written statement or provide a recorded statement of his/her refusal to have the interview recorded.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law (ORS 165.540).

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigation Division supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the

Investigation and Prosecution

original recording, provided the copies are true, accurate, and complete and are made only for authorized and legitimate law enforcement purposes. Electronic recording of a custodial interview shall be preserved until the conclusion of the criminal proceeding or youth adjudication proceeding, including post-conviction relief and habeas corpus appeals are exhausted, or until the prosecution of the offense is barred by law (ORS 133.400).

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.7 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Bureau Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.8 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

Investigation and Prosecution

600.9 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.10 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.10.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

Informants

608.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

PROCEDURES:

- 608.01 PRO Establishing Informants [See attachment: 608.01 PRO Establishing Informants.pdf](#)
- 608.02 PRO Confidential Funds Management [See attachment: 608.02 PRO Confidential Fund Management.pdf](#)

608.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Medford Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Medford Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 POLICY

The Medford Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

608.3 USE OF INFORMANTS

608.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any

Informants

- (c) The court in which the juvenile's case is being handled, if applicable
- (d) The Chief of Police or the authorized designee

608.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

608.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Bureau Commander, MADGE supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Medford Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the MADGE supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the MADGE supervisor.
 - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

Informants

608.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.4.2 TERMINATION OF AN INFORMANT

Whenever an established informant violates any terms of the agreement or is otherwise undesirable as an informant, the involved officer shall notify the MADGE Operations Sergeant immediately. The Operations Sergeant may then facilitate termination of the agreement. Specific reasons for terminating the agreement may include (but not limited to) the following: (a) Untruthfulness; or (b) Theft of Department Funds and/or property. In all such cases, contact with the informant should cease immediately. The circumstances surrounding the termination of the informant will be documented in their individual file. An entry may be made in the Western States Intelligence Network (WISN) files, citing the informant's unreliability.

608.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Medford Police Department

Medford PD Policy Manual

Informants

Informant files shall be maintained in a secure area within the MADGE. The MADGE supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Bureau Commander, MADGE supervisor or their authorized designees.

The Criminal Investigations Bureau Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the MADGE supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

608.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

- (a) Name and aliases
- (b) Date of birth
- (c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
- (d) Photograph
- (e) Current home address and telephone numbers
- (f) Current employers, positions, addresses and telephone numbers
- (g) Vehicles owned and registration information
- (h) Places frequented
- (i) Briefs of information provided by the informant and his/her subsequent reliability
 - 1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
- (j) Name of the officer initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

608.6 CONFIDENTIAL FUND AUDITS

A Medford Police Division Commander not assigned to MADGE conducts quarterly audits of the confidential fund and reports directly to the Chief of Police, or the Chief's designee. The Operations Bureau Commander conducts semi-annual quarterly audits of the confidential fund and reports directly to the Chief of Police.

Informants

608.7 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The MADGE supervisor will discuss the above factors with the MADGE/CID Commander and recommend the type and level of payment subject to approval by the Chief of Police.

608.7.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

- (a) Payments may be paid in cash from a MADGE buy/expense fund.
- (b) The MADGE supervisor shall sign the voucher for cash payouts from the buy/expense fund.
- (c) To complete the payment process for any amount, the officer delivering the payment shall complete an evidentiary fund account receipt.
 1. The evidentiary fund account receipt shall include the following:
 - (a) Date
 - (b) Payment amount
 - (c) Medford Police Department case number
 - (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
 2. The evidentiary fund account receipt shall be signed by the informant.
 3. The evidentiary fund account receipt will be kept in the informant's file.

608.7.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement

Medford Police Department

of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

608.7.3 AUDIT OF PAYMENTS

The MADGE supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

FORMS:

- 610.01 FRM EYEWITNESS IDENTIFICATION FORM PHOTO LINE UP [See attachment: 610.01 FRM Eyewitness Identification Form Photo Line Up Admonishment.pdf](#)
- 610.02 FRM EYEWITNESS IDENTIFICATION FORM SHOWUP [See attachment: 610.02 FRM Eyewitness Identification Form Show Up Admonishment.pdf](#)

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

The Medford Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

Eyewitness Identification

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigation Division supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the suspect's photograph may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

Eyewitness Identification

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

610.7 SHOWUPS

Photo lineups are preferable to showups; however, some circumstances require the prompt display of a suspect to a witness. Showups should be conducted as follows:

- (a) Consider if a photo lineup can be conducted instead;
- (b) Obtain a thorough description of the suspect from each witness prior to the showup;
- (c) Ensure all officers avoid suggestive words or conduct while preparing for the presentation;
- (d) If possible, avoid unnecessarily tarnishing the suspect by, for example, presenting a suspect in handcuffs or from the backseat of a patrol car;
- (e) Transport the witness, not the suspect;
- (f) Separate witnesses to avoid communication between them;
- (g) Read the instructions from the *Eyewitness Identification* form, ensuring and documenting the witness understands the instructions;
- (h) Document the witness's statement on the *Eyewitness Identification* form;
- (i) When possible, record the presentation.

610.8 TRAINING

All sworn personnel shall receive training on this policy and the presentation of lineups and showups.

610.9 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably

Eyewitness Identification

stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.10 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

Medford Police Department

Medford PD Policy Manual

Eyewitness Identification

- (g) A person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Brady Material Disclosure

611.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

611.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** -Information known or possessed by the Medford Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

611.2 POLICY

The Medford Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Medford Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

611.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.

Brady Material Disclosure

611.4 BRADY PROCESS

The Chief of Police shall select a member of the Department to coordinate requests for *Brady* information. This person shall be directly responsible to the Administration Support Bureau Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Working with the appropriate prosecutors' offices and the City Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
 - 1. Updating the list whenever potential *Brady* information concerning any department member becomes known to the Department or is placed in a personnel or internal affairs file.

611.5 DISCLOSURE OF REQUESTED INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in-camera review by the court.
 - 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

Medford Police Department

Medford PD Policy Manual

Brady Material Disclosure

611.6 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

611.7 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable (ORS 147.401).

613.5 INVESTIGATION AND REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. Any case deemed to require additional follow up will be assigned to a Detective. Report screening and assignment will be the responsibility of the Detective Sergeant.

613.6 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to ECSO, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

The sexual assault victim should be provided the opportunity to have a member of SART or a personal representative in the initial interview.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the place and time of the victim's choosing. Whenever practicable, the follow-up interview should be conducted by a qualified investigator. Victims choosing to provide their statement at a later time should be made aware the importance of evidence collection. Officers should make every effort to obtain evidence of the assault as quickly as possible.

Victims are often reluctant or embarrassed to discuss details. Recanting or changing one or more aspects of a prior statement is not necessarily an indication of false reporting or that the case is

Sexual Assault Investigations

unfounded. If the responding officer has reason to believe the incident may be without merit, (s)he should document the evidence and inconsistencies. Due to physical and emotional trauma, and the myths and stereotypes associated with sexual assault, inconsistencies in the victim's report are not uncommon. No opinions of whether the case is unfounded shall be included in the report.

613.6.1 POLYGRAPH EXAMINATION OF VICTIMS

Victims and any complaining witness in a case involving the use of force, violence, duress, menace or threat of physical injury in the commission of any sex crime under ORS 163.305 through ORS 163.575, shall not be required to submit to a polygraph examination as a prerequisite to filing criminal charges (34 USC § 10451; ORS 163.705).

613.6.2 VICTIM RIGHTS

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy, and provided with a **You Are In Control** pamphlet.

Victims have the right to select a person, 18 years of age or older, to be the victim's personal representative to accompany the victim during the phases of investigation, including medical examinations. The personal representative may only be excluded if there is a belief that the representative would compromise the process (ORS 147.425).

Information will be provided to victims of sexual assault upon their request. Designated personnel will be responsible for receiving calls and providing information with the following procedures:

- (a) The Medford Police Department Property Control personnel will receive all telephone inquiries concerning sexual assault forensic evidence kits and serve as a liaison between Medford Police Department and Department of State Police.
- (b) Victims shall be provided with the public phone number to the Medford Police Department Property Control facility at the time that a sexual assault forensic evidence kit is collected. Victims may call to request and receive information concerning sexual assault forensic evidence kits, including but not limited to location, testing date and testing results of a kit, whether a DNA sample was obtained from the kit, whether or not there are matches to DNA profiles in state or federal databases, and the estimated destruction date for the kit. Responses to victim inquiries of this nature shall be handled as soon as possible and within 30 days of inquiry, unless the Medford Police Department declines to provide the information. Property control should refer inquiries regarding test results of a kit to the CID Sergeant.
- (c) The Medford Police Department may decline to provide information that interferes with the investigation or prosecution of the case.
- (d) A sexual assault victim may provide the Medford Police Department with written authorization for a designee to access information on the victim's behalf.
- (e) A sexual assault victim may contact the Medford Police Department in order to request that an uncontested non-anonymous kit be reclassified as an anonymous kit, or an untested anonymous kit be reclassified as a non-anonymous kit and to participate with

Sexual Assault Investigations

the law enforcement agency in the creation of a report of sexual assault associated with the sexual assault forensic evidence kit.

613.7 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim. When a victim agrees to participate in a medical assessment, the officer shall contact a victim advocate and make reasonable efforts to ensure that the advocate is present and available at the medical facility if such notification has not already been made by medical personnel (ORS 147.404).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Unless the victim has chosen to remain anonymous, sexual assault kits or biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, shall be submitted for biological testing (ORS 181A.325).

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

613.7.1 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable. Investigating members should work with the crime victim liaison as provided in the Victim and Witness Assistance Policy.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

613.8 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigation Division supervisor.

Sexual Assault Investigations

Classification of a sexual assault case as unfounded requires the Investigation Division supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

613.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigation Division supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

613.10 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

Warrant Service

614.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

614.2 POLICY

It is the policy of the Medford Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

614.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) is the division commander, the SWAT commander, or authorized designee. They will review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

614.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

614.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

Warrant Service

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

614.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

614.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is video-recorded when practicable and reasonable to do so. The warrant service may be audio-recorded with notice to all parties to a conversation that

Warrant Service

a recording is being made unless otherwise permitted in the warrant or ORS 133.726 (ORS 165.540).

- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

614.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

614.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

614.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

Warrant Service

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Medford Police Department are utilized appropriately. Any concerns regarding the requested use of Medford Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Watch Commander should assume this role.

If officers intend to serve a warrant outside Medford Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Medford Police Department when assisting outside agencies or serving a warrant outside Medford Police Department jurisdiction.

614.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

614.12 TRAINING

The Training Coordinator should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

615.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

615.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search warrants, service of arrest warrants and any other operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

615.2 POLICY

It is the policy of the Medford Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

615.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

615.4 RISK ASSESSMENT

615.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Medford Police Department

Medford PD Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

615.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and/or the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

615.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. Special Weapons and Tactics Team (SWAT)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation

Operations Planning and Deconfliction

7. Additional surveillance
 8. Canines
 9. Property and Evidence Section or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

615.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

615.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present,

Medford Police Department

information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids

3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

615.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

615.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and

Medford Police Department

Medford PD Policy Manual

Operations Planning and Deconfliction

responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that ECSO is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by ECSO, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

615.8 SWAT PARTICIPATION

If the operations director determines that SWAT participation is appropriate, the director and the SWAT supervisor shall work together to develop a written plan. The SWAT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SWAT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

615.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

615.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SWAT debriefing.

Medford Police Department

Medford PD Policy Manual

Operations Planning and Deconfliction

615.11 TRAINING

The Training Coordinator should ensure officers and SWAT team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

702.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

702.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Medford Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PCD

- (d) Members may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.

Personal Communication Devices

- (e) Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

- (c) Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

702.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (ORS 811.507). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Vehicle Use

706.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Medford to provide assigned take-home vehicles.

706.2 POLICY

The Medford Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

706.3 USE OF VEHICLES

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

706.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

Members assigned to vehicles equipped with a Mobile Digital Computer (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify ECSO. Use of the MDC is governed by the Mobile Digital Computer Use Policy.

706.3.6 VEHICLE LOCATION SYSTEM

While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Bureau Commander approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

706.3.7 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

706.3.9 ALCOHOL

Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

706.3.10 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

706.4.1 ON-DUTY USE

Assignment of take-home vehicles shall be based on the location of the member's residence; the nature of the member's duties, job description and essential functions; and the member's employment or appointment status. Residence in the City of Medford is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Medford may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police. Members who reside outside of Jackson County will not be allowed to drive their take-home vehicles home and will be required to secure the vehicle at the Department.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Bureau Commander gives authorization.
- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.
- (c) Vehicles will not be used when off-duty except:

 3. All department identification, portable radios and equipment should be secured.
- (g) Vehicles are to be parked off-street at the member's residence unless prior arrangements have been made with the Chief of Police or the authorized designee. - (h) Vehicles are to be secured at the member's residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.
1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.
 2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

706.4.5 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.

- (g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

706.5 UNMARKED VEHICLES

Unmarked vehicles are assigned to various bureaus and their use is restricted to the respective bureau and the assigned member, unless otherwise approved by a supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the bureau for that purpose. Any use of unmarked vehicles by those who are not assigned to the bureau to which the vehicle is assigned shall also be recorded with the Watch Commander on the shift assignment roster.

706.6 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Watch Commander. The Rangemaster shall ensure eye protection meets or exceeds the requirements provided in OAR 437-002-0134.

710.6 HEAD AND BODY PROTECTION

Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

710.7 RESPIRATORY PROTECTION

The Administration Support Bureau Commander is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (29 CFR 1910.134; OAR 437-002-0120):

710.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall

Personal Protective Equipment

reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134; OAR 437-002-0120):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.

710.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (29 CFR 1910.134; OAR 437-002-0120):

- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

710.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; OAR 437-002-0120).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.

Medford Police Department

Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
- (c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (29 CFR 1910.134; OAR 437-002-0120).

After initial testing, fit testing for respiratory PPE shall be repeated (29 CFR 1910.134; OAR 437-002-0120):

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

800.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime;
- Geographic factors;
- Temporal factors;
- Victim and target descriptors;
- Suspect descriptors;
- Suspect vehicle descriptors;
- Modus operandi factors;
- Physical evidence information; and
- Problem-oriented or community policing strategies.

800.4 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the

Care shall be taken to maintain the chain of custody for all evidence. When not specifically addressed by this manual, collection and handling of all evidence and property should follow the guidelines established by the State of Oregon Physical Evidence Manual.

Employees will provide a receipt for all items of property or evidence that are received or taken from any person. If no person is present, and the property or evidence is removed from private property or a vehicle, the employee will leave a receipt prominently placed on the private property or the vehicle.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item(s).

804.3.1 PRISONER PROPERTY

Officer's Procedure Logging in Prisoner Property :

Note: Under most circumstances the jail will not accept prisoner's property therefore it is the officer's responsibility to complete the following steps to ensure safety and security for all.

An administrative inventory of the arrestee's personal property shall be conducted for the purpose of protecting an arrested person's personal property by itemizing and issuing a receipt for valuable items and ensuring the safety and security of the Evidence Division. Closed containers shall be opened and inventoried.

- The Evidence Division **WILL NOT ACCEPT ANY PRISONER'S** PROPERTY that has not been inventoried by the officer. This inventory includes checking for **WEAPONS, DRUG PARAPHERNALIA, DRUGS, EXPLOSIVE DEVICES, SHARPS, PERISHABLE FOOD ITEMS, BIO-HAZARDS, AND VALUABLES INCLUDING CASH**, prior to being placed into MPD custody. This is an important safety issue. If any of the above items are located, they shall be removed from the belongings and logged in separately thru the Computerized Evidence Management System. If any explosive devices are found, a supervisor will be immediately contacted and the Oregon State Bomb Squad notified.
- Complete logging in the prisoner's property thru the Computerized Evidence Management System. Select the type of property as "PPR" (prisoner property), enter

Medford Police Department

Medford PD Policy Manual

Property and Evidence

the prisoner's name and select the check boxes as owner/return to. If the prisoner has cash, follow the instructions for logging in currency.

- Print your barcode with the item description and attach to the prisoner's property and place in the Prisoner Property room. **Note: items describe above such as weapons, drugs or drug paraphernalia, bio-hazards, and cash that are packaged separately are to be placed in a slam locker. Perishable food items, bio-hazards, and sharps are to be noted in the officer's report and disposed of.**

804.3.2 PROPERTY BOOKING PROCEDURE

All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

- (a) Complete the property mask in the Computerized Evidence Management System describing each item of property separately, listing all serial numbers, owner's name, finder's name, and other identifying information or markings.
- (b) Seal each item of evidence with tamper proof evidence tape, date and initial with booking employee's initials using the appropriate method so as not to deface or damage the value of the property.
- (c) Print out the barcodes for each item of evidence/property and attach it to each package or envelope in which the property is stored.
- (d) At the final submit stage in the Computerized Evidence System, a property report will be sent via email to the Records Division.
- (e) When the property is too large to be placed in a locker, the item may be retained in the vehicle bay.

804.3.3 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs (including paraphernalia as defined by ORS 475.525(2)) shall be booked separately using a separate Property Record.

The officer seizing the narcotics and dangerous drugs shall place them in a slam locker after logging them in and placing a barcode on the evidence envelope.

804.3.4 EXPLOSIVES/HAZARDOUS SUBSTANCES

Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Watch Commander. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives. In the event of military ordnance, the closest military unit shall be notified and will be responsible for removal of the device.

Explosives will not be retained in the police facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials.

Medford Police Department

Medford PD Policy Manual

Property and Evidence

- (g) All offsite counts without video surveillance shall be recorded with (in the presence of) a body camera.

City property, unless connected to a known criminal case, should be released directly to the appropriate City department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

804.3.6 COLLECTION AND PRESERVATION OF DNA EVIDENCE

Because DNA evidence can play a key role in establishing guilt or innocence, it is important that such evidence be collected, handled, and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, officers should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 163A.005. The Property Specialist will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

A barcode shall be securely attached to the evidence packaging to secure the evidence.

804.4.2 PACKAGING NARCOTICS

The officer seizing narcotics and dangerous drugs shall retain such property in their possession until it is properly weighed, packaged, tagged, and placed in the designated locker. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer's report.

Narcotics and dangerous drugs shall be packaged in an envelope of appropriate size available in the report room and complete the Computerized Evidence System. The booking officer shall initial the sealed envelope and the initials covered with evidence tape. Narcotics and dangerous drugs shall not be packaged with other property.

Release of evidence shall be made upon receipt of an authorized release form, listing the name of the person to whom the property is to be released. The release authorization shall be signed by the assigned officer or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Manager for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Division to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk. In those instances, cell phones should be used if possible. The transmission should be limited to essential details only, with maximized use of law enforcement codes (10 or 12 code), concealing information identifying individuals and offenses as much as possible. PROCEDURES:

- 814.01 PRO Seizing Electronic Evidence

FORMS:

- 814.02 FRM Forensic Computer Examination Request

813.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the officer should consult with a computer specialist and the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.

Medford Police Department

Computers and Digital Evidence

2. Disconnect the power cable from the back of the computer box (For laptops, disconnect any power cable from the case and remove the battery).
 3. Seal each drive slot with evidence tape.
 4. Package all components as fragile cargo.
 5. Seize all instruction manuals and software related to the computer.
- (e) Label each item with case number and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Property and Evidence Section. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
1. Where the computer was located and whether or not it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

813.2.1 BUSINESS OR NETWORK COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

813.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to the Computer Forensic Examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.

Computers and Digital Evidence

- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

813.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media, to include hard discs, floppy discs, CDs, DVDs, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

813.4 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a faraday bag to prevent the device from sending or receiving information from its host network.

813.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting evidence recorded by officers and stored digitally using digital cameras, audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

813.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

Computers and Digital Evidence

The following are required procedures for the submission of digital media recorded by officers using Department-owned cameras, audio recording devices or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to a Records Specialist as soon as possible for submission into evidence. Once the recording has been completely downloaded, the storage device may be erased and returned to the officer for re-use. The Records Specialist will make any necessary copies of the memory card using appropriate storage media.
- (b) Officers are not authorized to review or copy memory cards. Records Specialists are the only employees authorized to copy and/or distribute digital media made from the memory cards.

813.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.

Animal Control

819.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

819.2 POLICY

It is the policy of the Medford Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

819.3 ANIMAL CONTROL RESPONSIBILITIES

Animal control services are generally the primary responsibility of Animal Control and include the following:

- (a) Animal-related matters during periods when Animal Control is available.
- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Animal Control is available for investigation and resolution.
- (c) Follow-up on animal-related calls, such as locating owners of injured animals.

819.4 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation and determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding personnel generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 - 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.

Animal Control

2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

819.5 DECEASED ANIMALS

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

819.6 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts shall be made to contact the owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

819.6.1 INJURED WILDLIFE

Injured wildlife should be referred to the Oregon Department of Fish and Wildlife or Oregon State Police, Fish and Wildlife Division.

819.7 CITATIONS

It should be at the discretion of the officer or the field supervisor as to the need for, or advisability of, the issuance of a citation for a violation.

819.8 POST-ARREST PROCEDURES

The arresting officer should make a reasonable effort to ensure that animals or pets under a person's care will be provided with adequate care when that person is arrested. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals.

Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, the appropriate animal control authority should be notified.

819.9 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.

Animal Control

819.10 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Members should diligently address calls related to nuisance animals (e.g., barking dogs), because such calls may involve significant quality-of-life issues.

819.11 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Watch Commander will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

819.12 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

819.13 ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

819.14 ANIMAL CRUELTY COMPLAINTS

Laws relating to the cruelty to animals should be enforced, including but not limited to those cited in ORS 133.379 (animal abuse, animal neglect).

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.
- (c) Members who lawfully seize an animal shall comply with the notice requirements of ORS 167.345.

819.15 RESCUE OF ANIMALS IN VEHICLES

A member who has a good-faith belief that entry into a motor vehicle is necessary because a domestic animal inside the vehicle is in imminent danger of suffering harm may enter the vehicle to remove the animal (ORS 30.813). Members should:

- (a) Determine that the motor vehicle is locked or there is no other reasonable method for the animal to exit the vehicle.
- (b) Make a reasonable effort to locate the owner before entering the vehicle.
- (c) Take steps to minimize damage to the vehicle, using no more force than necessary to enter the vehicle and remove the animal.

Medford Police Department

Medford PD Policy Manual

Animal Control

- (d) Refrain from searching the vehicle or seizing items except as otherwise permitted by law.
- (e) Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and Department of the member involved in the rescue.
- (f) Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.

However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Medford Police Department facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the department website or, if it does not have one, through other means. All current employees and volunteers who may have contact with prisoners shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher information to all such employees and volunteers to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.

Evaluation of Employees

1002.1 PURPOSE AND SCOPE

The department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1002.2 POLICY

The Medford Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1002.3 PERFORMANCE MANAGEMENT PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

Performance Management is a process designed to foster communication with and between employees, guide performance and create development opportunities through each interaction. The City form used to document these interactions is the "City QuickChat" document.

The form can be found on the shared M:drive/City Forms/City *QuickChat*. The City *QuickChat* is the template document to be utilized by all employees to document communication. In the event an employee does not have readily available access to the City's technology systems, forms will be provided in the workplace.

All supervisors are guided by the principle that regular contact and communication with their employees is the cornerstone of an effective, efficient and productive work environment. Supervisory contact with employees regarding work performance is essential. Regular praise for performing the requirements of the assigned job and immediate contact to correct any errors or deficiencies is a minimum requirement for supervisors to be successful in their role and foster the success of employees. The City's ability to ensure supervisors are connecting with employees is centered on the documentation they provide via the aforementioned City QuickChat.

The City QuickChat is designed as a tool for the supervisor to create speedy documentation regarding their contact with employees. There is no need for lengthy explanation, rather a quick note of the basis for the supervisors contact with the employee. In the event very specific

Evaluation of Employees

information is needed for purposes of specific guidance, goals, objectives, directives, etc., the supervisor will provide more specific commentary. The City QuickChat, in this circumstance, will be utilized to document that the supervisor met with the employee to provide guidance in the area discussed. Human Resources is required to receive all City QuickChat documents and to provide regular reporting to the City Manager and directors regarding supervisory engagement in their areas of responsibility.

Creating contact with employees and taking appropriate action is fundamental to ensuring development and success of employees as we reinforce our mission of **Continuous Improvement ~ Customer Service** and pursue the City's vision of being **an outstanding community - a vibrant place for people to live, work and play**.

1002.4 EVALUATION PROCESS

The initial review process must occur whenever a supervisor is assigned a new employee, probationary or otherwise.

- **Probationary** - Supervisors/training designees are required to regularly review the progress of new/probationary employees in the workplace and document these reviews with the City *Quickchat* form. Supervisors are required to provide a formal review for the employee within 15 days of each of the first three (3) quarters of employment. If the supervisor affirms the employee will complete his/her probationary period, a final review in the form of the City *QuickChat* *will be completed prior to the end of the probationary period. This final document will become a part of the employee's official personnel record.* The minimum requirement for the content of this final probationary review is:

You have progressed effectively in your ability to complete the assigned responsibilities of a (classification title) during your probationary period and exhibited the ability to work well within your work area, the City's workforce and with the citizen's we serve.

Based on the above, you will be elevated to regular employment status as of (date - day after the end date of the probation period.)

Full-time permanent status personnel:

Permanent employees are subject to two types of performance evaluations.

Regular - For patrol personnel and those assignments/positions that have scheduled shift changes, an evaluation shall be completed in September in conjunction with the scheduled shift change. For those assignments that do not require a shift change and/or change in direct supervision, the evaluations shall be completed each January for the previous calendar year.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and more than 90 days have transpired since the shift change, then an evaluation shall be completed by the immediate supervisor before the transfer is made. No additional evaluation will be required at the end of that rating period.

Evaluation of Employees

1002.4.1 REVIEW OF PRIORITY POLICIES AND JOB DESCRIPTIONS

The evaluation interview conducted during the annual performance evaluation process should include a review of the following:

- City Administrative Regulation on Policy on Use of Information and Communications Systems (for all employees);
- Department policy on discriminatory harassment (for all employees);
- Department policy on conduct and discipline (for all employees);
- Department policy on use of force (for all sworn personnel);
- Department policy on vehicle pursuits (for all sworn personnel);
- Department policy on response to calls for service (for all sworn personnel); and
- Each employee's respective job description (for all employees).

Job descriptions are maintained by the City's Department of Human Resources and are periodically updated as appropriate. The applicable job description should be reviewed with the employee to ensure there is a complete understanding of the employee's responsibilities and competencies that are expected of him/her. The job description will describe specific and general job requirements. It is the supervisor's responsibility to identify specific job responsibilities that fall under general requirements and document those requirements in a *City QuickChat*.

1002.4.2 SUPERVISOR RESPONSIBILITIES

After the initial review, the supervisor is required to be actively engaged with his/her employees by seeking out development opportunities in the following areas:

- Provide a copy to your immediate supervisor.
- E-mail to *humanresources@cityofmedford.org*

Managers/Directors - in addition to the above, managers and directors are responsible for ensuring their supervisory staff are engaging with employees and documenting those interactions. This level of accountability is easy to track based on the copies of interactions the managers receive from their supervisory staff. If supervisors are not maintaining adequate contact and providing documentation, the manager/director must engage the supervisor and document the interaction.

1002.4.3 EMPLOYEE

Employees are also encouraged to utilize the City *QuickChat* form to pass on information regarding their own performance, other employee performance or any other information they deem worthy of consideration. Anti-Retaliation

1009.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1009.2 POLICY

The Medford Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1009.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Human Resources Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.

Anti-Retaliation

1009.6 COMMAND STAFF RESPONSIBILITIES

Employees are encouraged to report such violations or disclosures of information through the chain of command (ORS 659A.221; ORS 654.062).

This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm.

1011.2 POLICY

The Medford Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

1011.3 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Oregon and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1011.5 REPORTING

All members and all retired officers with identification cards issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing his/her duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

1014.3.1 NOTIFICATION

All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts or as soon as practicable when there are extenuating circumstances. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (ORS 653.621; OAR 839-007-0040).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 10 days' notice of the impending absence. The member shall make a reasonable attempt to schedule the use of sick time so that it does not disrupt the operations of the Department (ORS 653.621; OAR 839-007-0040).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

Sick Leave

1014.4 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Personnel Director as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

1014.5 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work (ORS 653.626; OAR 839-007-0045).

Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days (ORS 653.626; OAR 839-007-0045).

1014.6 REQUIRED NOTICES

The Personnel Director shall ensure that each employee is provided written notice of the following (ORS 653.631; OAR 839-007-0050):

- (a) Accrued and unused sick time available at least quarterly.
- (b) The sick leave provisions of the Oregon sick leave law as provided in ORS 653.601 et seq.

Communicable Diseases

1016.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Medford Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 POLICY

The Medford Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1016.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 - 1. Complying with the Oregon Safe Employment Act (ORS 654.001 et seq.).
 - 2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

Communicable Diseases

3. Exposure control mandates in 29 CFR 1910.1030 including bloodborne pathogen precautions (OAR 437-002-0360).

The ECO should also act as the liaison with the Oregon Occupational Safety and Health Division (OR-OSHA) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1016.4 EXPOSURE PREVENTION AND MITIGATION

1016.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

Communicable Diseases

1016.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; OAR 437-002-0360).

Other preventive, no-cost immunizations shall be provided to members who are at risk of contracting a communicable disease if such preventive immunization is available and is medically appropriate. A member shall not be required to be immunized unless such immunization is otherwise required by federal or state law, rule or regulation (ORS 433.416).

1016.5 POST EXPOSURE

1016.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1016.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

Medford Police Department

Medford PD Policy Manual

Communicable Diseases

1016.5.3 MEDICAL CONSULTATION, EVALUATION, AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; OAR 437-002-0360).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1016.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; OAR 437-002-0360).

1016.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Contacting the Oregon Health Authority to seek voluntary consent for source testing for HIV (ORS 433.065).
- (c) Petitioning for a court order to compel source testing for HIV or other communicable diseases as defined by ORS 431A.005, if a good faith effort to obtain voluntary consent is requested from the source person and not obtained (ORS 433.080; ORS 431A.570).
- (d) Working with the district attorney if the person is charged with a criminal offense that may involve exposure to a communicable disease (ORS 135.139).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

Communicable Diseases

1016.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Medford Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1018.2 POLICY

The Medford Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (ORS 433.845; ORS 433.850).

1018.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Medford Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and vehicles.

1018.4 ADDITIONAL PROHIBITIONS

Visitors and the public shall not be allowed to smoke in any department facility (ORS 433.845).

1018.4.1 NOTICE

The Chief of Police or the authorized designee shall ensure that proper signage prohibiting smoking is posted at each entrance and exit to the department facilities (ORS 433.850; OAR 333-015-0040).

Personnel Complaints

1020.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Medford Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1020.2 POLICY

The Medford Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1020.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state, or local, policy of rule.

Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

Medford Police Department

Medford PD Policy Manual

Personnel Complaints

1020.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

CATEGORY 1: Informal - A matter of a relatively minor nature (i.e. poor demeanor, disrespect, attitude or perceived rudeness) that on review of the allegations will not require extensive interviews or lengthy, complex investigations. A matter in which the complaining party is satisfied that appropriate action has been taken by a department supervisor of rank greater than the accused employee. The responsible supervisor shall have the discretion to handle the complaint in any manner consistent with this policy. Informal complaints may be handled by the receiving supervisor, forwarded to the employee's immediate supervisor for resolution, or promptly forwarded to the Administrative Sergeant, depending on the complexity of the investigation.

CATEGORY 2: Formal - A matter involving a Department-initiated, confidential, or sensitive investigation; an allegation of serious misconduct (i.e. excessive force, corruption, racial profiling, untruthfulness, commission of a crime, or an alleged or suspected breach of integrity). A matter in which the complaining party requests further investigation or when a department supervisor determines that further action is warranted. Such complaints shall be promptly forwarded to the Administrative Sergeant, who will then notify the Chief of Police. The Chief of Police shall then direct the investigation as appropriate.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Internal Affairs Unit, such matters need not be documented as personnel complaints, but may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1020.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person, or by telephone.
- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1020.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

Medford Police Department

Medford PD Policy Manual

Personnel Complaints

1020.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

1020.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1020.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1020.5.1 COMPLAINTS ALLEGING PROFILING

Complaints related to profiling should be clearly marked to assist in reporting as required in the Racial or Bias-Based Profiling Policy (2015 Oregon Laws c 681 § 2).

1020.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1020.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

Medford Police Department

Medford PD Policy Manual

Personnel Complaints

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Watch Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Bureau Commander or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Watch Commander.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Watch Commander and Chief of Police are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Department of Human Resources and the Watch Commander for direction regarding the supervisor's role in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Watch Commander, who will determine whether to contact the complainant or assign the complaint for investigation.
- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
 - 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.
- (i) Ensuring that the procedural rights of the accused member are followed.
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.
- (k) Providing the complainant with periodic updates on the status of the investigation, as appropriate.

Personnel Complaints

1020.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Internal Affairs Unit, the following applies to employees covered by the provisions of ORS 236.350 through ORS 236.360.

- (a) Interviews of an accused employee shall be conducted during reasonable (normal waking) hours and preferably when the employee is on-duty, unless the seriousness of the investigation requires otherwise. If the employee is off-duty, he/she shall be compensated.
- (b) Unless waived by the employee, interviews of an accused employee shall be at the Medford Police Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused employee.
- (d) The interviewers shall inform the employee of their authority to compel a statement and of the identity of the investigators and all persons present during the interview.
- (e) Prior to any interview, an employee should be informed of the nature of the investigation and of facts reasonably sufficient to inform the employee of the circumstances surrounding the allegations under investigation.
- (f) All interviews should be for a reasonable period and the employee's personal needs should be accommodated.
- (g) No employee should be subjected to offensive or threatening language, nor shall any promises, rewards, or other inducements be used to obtain answers.
- (h) Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - 1. An employee should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Garritty* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
 - 2. No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (i) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview, and upon request any existing transcripts of the interview or reports describing the interview, shall be provided to the employee prior to any subsequent interview.
- (j) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, to maintain the integrity of each individual's statement, involved employees shall not consult

Personnel Complaints

or meet with a representative or attorney collectively or in groups prior to being interviewed.

- (k) In a disciplinary or administrative investigation, the employee's chosen representative cannot be required to disclose, or be subject to disciplinary action for refusing to disclose, statements made by the employee to the representative for purposes of the representation.
- (l) As soon as it is determined that the employee may be charged with a criminal offense, the employee shall be informed of the employee's right to consult with criminal defense counsel with respect to the criminal charge.
- (m) All employees shall provide complete and truthful responses to questions posed during interviews.
- (n) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

1020.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1020.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Medford Police Department

Medford PD Policy Manual

Personnel Complaints

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.6.5 COMPLETION OF INVESTIGATIONS

The Administration Support Supervisor shall ensure that investigations are completed and peace officers are provided notification of intended discipline no later than six months from the date of the first interview. The Chief of Police or Administration Support Supervisor may extend the investigation to a maximum of 12 months from the date of the first interview, provided that, before the extended period begins, the Department gives written notice explaining the reason for the extension to the peace officer and the peace officer's chosen representative and union representative, if any (ORS 236.360(6)(a)).

The above time limits do not apply when (ORS 236.360(6)(b)):

- (a) The investigation involves a peace officer who is incapacitated or unavailable.
- (b) The investigation involves an allegation of workers' compensation or disability fraud by the peace officer.
- (c) The peace officer, in writing, waives the limit.
- (d) The investigation requires a reasonable extension of time for coordination with one or more other jurisdictions.
- (e) The investigation involves more than one peace officer and requires a reasonable extension of time.
- (f) The alleged misconduct is also the subject of a criminal investigation or criminal prosecution. Time does not run for the period during which the criminal investigation or criminal prosecution is pending.
- (g) The investigation involves a matter in civil litigation in which the peace officer is a named defendant or the peace officer's actions are alleged to be a basis for liability. Time does not run for the period during which the civil action is pending.
- (h) The investigation is the result of a complaint by a person charged with a crime. Time does not run for the period during which the criminal matter is pending.

1020.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1020.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Personnel Complaints

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1020.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1020.9 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Files Policy.

1020.10 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1020.11 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement and/or personnel rules.

1020.12 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

Personnel Complaints

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Medford Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1020.13 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action. Forms of discipline include, but are not limited to, training, counseling and punitive action.

1020.13.1 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Bureau Commander, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Bureau Commander, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1020.13.2 BUREAU COMMANDER RESPONSIBILITIES

These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1020.16 ANNUAL REVIEW OF PERSONNEL COMPLAINTS

Seat Belts

1021.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of safety belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1021.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1021.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained (ORS 811.210).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a safety belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1021.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by safety belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints. In unusual circumstances where it is unsafe or impractical to do so, prisoners may be transported without the use of safety belts (ORS 811.215(6)).

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1021.4 INOPERABLE SAFETY BELTS

Department vehicles shall not be operated when the safety belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the safety belt is inoperable.

Department vehicle safety belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Seat Belts

1021.5 POLICY

It is the policy of the Medford Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1021.6 TRANSPORTING CHILDREN

A child restraint system should be used for all children of an age, height or weight for which such restraints are required by law (ORS 811.210).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of safety belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1021.7 VEHICLES MANUFACTURED WITHOUT SAFETY BELTS

Vehicles manufactured and certified for use without safety belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1021.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

- (a) While in the immediate vicinity of a high-risk situation;
- (b) While participating in the service of a search or arrest warrant; or

1023.3 ISSUANCE OF BODY ARMOR

The division in charge of uniforms and duty gear (Property Control) shall ensure that body armor is issued to all officers (police, community service, and code enforcement) when the officer begins service at the Medford Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

- (f) Body armor shall be worn at all times when code enforcement officers and community service officers are working in uniform.

1023.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Periodic inspections of body armor should be conducted by a supervisor or other authorized designee for fit, cleanliness and signs of damage, abuse and wear.

1023.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

The City also reserves the right to require employees to submit verification of the precise nature of any limitations of an employee's ability to safely perform his/her job duties, as a condition of returning the employee to work, whenever there are good faith concerns regarding an employee's limitations, consistent with applicable law.

Fitness for Duty

- (c) In the event the employee appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to provide such care.
- (d) In conjunction with the Watch Commander or employee's available Bureau Commander, a determination should be made whether or not the employee should be temporarily relieved from their duties.
- (e) The Chief of Police shall be promptly notified in the event that any employee is relieved from duty.

1032.4 NON-WORK RELATED CONDITIONS

Any employee suffering from a non-work related condition which warrants a temporary relief from duty may be required to use sick leave or other paid time off (PTO) in order to obtain medical treatment or other reasonable rest period.

1032.5 WORK RELATED CONDITIONS

Any employee suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Watch Commander or unit supervisor and concurrence of a Bureau Commander, any employee whose actions or use of force in an official capacity result in death or serious injury may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave pending:

- (a) A preliminary determination that the employee's conduct appears to be in compliance with policy and, if appropriate,
- (b) The employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

1032.5.1 CRITICAL INCIDENT STRESS DEBRIEFING

Meal Periods and Breaks

1033.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all City employees that has been established by the City Manager.

This policy shall not conflict with the Collective Bargaining Agreement with the Medford Police Association -- Sections 7.6 (Rest Periods) and 7.7 (Meal Periods).

1033.1.1 MEAL PERIODS

Sworn employees shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed patrol and traffic officers shall request clearance from ECSO prior to taking a meal period. Uniformed officers shall take their breaks within the City limits unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed.

1033.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the mid point, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of ECSO.

Lactation Break Policy

1034.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child.

1034.2 POLICY

It is the policy of this department to provide reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for her nursing child 18 months or younger in compliance with state law and the Fair Labor Standards Act (29 USC § 207 and ORS 653.077).

1034.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 207; OAR 839-020-0051). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify ECSO or a supervisor prior to taking such a break and such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except in emergency or exigent circumstances.

1034.4 PRIVATE LOCATION

The Department will make reasonable efforts to provide lactating members with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from coworkers and the public (29 USC § 207).

Members occupying such private areas shall either secure the door or otherwise make it clear that the area is occupied with a need for privacy. All other members should avoid interrupting a lactating member during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1034.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member's shift ends.

Overtime Compensation Requests

1036.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Collective Bargaining Agreement (CBA), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

1036.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time for the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed the established limit for compensatory time. Overtime worked beyond the compensatory time cap will be paid monetarily.

This policy shall not conflict with the Collective Bargaining Agreement.

1036.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Support Bureau. Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1036.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Watch Commander. Employees submitting overtime slips for on-call pay when off duty shall submit cards to the Watch Commander the first day after returning for work.

1036.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

Medford Police Department

Medford PD Policy Manual

Overtime Compensation Requests

After the entry has been made on the employee's time slip, the overtime payment request form is forwarded to the employee's Division Commander and then to the Bureau Commander for final approval.

1036.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Collective Bargaining agreement provides that a minimum number of hours will be paid. The supervisor will enter the actual time to be paid.

1036.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
1 to 15 minutes	1/4 hour
16 to 30 minutes	1/2 hour
31 to 45 minutes	3/4 hour
46 to 60 minutes	1 hour

1036.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Compensation for such extra-duty employment shall be pursuant to normal overtime procedures.

No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

Temporary Modified-Duty Assignments

1055.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, current collective bargaining agreements or memorandums of understanding. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1055.2 POLICY

Subject to operational considerations, the Medford Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1055.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Oregon Family Leave Act (OFLA) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Medford Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1055.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Medford Police Department

- (c) The nature and scope of limitations and/or work restrictions.
- (d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
- (e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Watch Commander or Bureau Commander, with notice to the Chief of Police.

1055.6 MEDICAL EXAMINATIONS

Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1055.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

1055.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. Early Warning System

1056.1 PURPOSE AND SCOPE

Medford Police Department utilizes an Early Warning / Intervention System to identify and assist employees who demonstrate symptoms of job stress and / or negative behavior patterns for the mutual benefit of both the employee and the Department.

1056.1.1 EARLY WARNING SYSTEM MATRIX FACTORS

Medford Police Department identifies and collects matrix data on the following behaviors as indicators of job stress and / or performance problems for all Department members:

- (a) Preventable vehicle collisions;
- (b) Incidents involving use-of-force;
- (c) Complaints, both sustained and non-sustained;
- (d) Officer-involved shooting;
- (e) Vehicle pursuits;
- (f) Documented counseling; and
- (g) Written or verbal reprimands.

A review of an employee may be triggered by a combination and frequency of the above matrix factors. Factors are pre-determined by the Chief of Police.

Department members shall be evaluated based on behaviors that led to the review, and not the review, itself nor compliance with any action plan or other intervention.

1056.1.2 PROCEDURE

1. The Administrative Sergeant administers and maintains the Early Warning System.
2. The Administrative Sergeant identifies and collects matrix data.
3. A review of an employee shall be triggered by the following:
 - a) A combined total of 3 or more sustained and/or not-sustained complaints during the previous 12 month period;
 - b) A combination of 5 or more occurrences from any of the above during the previous 6 month period; or
 - c) An officer directly involved in a single use of deadly force incident.
4. The Administrative Sergeant produces a quarterly report on collected data, identifies those employees subject to review and sends the report to the appropriate Division Commander or Manager who supervises the employees in question. Each employee shall be issued a blind number by the Administrative Sergeant as such statistics shall be treated as confidential.

Early Warning System

Any employee may contact the Administrative Sergeant to obtain his / her Personnel Early Warning data.

5. The respective supervisor and Division Commander or Manager shall meet with the employee to review and discuss the content of the matrix data. The Division Commander or Manager then determines if:

a. The employee's actions were appropriate, justified and no intervention is needed; or

b. The employee's behavior is problematic and an intervention is appropriate. If no intervention is needed, the Division Commander or Manager then generates a memo or e-mail to the Administrative Sergeant indicating that no intervention is needed, along with the reasons why. A copy of the memo or e-mail shall be placed in the employee's Division Commander Evaluation file and shall be destroyed with all other materials following the evaluation period.

6. If it is determined that intervention is appropriate, the Division Commander or Manager, the employee's supervisor, and the employee shall determine an action plan to end the problematic behaviors and to improve performance. Such action plans may consist of any of the following, or combination thereof, but not limited to:

a. Counseling by the immediate supervisor;

b. Peer counseling;

c. Referral to the Employee Assistance Program for counseling or referral assistance;

d. Remedial training;

e. Reassignment;

f. Referral to a health care professional for a fitness for duty examination;

g. Develop a Performance Improvement Plan (345 POL); or

h. An assessment that some type of problem exists and develop an action plan not specified above. The supervisor documents the action plan and places it in the employee's Division Commander File. A copy is also sent to the Administrative Sergeant.

7. Each supervisor shall monitor progress and behaviors of the reviewed employee to ensure performance improvement. Supervisors shall be accountable to monitor subordinate employee's behaviors and for compliance with the prescribed action plan. Supervisors shall meet with the reviewed employee as appropriate and report monthly directly to his / her Division Commander or Manager until undesirable behaviors cease, performance improves, or it is determined that the employee has completed the action plan and no further intervention is needed. An action plan shall be maintained in the Division Commander's evaluation file until completion of the plan, or when problematic behaviors end and the plan is no longer needed. Action plans shall then be destroyed at the conclusion of the next evaluation cycle.

8. Employees shall be evaluated based on behaviors that led to the review, and not the review itself or compliance with any action plan or other intervention.

Medford Police Department

Medford PD Policy Manual

Early Warning System

9. Supervisors shall be evaluated on their effectiveness in correcting the behaviors of subordinate reviewed employees.

10. The Patrol Division Commander shall generate an annual evaluation of the Early Warning System, directed to the Chief of Police. Such evaluation shall:

- a. Review the effectiveness of the system;
- b. Identify potential behaviors that should be added to the data matrix;
- c. Identify behaviors that are not useful and should be eliminated from the data matrix;
- d. Evaluate procedures of the system.

Employee Speech, Expression and Social Networking

1058.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1058.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1058.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Medford Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1058.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Medford Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

Employee Speech, Expression and Social Networking

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Medford Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Medford Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Medford Police Department or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Criminal Justice Code of Ethics as adopted by the Medford Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee (or any other act that would constitute a misuse of public information in violation of ORS 162.425).

 - 2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1058.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Medford Police Department or identify themselves in any way that could be reasonably perceived as representing the Medford Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company or other commercial entity.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g. bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Medford Police Department.

A notice of restrictions on political activities by employees will be posted and maintained by the Department in a place that is conspicuous to all employees as required by law (ORS 260.432).

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized

Employee Speech, Expression and Social Networking

bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1058.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

1058.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1058.7 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

Grievance Procedure

1060.1 PURPOSE AND SCOPE

It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. This department's philosophy is to promote a free verbal communication between employees and supervisors.

1060.1.1 GRIEVANCE DEFINED

For the purposes of this procedure a grievance is any difference of opinion concerning terms or conditions of employment, or a dispute involving the interpretation, or application of any department policies or City rules and regulations covering personnel practices or working conditions, by the affected persons.

Grievances may be brought by an individually affected employee or by a group representative.

Specifically outside the category of grievances are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy federal, state, or local law, as set forth in the Personnel Complaints Policy.

1060.1.2 DUPLICATE PROCEDURES

The grievance procedures set forth in this policy shall not be used in addition to other grievance procedures as may be in effect through the governing jurisdiction or the eligible employee's collective bargaining agreement.

Under no circumstances shall more than one administrative process be used to redress the same grievance, although use of this or other procedures does not preclude employees from seeking legal remedies as appropriate.

1060.2 PROCEDURE

If an employee believes that he or she has a grievance as defined above, then that employee shall observe the following procedure:

- (a) Attempt to resolve the issue through informal discussion with immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the Bureau Commander of the affected bureau or division.
- (c) If a successful resolution is not found with the Bureau Commander, the employee may request a meeting with the Chief of Police.

 - (b) Allegation of the specific wrongful act and the harm done.
 - (c) The specific policies, rules or regulations believed to have been violated.
 - (d) What remedy or goal is sought by this grievance.
- (e) The employee shall receive a copy of the acknowledgment signed by the supervisor including the date and time of receipt.
- (f) The Chief of Police will receive the grievance in writing. The Chief of Police and the City Manager will review and analyze the facts or allegations and respond to the employee within 14 calendar days. The response will be in writing, and will affirm or deny the allegations. The response shall include any remedies if appropriate. The decision of the City Manager is considered final.

1060.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

1060.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administration Support for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the City Manager's office to monitor the grievance process.

1060.5 ANNUAL REPORT OF GRIEVANCES

The Administration Support Bureau Commander will create a report to the Chief of Police no later than January 15 of every year that lists the grievances filed within the calendar year. The report will include the basis of the grievances, the findings of the grievances, and an analysis to determine trends or patterns of issues that could be remedied through training, policy modification, or correction of personnel performance.

The report should not contain any identifying information from any individual grievance. The Training Coordinator should promptly notify the Chief of Police if the report identifies any policy manual content that may warrant a critical revision.

Military Leave

1061.1 PURPOSE AND SCOPE

Medford Police Department grants military leave and honors all obligations to all employees that are enlisted in the National Guard and reserve military, pursuant to Oregon Revised Statutes 408.238-290 and the Uniformed Services and Employment and Re-employment Rights Act of 1994 (USERRA).

PROCEDURES:

- 1061.01 PRO Repatriation Orientation Training Schedule

1061.2 REPATRIATION ORIENTATION

Medford Police Department reorients employees returning from lengthy military obligations in either combat or non-combat environments.

This Department acknowledges that employees returning from military deployments may have been subjected to traumatic events. It is the goal of this policy to facilitate the transition from military to police a smooth one and to meet the needs of the returning veteran. It is common for returning veterans to experience significant changes in their cognitive and physiological functions as a result of these events, both acutely and in the long term. As the employee may or may not be experiencing some or all of these changes, it is this Department's intent to provide every available resource to the employee for the employee's benefit in the event the employee seeks to obtain such assistance.

To address this issue, Medford Police Department educates and trains returning veterans to facilitate a smooth return to civilian law enforcement following such military deployments. Such orientation program shall be tailored to the individual needs of the employee and should be based on the length of deployment and specifics of the assignment the employee is returning to.

This policy shall not be in violation of the Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) or Title 38 of the United States Code.

Line-of-Duty Deaths

1062.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Medford Police Department in the event of a death of a member occurring in the line of duty, or the death of a member in good standing that occurs off-duty. This policy is meant as a reference to guide the Department in providing proper support for the member's survivors.

It is the policy of the Medford Police Department to provide assistance to the survivors of an employee who dies in the line of duty, whether feloniously or accidentally. The Chief of Police may institute certain parts of this policy for cases of an actively employed member's natural or non-line of duty related death. A natural or non-line of duty death can have similar impacts to a line of duty death, so care for the family and department is of paramount importance.

Except where language denotes what must be done, this policy will be a guideline and may be enhanced or changed as determined by the incident. Funeral arrangements will be determined by the **family** of the deceased officer or employee, with their wishes taking precedence over the wishes of the Department.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

Line-of-Duty Deaths

1062.3 OREGON FALLEN BADGE FOUNDATION

In the event of a line-of-duty death, The Chief of Police, or designee, will contact the Oregon Fallen Badge Foundation (OFBF) to request activation of the Line of Duty Death Response Team (LODDRT) as soon as possible, including if an officer is grievously wounded and death appears to be imminent but has not yet occurred. OFBF will provide a full multi-agency Incident Management Team to assist in supporting the family and Department, along with the planning and carrying out funeral services in accordance with the wishes of the family. OFBF will work in partnership with the Department to ensure the needs and wishes of the family and department are met, and the LODDRT Incident Commander, regardless of agency of origin, will report directly to and receive orders from the Chief of Police.

Coordination of events following the line-of-duty death of a police officer is an extremely important and complex responsibility. In order to provide the best possible services and support for the officer's family while exhibiting professionalism and compassion at all times specific tasks may be assigned to selected members of the Department. The Department will provide to the LODDRT personnel to fill the following roles:

- Family Liaison Officer(s) (Refer to 1062.03 PRO for roles and responsibilities of position)
- Agency Liaison Officer (Refer to 1062.04 PRO for roles and responsibilities of position)
- Benefits Coordinator (Refer to 1062.05 PRO for roles and responsibilities of position)
- Public Information Officer
- Peer Support Coordinator (from the Department Peer Support Team)
- Any other personnel requested by the LODDRT

All funeral-related expenses with the exception of the wages of individual officers assigned to the LODDRT will be borne by OFBF. No funeral-related expenses will be borne by the Department or the family.

The Department may also contact OFBF in the case of a natural or non-line of duty death to provide advisors and support, though the full LODDRT will not be deployed nor will funeral expenses be covered by OFBF.

1062.4 NOTIFICATION

Time is of the essence and the first priority is to notify the family as they should learn of the death or serious injury from the Department and not other sources. The department WILL NOT release the name of the deceased officer before it is confirmed that the immediate family has been notified. For a detailed procedure on performing notification, please refer to 1062.06 PRO.

1062.5 ASSISTING THE FAMILY AT THE HOSPITAL

In the event the officer is first transported to the hospital, the first Administrative Official, other than the Chief or designee, to arrive at the hospital becomes the Hospital Liaison. The Hospital

Line-of-Duty Deaths

Liaison is responsible for coordinating the activities of hospital personnel, the officer's family, police officers, the press and others. For a detailed description of these duties, please refer to 1062.06 PRO.

1062.6 SUPPORT OF THE FAMILY DURING MEMORIAL SERVICES

With the approval of the family and in accordance with their wishes, the Chief of Police will assign primary and secondary Family Liaison Officer(s) as soon as possible (See 1062.03 PRO). The family's wishes will always take precedence over the Department's wishes, and the Family Liaison Officers will ensure the voice of the family is heard throughout the planning process and the family's needs and wishes are met. Within 24 hours, the Chief or his designee will also designate an Agency Liaison Officer (See 1062.04 PRO) and a Benefits Coordinator (See 1062.05 PRO). The City's Human Resources Manager or their designee should act as Benefits Coordinator if that position cannot be filled within the Department.

The LODDRT will establish donation collection points for those wishing to financially aid the family.

The use of on-line crowd funding sites will not be endorsed by the Department for the protection of the family.

1062.7 SUPPORT OF THE DEPARTMENT DURING MEMORIAL SERVICES

The primary focus of the Department following the immediate aftermath of a line of duty death will be care for the family and employees of the Department, as all members, both sworn and professional staff, will be affected in a variety of ways. Funeral planning will be conducted with the assistance of the OFBF LODDRT in accordance with the wishes of the family, and all funeral related expenses will be borne by OFBF.

The LODDRT will also provide an Executive Liaison, a law enforcement executive from an outside agency, to the Chief of Police and command staff to support them and aid in areas such as outside agency coverage coordination.

1062.8 CONTINUED SUPPORT FOR THE FAMILY

Survivors should continue to feel part of the "police family." They should be invited to Department activities to ensure continued contact. Members of the Department are encouraged to keep in touch with the family so long as the family expresses a desire to have these contacts continue.

The Chief of Police should observe the anniversary of the officer's death with a note to the family and/or flowers on the grave. The Chief of Police should contact with the Department members directly affected by the incident on the anniversary date of the death. The Chief of Police should also mark the anniversary date with a Department wide message.

The Family Liaison Officers act as long-term liaisons with the surviving family to guarantee that their needs are met as long as they feel the need for support.

Line-of-Duty Deaths

Family Liaison Officers will relay all details of the incident to the family at the earliest opportunity.

If criminal violations surround the death, the Family Liaison Officer(s) will:

- Inform the family of all new developments prior to press release;
- Keep the family apprised of legal and parole proceedings;
- Introduce the family to Victim Assistance Specialists of the court;
- Encourage the family to attend the trial if they desire, and accompany them whenever possible;
- Arrange for investigators to meet with the family at the earliest opportunity following the judicial proceedings to answer all their questions.

Plaques and memorabilia provided to the spouse/significant other should also be given to the parents.

Any permanent memorial plans should be undertaken only with the authorization of the family.

It is recommended that the Department wait at least a few years before beginning permanent memorial plans.

All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on the appropriate form. This form should be forwarded to the Administrative Support Division Commander via the chain of command.

The Administrative Support Division Commander will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

The Administrative Support Division Commander shall ensure that the appropriate documentation is completed for each inspection.

1063.7.1 EQUIPMENT

Members are charged with daily vehicle inspections of their assigned vehicles and of their PPE prior to working in the field. Members shall complete the appropriate form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

1062.03 PRO Family Liaison Officer.pdf

1062.03 PRO FAMILY LIAISON OFFICER

Selection of a Family Liaison Officer (FLO) is a critical assignment. Every effort should be made to assign someone who enjoyed a close relationship with the fallen officer and his or her family. The FLO should be someone the family trusts and feels comfortable with but not someone who is so emotionally involved that they will be ineffective. This is not a decision making position. The FLO is a facilitator between the family and the agency in cooperation with the LODDRT Family Support Coordinator, making sure that the family's needs and wishes are expressed to and honored by the department. This is a long-term assignment. The FLO should continue to have close contact with the family and ensure that their needs are met for as long as the family needs the support.

Special Considerations:

Due to the importance and magnitude of this position, more than one Family Liaison Officer should be assigned. With multiple FLOs it is important that they stay in constant communication and "on the same page." It is advisable to have the primary FLO provide emotional support to the family and the secondary FLOs provide communication between the family and the agency.

When explaining benefits to the spouse, be considerate of other family members (parents, siblings, etc.) that may be in the room. Often times, spouses do not want to share their financial information with the in-laws, but are too distraught to ask them to leave. All questions and answers should be coordinated with the Benefits Coordinator and the Family Liaison Officer.

Responsibilities include, but are not limited to:

- Ensure that the needs of the family come before the wishes of the agency
- Meet with the family in a private setting as soon as possible, either at their home or at the hospital
- Discuss funeral arrangements with the family. Make them aware of what the agency offers in relation to traditional law enforcement line of duty death funerals. Ask the family if they want a police funeral. If a police funeral is chosen, brief them on the funeral procedures (including the possibility of high attendance, ceremonial procedures and honors such as the presentation of the flag, 21-gun salute, etc.) The OFBF Line of Duty Death Coordinator, Family Support Coordinator and Ceremonial Commander are incorporated in the discussion. Specific knowledge of traditions and the ability to provide necessary resources is vested with these individuals. This discussion can be highly emotional and demanding and requires a high degree of sensitivity and communication skill
- Participate in planning meetings to ensure that family wishes are met
- Apprise the family of information concerning the death and the continuing

investigation, including later preparing them for court proceedings involving anyone responsible for the officer's death

- Be a support to the family throughout the trial process. Encourage other officers, including the Chief, to attend as well
- Be constantly available to the family throughout this traumatic process
- Coordinate with Logistics to provide department vehicles to the family for transportation to and from the family's residence, to the hospital, to the funeral home and to the committal services
- Provide as much assistance as possible, including overseeing travel and lodging arrangements for out-of-town family members, arranging food for the family, meeting childcare and transportation needs, etc.
- Coordinate with the Line of Duty Death Coordinator, the Ceremonial Commander and Planning Section to ensure surviving parents and siblings are afforded recognition and that proper placement is arranged for them during the funeral and procession
- Get an accurate count from the family as to how many immediate and extended family members will be attending to ensure adequate seating and transportation
- Assist with ensuring that the family home is prepared for the volume of visitors following the funeral and committal services, including food and baby-sitting needs
- Provide the family with support services both locally and nationally and ensure that the family has access to other law enforcement survivors
- Provide the family with information on available benefits with the assistance of the Agency Liaison Officer and the Family Support Coordinator. Set up a meeting within days after the funeral with the Benefits Coordinator and the family to provide forms and answer questions. Assistance with the filing of benefits is available from the nearest FBI office. (Ask the Family Support Coordinator for contact name and phone number for FBI assistance.)
- Determine from the family their wishes related to their direct interaction with the media. If the family elects to provide media access, coordinate with the Public Information Officer to assist in all media matters
- Work with the Agency Liaison Officer to ensure that one or more officers are available to stay at the family home while the family is away during long stays at the hospital, during the viewing, funeral and committal services

- After the funeral or trial has ended, continue to have frequent contact with the family. The family will let you know when you are no longer needed to call or visit. Until that time, your support and friendship is critical.

804.06 PRO -- PROCESSING LATENT FINGERPRINTS

1. Officers develop and preserve latent prints as evidence at crime scenes.

Officers should check for latent prints:

- a. At the point of entry or exit;
- b. On items used in a crime; and
- c. On items possibly handled by suspect(s).

2. Latent print evidence can generally be broken down into 3 categories:

- a. ***Non-porous items*** should generally be within the officer's capability to process at the scene. Examples of non-porous items include: metal, hard plastic, finished wood and glass. Surfaces on these items can generally be processed effectively utilizing latent print powder and tape lifting.
- b. ***Porous items*** should generally be collected by the officer, and processed at the Crime Lab or Property Control facility by a Forensic Technician or other personnel specially trained in the process of such evidence. Examples of porous items include: cardboard, paper, unfinished wood, and sheetrock. Paper items with a glossy finish may be effectively processed by the officer utilizing latent print powder and tape-lifting.
- c. ***Special circumstances items*** may be difficult to effectively process for latent print evidence without the use of special equipment or training. These items should generally be collected and not processed at the scene. Examples include: bloody items, greasy items, environmentally sensitive items (butter, chocolate, etc.) and tape. Some of these may require special handling or packaging in order to successfully retrieve the latent prints.

1. ***Bloody items*** should be place in the Biohazard Drying Unit at Property Control and allowed to air-dry prior to being packaged.
2. ***Wet items*** (water, beverage, etc.) should be allowed to air-dry and may either be processed by the officer or packaged for later processing.
3. ***Greasy items*** (oil, petroleum jelly, etc.) generally will not dry and should be packaged very carefully to avoid smearing any potential latent print evidence.
4. ***Environmentally-sensitive items*** (butter, chocolate, etc.) should be kept cold in order to inhibit melting and subsequent destruction of the evidence. These items should be carefully and quickly packaged prior to placing them in the freezer.
5. ***Tape*** should be packaged so that it will not adhere to any of the paper packaging. This can be accomplished by placing the tape inside a clear plastic sheet protector or something similar prior to placing the tape inside of the envelope.

3. **Fingerprints may be developed using one of several types of print powders available in officers' print kits and lifted using transparent plastic tape.**

4. **Preserved latent prints shall be marked with:**

- a. The Officer's name obtaining the evidence;
- b. Date & time;
- c. Location or object the print was obtained from;
- d. Case number; and
- e. Evidence item number.

5. **If possible, fingerprints may be photographed prior to lifting.**

Scales should be used in photographing latent prints.

6. **Following collection, latent prints may be examined by a qualified latent print examiner, and compared with prints of known suspects.**

Officers requesting a latent print examination and comparison shall complete an Oregon State Police Forensic Services Request Form (Form 49) and submit to Property Control with the Property Report.

1062.06 PRO Hospital Liaison.pdf

1062.06 PRO HOSPITAL LIAISON

In the event the officer is first transported to the hospital, the first official, other than the Chief of Police or designee, to arrive at the hospital becomes the Hospital Liaison. The Hospital Liaison is responsible for coordinating the activities of hospital personnel, the officer's family, police officers, the press and others.

These responsibilities include:

- Arrange with hospital personnel to provide an appropriate waiting facility for the family, the Chief of Police, the Notification Officer, and only those others requested by the immediate survivors.
- Arrange a separate area for fellow employees and friends to assemble, but close enough to the family room to ensure that the family does not feel isolated.
- Ensure that medical personnel relay pertinent information regarding an officer's condition to the family on a timely basis and before such information is released to others. They shall also make the family and fellow Department members aware of hospital policy about visitation with the injured officer and/or visitation with the body following death, and explain why an autopsy is needed.
 - Contact the Medford Police Department Honor Guard Commander and ensure that the officer's remains are flag draped as soon as practicable and in accordance with established investigative guidelines. Utilize a 5'x9 ½' flag if available.
 - Ensure that a uniformed officer is with the body of the fallen officer at all times. This includes arranging motorcade to the Medical Examiner's office and the coordination of an Honor Watch. This should be done in conjunction with the Honor Guard Commander.
- Notify the appropriate hospital personnel that all medical bills relating to the injured or deceased officer be directed to the appropriate governmental agency for payment. The family should NOT receive any of these bills at their residence address.
- The Hospital Liaison will see that the family is updated on the incident as soon as the family arrives at the hospital.
- At least one peer support member should be present the entire time the family is at the hospital, if requested, and should arrange whatever assistance the family may need at the time.
- Arrange transportation for the family back to their residence.

804.11 PRO -- DISPOSITION OF FIREARMS

1. Firearms seized as evidence in cases involving weapons charges shall be disposed of at the direction of the court of record.

Medford Police Department shall obtain a destruction order, signed by a Medford Municipal Court judge or a Jackson County Circuit Court judge prior to destruction of any firearm. If such court order directs the weapon to be "forfeited," it shall be destroyed, pursuant to ORS 166.279.

If such court order directs the weapon to be "destroyed or otherwise forfeited," Property Control personnel shall research the case report to determine if there are any other persons or organizations (other than the defendant) that may have a proprietary interest to the weapon.

If a pawn or second-hand store disputes ownership of the weapon, or another individual involved in the case may potentially have a claim to the weapon, then a letter (804.14 FRM) may be sent to any and all such establishments and / or persons at the Department's discretion, directing them to respond within 30 days of the date of the letter. Ownership shall be determined pursuant to Municipal Code 2.910.

If such party has been awarded compensation by the court in lieu of their interest in the weapon, then that party shall forfeit all ownership and interest in the weapon and the weapon shall then be destroyed.

Failure by any party to respond to the letter within the 30-day time period shall deem that the party has forfeited all rights to the weapon, and the weapon shall then be destroyed.

2. Firearms seized as evidence in cases involving stolen property, found property, or property held for safekeeping shall be returned to their rightful owners following final disposition by the court of record, and the owner successfully passing a thorough background investigation.

Ownership shall be determined pursuant to Municipal Code 2.910.

3. Property Control personnel shall conduct a thorough background investigation on any person receiving returned firearms, prior to their return.

Such background investigation shall include:

- a. District Attorney's disposition,
- b. Municipal Court disposition,
- c. LEDS (wants / corrections client),
- d. NCIC wants,
- e. Driving record,
- f. FBI,
- g. CCH,
- h. NICS
- i. Tiburon entries
- j. ECourt
- k. Serial Number query
- l. Supervisor's approval.

Upon successful completion of a background examination to determine eligibility to possess firearms, the receiving person may be called to respond to Property Control to receive the firearm.

4. All firearms seized as evidence in criminal case and subsequently deemed forfeited by receipt of court order shall be destroyed.

In cases where mitigating circumstances exist, such as an innocent third party being victimized as a result of unintentional involvement in the case in question, the firearm may be returned to the victimized party upon supervisor's approval in the interest of justice. Such return of the firearm in question shall be contingent to a determination of ownership as well as the victim successfully passing the standard firearm return background investigation.

5. In cases involving convicted felons, the seized firearm(s) shall be forfeited for destruction, regardless of the outcome of the pending case, except in cases involving unusual mitigating circumstances or in the interest of justice.

6. Persons receiving firearms shall read and sign a copy of the Firearm Return Affidavit (804.15 FRM) prior to receipt of the weapon.

Such form shall be witnessed by a Property Specialist or other MPD employee. The receiving person shall be then given a copy of the signed form, with attached ORS references.

The described firearm shall be listed on page 1 of the form. Where multiple firearms are being released, a detailed list (including serial numbers) shall be attached to the form.

Receiving persons refusing to sign the form or unable to appropriately understand the meanings in the form shall not be given any weapon.

362.01 REF -- IDENTITY THEFT

In the course of a busy day, you may write a check at the grocery store, charge tickets to a ball game, rent a car, mail your tax returns, call home on your cell phone, order new checks, or apply for a credit card. The chances are you don't give these everyday transactions a second thought. But, someone else may.

The 1990's spawned a new variety of crooks called **"identity thieves."** Their stock in trade is your everyday transactions. Each transaction requires you to share personal information: your bank and credit card account numbers; your income; your Social Security number (SSN), and your name, address and phone numbers. An identity thief obtains some piece of your personal information and appropriates it without your knowledge to commit fraud or theft. An all-too-common example is when an identity thief uses your personal information to open a credit card account in your name.

Can you completely prevent identity theft from occurring?

Probably not, but especially if someone is determined to commit the crime. But you can minimize your risk by managing your personal information wisely, cautiously and with heightened sensitivity.

The Congress of the United States asked the Federal Trade Commission (FTC) to provide information to consumers about identity theft and to take complaints from those whose identities have been stolen. If you've been a victim of identity theft, you can call the FTC's Identity Theft Hotline toll-free at 1-877-IDTHEFT (438-4338). The FTC puts your information into a secure consumer fraud database and may, in appropriate instances, share it with other law enforcement agencies and private entities, including any companies about which you may complain. The FTC, working in conjunction with other government agencies, has produced this information to help guard against and recover from identity theft.

This booklet is prepared for your information only. It is not intended to provide legal advice. The legal rights discussed in these materials may vary by state. Contact the appropriate agencies, or private legal counsel, to ensure you protect your rights.

HOW IDENTITY THEFT OCCURS

Despite your best efforts to manage the flow of your personal information or to keep it to yourself, skilled identity thieves may use a variety of methods – low – and hi-tech – to gain access to your data. Here are some of the ways imposters can get your personal information and take over your identity.

How do identity thieves get your personal information?

- They steal wallets and purses containing your identification and credit and bankcards.
- They steal your mail, including your bank and credit card statements, pre-approved credit offers, telephone calling cards and tax information.
- They complete a "change of address form" to divert your mail to another location.
- They rummage through your trash, or the trash of businesses, for personal data in a practice known as "dumpster diving."
- They fraudulently obtain your credit report by posing as a landlord, employer or someone else who may have a legitimate need for – and a legal right to – the information.
- They get your business or personnel records at work.
- They find personal information in your home.
- They use personal information you share on the Internet.
- They buy your personal information from "inside" sources. For example, an identity thief may pay a store employee for information about you that appears on an application for goods, service or credit.

How do identity thieves use your personal information?

- They call your credit card issuer and, pretending to be you, ask to change the mailing address on your credit card account. The imposter then runs up charges on your account. Because your bills are being sent to the new address, it may take some time before you realize there's a problem.
- They open a new credit card account, using your name, date of birth and SSN. When they use the credit card and don't pay the bills, the delinquent account is reported on your credit report.
- They establish phone or wireless service in your name.
- They open a bank account in your name and write bad checks on that account.

- They file bankruptcy under your name to avoid paying debts they've incurred under your name, or to avoid eviction.
- They counterfeit checks or debit cards, and drain your bank account.
- They buy cars by taking out auto loans in your name.

How can you minimize your risk?

While you probably can't prevent identity theft entirely, you can minimize your risk. By managing your personal information wisely, cautiously and with an awareness of the issue, you can help guard against identity theft:

- Before you reveal any personally identifying information, find out how it will be used and whether it will be shared with others. Ask if you have a choice about the use of your information: can you choose to have it kept confidential?
- Pay attention to your billing cycles. Follow up with creditors if your bills don't arrive on time. A missing credit card bill could mean an identity thief has taken over your credit card account and changed your billing address to cover his tracks.
- Guard your mail from theft. Deposit outgoing mail in post office collection boxes or at your local post office. Promptly remove mail in your mailbox after it has been delivered. If you're planning to be away from home and can't pick up your mail, call your local post office and request a vacation hold. The Postal Service will hold your mail at your local post office until you can pick it up.
- Put passwords on your credit card, bank and phone accounts. Avoid using easily available information like your mother's maiden name, your birth date, the last four digits of your SSN or your phone number, or a series of consecutive numbers.
- Minimize the identification information and the number of cards you carry to what you'll actually need.
- Do not give out personal information on the phone, through the mail or over the Internet unless you have initiated the contact or know whom you're dealing with. Identity thieves may pose as representatives of banks, Internet service providers and even government agencies to get you to reveal your SSN, mother's maiden name, financial account numbers and other identifying information. Legitimate organizations with which you do business have the information they need and will not ask you for it.
- Keep items with personal information in a safe place. To thwart an identity thief who may pick through your trash or recycling bins to capture your personal information, tear or shred your charge receipts, copies of credit applications, insurance forms, physician statements, bank checks and statements, that you are discarding, expired charge cards and credit offers you get in the mail.
- Be cautious about where you leave personal information in your home, especially if you have roommates, employ outside help or are having service work done in your home.

- Find out who has access to your personal information at work and verify that the records are kept in a secure location.
- Give your SSN only when absolutely necessary. Ask to use other types of identifiers when possible.
- Don't carry your SSN card; leave it in a secure place.
- Order a copy of your credit report from each of the three major credit-reporting agencies every year. Make sure it is accurate and includes only those activities you've authorized.
- Your credit report contains information on where you work and live, the credit accounts that have been opened in your name, how you pay your bills and whether you've been sued, arrested or filed bankruptcy. Checking your report on a regular basis can help you catch mistakes and fraud before they wreak havoc on your personal finances.

A SPECIAL WORD ABOUT SOCIAL SECURITY NUMBERS (SSN)

Your employer and financial institution will likely need your SSN for wage and tax reporting purposes. Other private business may ask you for your SSN to do a credit check, such as when you apply for a car loan. Sometimes, however, they simply want your SSN for general record keeping. You don't have to give a business your SSN just because they ask for it. If someone asks for your SSN, ask the following questions:

- Why do you need my SSN?
- How will my SSN be used?
- What law requires me to give you my SSN?
- What will happen if I don't give you my SSN?

Sometimes a business may not provide you with the service or benefit you're seeking if you don't provide your SSN. Getting answers to these questions will help you decide whether you want to share your SSN with the business. Remember, though, that the decision is yours.

If you are a victim of identity theft:

Sometimes an identity thief can strike even if you've been very careful about keeping your personal information to yourself. If you suspect that your personal information has been hijacked and misappropriated to commit fraud or theft, take action immediately, and keep a record of your conversations and correspondence. Exactly which steps you should take to protect yourself depends on your circumstances and how your identity has been misused. However, three basic actions are appropriate in almost every case.

Your First Three Steps

- **#1: Contact the fraud departments of each of the three major credit bureaus.**

Tell them that you're an identity theft victim. Request that a "fraud alert" be placed in your file, as well as a victim's statement asking that creditors call you before opening a new accounts or changing your existing accounts. This can help prevent an identity thief from opening additional accounts in your name.

At the same time, order copies of your credit reports from credit bureaus. Credit bureaus must give you a free copy of your report if your report is inaccurate because of fraud, and you request it in writing. Review your reports carefully to make sure no additional fraudulent accounts have been opened in your name or unauthorized changes made to your existing accounts. Also, check the section of your report that lists "inquiries." Where "inquiries" appear from the company (ies) that opened the fraudulent account(s), request that these "inquiries" be removed from your report. In a few months, order new copies of your reports to verify your corrections and changes, and to make sure no new fraudulent activity has occurred.

- **#2: Contact the creditors for any accounts that have been tampered with or opened fraudulently.**

Creditors can include credit card companies, phone companies and other utilities, and banks and other lenders. Ask to speak with someone in the security or fraud department of each creditor, and follow up with a letter. It's particularly important to notify credit card companies in writing because that's the consumer protection procedure the law spells out for resolving errors on credit card billing statements. Immediately close accounts that have been tampered with and open new ones with new Personal Identification Numbers (PINS) and passwords. Here again, avoid using easily available information like your mother's maiden name, your birth date, the last four digits of your SSN or your phone number, or a series of consecutive numbers.

- **#3: File a report with your local police or the police in the community where the identity theft took place.**

Get a copy of the police report in case the bank, credit card company or others need proof of the crime. Even if the police can't catch the identity thief in your case, having a copy of the police report can help you when dealing with creditors.

Your Next Steps

Although there's no question that identity thieves can wreak havoc on your personal finances, there are some things you can do to take control of the situation. For Example:

- **Stolen Mail.** If an identity thief has stolen your mail to get new credit cards, bank and credit card statements, pre-screened credit offers or tax information, or if an identity thief has falsified change-of-address forms, that's a crime. Report it to your local postal inspector, Contact your local post office for the phone number for the nearest postal inspection service office or check the Postal Service web site at (www.usps.gov/websites/depart/insp).
- **Change of address on credit card accounts.** If you discover that an identity thief has changed the billing address on an existing credit card account, close the account. When you open a new account, ask that a password be used before any inquiries or changes can be made on the account. Avoid using easily available information like your mother's maiden name, your birth date, the last four digits of your SSN or your phone number, or a series of consecutive numbers. Avoid using the same information and numbers when you create a PIN.
- **Bank Accounts.** If you have reason to believe that an identity thief has tampered with your bank accounts, checks or ATM card, close the accounts immediately. When you open new accounts, insist on password-only access to minimize the chance that an identity thief can violate the accounts.

If your ATM card has been lost, stolen or otherwise compromised, cancel the card as soon as you can and get another with a new PIN.

- **Investments.** If you believe that an identity thief has tampered with your securities investments or a brokerage account, immediately report it to your broker or account manager and to the Securities and Exchange Commission.
- **Phone Service.** If an identity thief has established new phone service in your name; is making unauthorized calls that seem to come from – and are billed to – your cellular phone; or is using your calling card and PIN, contact your service provider immediately to cancel the account and/or calling card. Open new accounts and choose new PINs.

If you are having trouble getting fraudulent phone charges removed from your account, contact your state Public Utility Commission for local service providers or the Federal Communications Commission for long-distance service providers and cellular providers at www.fcc.gov/ccb/enforce/complaints.html or 1-888-CALL-FCC.

- **Employment.** If you believe someone is using your SSN to apply for a job or to work, that's a crime. Report it to the SSA's Fraud Hotline at 1-800-269-0271. Also call SSA at 1-800-772-1213 to verify the accuracy of the earnings reported on your SSN, and to request a copy of your *Social Security Statement*. Follow up your calls in writing.
- **Driver's License.** If you suspect that an identity thief, to get a driver's license or a non-driver's ID card, is using your name or SSN, contact your Department of Motor Vehicles.

If your state uses your SSN as your driver's license number, ask to substitute another number.

- **Bankruptcy.** If you believe someone has filed for bankruptcy using your name, write to the U.S. Trustee in the Region where the bankruptcy was filed. A listing of the U.S. Trustee Programs Regions can be found at www.usdoj.gov/ust, or look in the Blue Pages of your telephone book under U.S. Government – Bankruptcy Administration.

Your letter should describe the situation and provide proof of your identity. The U.S. Trustee, if appropriate, will make a referral to criminal law enforcement authorities if you provide appropriate documentation to substantiate your claim. You also may want to file a complaint with the U.S. Attorney and/or the FBI in the city where the bankruptcy was filed.

- **Criminal Records/Arrests.** In rare instances, an identity thief may create a criminal record under your name. For example, your imposter may give your name when being arrested. If this happens to you, you may need to hire an attorney to help resolve the problem. The procedures for clearing your name vary by jurisdiction.

SHOULD I APPLY FOR A NEW SOCIAL SECURITY NUMBER?

Under certain circumstances, SSA may assign you a new SSN – at your request – if, after trying to resolve the problems brought on by identity theft, you continue to experience problems. Consider this option carefully. A new SSN may not resolve your identity theft problems and may actually create new problems. For example, a new SSN does not necessarily ensure a new credit record because credit bureaus may combine the credit records from your old SSN with those from your new SSN. Even when the old credit information is not associated with your new SSN, the absence of any credit history under your new SSN may make it more difficult for you to get credit. And finally, there's no guarantee that an identity thief wouldn't also misuse a new SSN.

Where There is Help

The Federal Trade Commission (FTC) collects complaints about identity theft from consumers who have been victimized. Although the FTC does not have the authority to bring criminal cases, the Commission can help victims of identity theft by providing information to assist them in resolving the financial and other problems that can result from this crime. The FTC also refers victim complaints to other appropriate government agencies and private organizations for further action.

If you've been a victim of identity theft, file a complaint with the FTC by contacting FTC's Identity Theft Hotline by telephone: toll free 1-877-IDTHEFT (438-4338); TDD: 202-326-2502; by mail; Identity Theft Clearinghouse, Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC. 20580; on line: www.consumer.gov/idtheft.

Other agencies and organizations also are working to combat identity theft. If specific institutions and companies are not being responsive to your questions and complaints, you also may want to contact the government agencies with jurisdiction over those companies. They will be listed at the end of this document.

Federal Laws

The federal government and numerous states have passed laws that address the problem of identity theft.

The Identity Theft and Assumption Deterrence Act, enacted by Congress in October 1998 (and codified, in part, at 18 U.S.C. Par 1028) is the federal law directed at identity theft.

Violations of the Act are investigated by federal law enforcement agencies, including the U.S. Secret Service, the FBI, the U.S. Postal Inspection Service and SSA's Office of the Inspector General. Federal identity theft cases are prosecuted by the U.S. Department of Justice.

In most instances, a conviction for identity theft carries a maximum penalty of 15 years imprisonment; a fine and forfeiture of any personal property used or intended to be used to commit the crime. The Act also directs the U.S. Sentencing Commission to review and amend the federal sentencing guidelines to provide appropriate penalties for those persons convicted of identity theft.

Schemes to commit identity theft or fraud also may involve violations of other statutes, such as credit card fraud; computer fraud; mail fraud; wire fraud; financial institution fraud; or Social Security fraud. Each of these federal offenses is a felony and carries substantial penalties – in some cases, as high as 30 years in prison, fines and criminal forfeiture.

Identity Theft and Assumption Deterrence Act of 1998

Under the Identity Theft and Assumption Deterrence Act, it is a federal crime when someone:

"knowingly transfers or uses, without lawful authority, a means of identification of another person with the intent to commit, or aid or abet, any unlawful activity that constitutes a violation of federal law, or that constitutes a felony under any applicable state or local law."

Note that under the Act, a name or SSN is considered a "means of identification". So is a credit card number, cellular telephone electronic serial number or any other piece of information that may be used alone or in conjunction with other information to identify a specific individual.

State Laws

Many states have passed laws related to identity theft; others may be considering such legislation. Where specific identity theft laws do not exist, the practices may be prohibited under other laws. Contact your State Attorney General's office or local consumer protection agency to find out whether your state has laws related to identity theft, or visit www.consumer.gov/idtheft.

Resolving Credit Problems

Resolving credit problems resulting from identity theft can be time-consuming and frustrating. The good news is that there are federal laws that establish procedures for correcting credit report errors and billing errors, and for stopping debt collectors from contacting you about debts you don't owe.

Here is a brief summary of your rights, and what to do to clear up credit problems that result from identity theft.

Credit Reports

The Fair Credit Reporting Act (FCRA) establishes procedures for correcting mistakes on your credit record and requires that your record be made available only for certain legitimate business needs.

Under the FCRA, both the credit bureau and the organization that provided the information to the credit bureau (the "information provider"), such as a bank or credit card company, are responsible for correcting inaccurate or incomplete information in your report. To protect your rights under the law, contact both the credit bureau and the information provider.

First of all, call the credit bureau immediately and follow up in writing. Tell them what information you believe is inaccurate. Include copies (**NOT** originals) of documents that support your position. In addition to providing your complete name and address, your letter should clearly identify each item in your report that you dispute, give the facts and explain why you dispute the information, and request deletion or correction. You may want to enclose a copy of your report with circles around the items in question. Send your letter by certified mail, and request a return receipt so you can document what the credit bureau received and when. Keep copies of your dispute letter and enclosures.

Credit bureaus must investigate the items in question – usually within 30 days – unless they consider your dispute frivolous. They also must forward all relevant data you provide about the dispute to the information provider. After the information provider receives notice of a dispute from the credit bureau, it must investigate, review all relevant information provided by the credit bureau and report the results to the credit bureau. If the information provider finds the disputed information to be inaccurate, it must notify any nationwide credit bureau that it reports to so that the credit bureaus can correct this information in your file. Note that:

- Disputed information that cannot be verified must be deleted from your file.
- If your report contains erroneous information, the credit bureau must correct it.
- If an item is incomplete, the credit bureau must complete it. For example, if your file shows that you have been late making payments, but fails to show that you are no longer delinquent, the credit bureau must show that you're current.
- If your file shows an account that belongs to someone else, the credit bureau must delete it. When the investigation is complete, the credit bureau must give you the written results and a free copy of your report if the dispute results in a change. If an item is changed or removed, the credit bureau cannot put the disputed information back in your file unless the information provider verifies its accuracy and completeness, and the credit bureau gives you a written notice that includes the name, address and phone number of the information provider.

If you request, the credit bureau must send notices of corrections to anyone who received your report in the past six months. Job applicants can have a corrected copy of their report sent to anyone who received a copy during the past two years for employment purposes. If an investigation does not resolve your dispute, ask the credit bureau to include your statement of the dispute in your file and in future reports.

Second, in addition to writing to the credit bureau, tell the creditor or other information provider *in writing* that you dispute an item. Again, include copies (**NOT** originals) of documents that support your position. Many information providers specify an address for disputes. If the information provider then reports the item to any credit bureau, it must include a notice of your dispute. In addition, if you are correct – that is, if the disputed information is not accurate – the information provider may not use it again. For more information, consult *How to Dispute Credit Report Errors* and *Fair Credit Reporting*, two brochures available from the FTC or at www.consumer.gov/idtheft.

Credit Cards

The Truth in Lending Act limits your liability for unauthorized credit card charges in most cases to \$50.00 per card. The Fair Credit Billing Act establishes procedures for resolving billing errors on your credit card accounts.

The Act's settlement procedures apply to disputes about "billing errors." This includes fraudulent charges on your accounts. To take advantage of the law's consumer protections you **must**:

- Write to the creditor at the address given for "billing inquiries," not the address for sending payments. Include your name, address, account and date of the error. Your letter may look like the sample included.
- Send your letter so that it reaches the creditor within 60 days after the first bill containing the error was mailed to you. If an identity thief changed the address on your account and you never received the bill, your dispute letter still must reach the creditor within 60 days of when the creditor would have mailed the bill. This is why it's so important to keep track of your billing statements and immediately follow up when your bills don't arrive on time.

Send your letter by certified mail, and request a return receipt. This will be your proof of the date the creditor received the letter. Include copies (NOT originals) of sales slips or other documents that support your position. Keep a copy of your dispute letter.

The creditor must acknowledge your complaint in writing within 30 days after receiving it, unless the problem has been resolved. The creditor must resolve the dispute within two billing cycles (but not more than 90 days) after receiving your letter.

Debt Collectors

The Fair Debt Collection Practices Act prohibits debt collectors from using unfair or deceptive practices to collect overdue bills that a creditor has forwarded for collection.

You can stop a debt collector from contacting you by writing a letter to the collection agency telling them to stop. Once the debt collector receives your letter, the company may not contact you again – with two exceptions: they can tell you there will be no further contact and they can tell you that the debt collector or the creditor intends to take some specific action.

A collector also may not contact you if, within 30 days after you receive the written notice, you send the collection agency a letter stating you do not owe the money. Although such a letter should stop the debt collector's calls, it will not necessarily get rid of the debt itself, which may still turn up on your credit report. In addition, a collector can renew collection activities if you are sent proof of the debt. So, along with your letter stating you don't owe the money, include copies of documents that support your position. If you're a victim of identity theft, including a copy (**NOT** original) of the police report you filed may be particularly useful.

For more information, consult *Fair Debt Collection*, a brochure available from the FTC or at www.consumer.gov/

ATM Cards, Debit Cards and Electronic Fund Transfer

The Electronic Fund Transfer Act provides consumer protections for transactions involving an ATM or debit card or other electronic way to debit or credit an account. It also limits your liability for unauthorized electronic fund transfers.

It's important to report lost or stolen ATM and debit cards immediately because the amount you can be held responsible for depends on **how quickly** you report the loss.

- If you report your ATM card lost or stolen within two business days of discovering the loss or theft, your losses are limited to \$50.
- If you report your ATM card lost or stolen after two business days, but within 60 days after a statement showing an unauthorized electronic fund transfer, you can be liable for up to \$500 of what a thief withdraws.
- If you wait more than 60 days, you could lose **all** the money that was taken from your account after the end of the 60 days and before you report your card missing.

The best way to protect your self in the event of an error or fraudulent transaction is to call the financial institution and follow up in writing – by certified letter, return receipt requested – so you can prove when the institution received your letter. Keep a copy of the letter for your records.

After notification about an error on your statement, the institution generally has 10 business days to investigate. The financial institution must tell you the results of its investigation within three business days after completing it and must correct an error within one business day after determining that an error has occurred. If the institution needs more time, it may take up to 45 days to complete the investigation – but only if the money in dispute is returned to your account and you are notified promptly of the credit. At the end of the investigation, if no error has been found, the institution may take the money back if it sends you a written explanation.

NOTE: Visa and MasterCard voluntarily have agreed to limit consumers' liability for unauthorized use of their debit cards in most instances to \$50 per card, no matter how much time has elapsed since the discovery of the loss or theft of the card.

Subject: Unlawfully Stored or Abandoned Vehicle

Dear Registered Owner of Vehicle,

Recently, the Medford Police Department Code Enforcement Division received a complaint about an unlawfully stored or abandoned vehicle at _____. Upon inspection of the vehicle it appears to be in violation of Oregon Revised Statute 819.100 as well as Medford Municipal Codes 5.505 and/or 6.345.

The vehicle is described as:

_____(Year) _____(Color) _____(Make) _____(Model) _____(Plate).

The Department of Motor Vehicles shows this vehicle is registered to you.

ORS 819.100 "Abandoning a Vehicle" states no person may abandon a vehicle upon a highway or upon any public or private property. MMC 5.505 "Unlawful Storage of Vehicles" states no person shall store or permit to be stored a neglected or discarded vehicle upon private or public property within the city for more than five consecutive days. MMC 6.345 "Storing Vehicles or Objects on Streets" states no person owning or controlling any vehicle or any object shall cause or permit it to be stored within the roadway of any street.

The Medford Municipal Code and Oregon law authorizes abatement, which means the vehicle may be towed and citations issued without advance notice.

If the listed vehicle is not moved from the location it may be towed and a citation may be issued to the registered owner. Your cooperation in remedying this matter is greatly appreciated. If you have any questions regarding this matter please contact the Code Enforcement Division at (541) 774-2016.

1062.04 PRO Agency Liaison Officer.pdf

1062.04 PRO AGENCY LIAISON OFFICER

An Agency Liaison Officer (ALO) will be appointed to fulfill specific responsibilities related to department support and family assistance. This position is usually assigned to a command level officer because of the need to effectively coordinate resources throughout the department, and not necessarily related directly to the memorial service. The ALO shall be relieved of all other duties in order to focus on their role during this time frame.

The ALO is responsible for keeping agency personnel informed regarding the line of duty death and being aware of officers that may have been negatively affected by the incident or death. The ALO is the contact for outside agencies and regulates information dissemination within and outside of the Agency. The ALO must work in concert with the other key members of the Oregon Fallen Badge Foundation (OFBF) Line of Duty Death Response Team (LODDRT), including the Incident Commander, the Family Liaison Officer, Line of Duty Death Coordinator, and the Family Support Coordinator on matters preceding the memorial service, and on matters occurring during and immediately after the service. The ALO has responsibility for the officer's personal affects as well as coordinating related follow up care for the family.

Responsibilities include, but are not limited to:

Administrative/Priority Tasks:

- Contact Human Resources or the Benefits Coordinator to determine the officer's next of kin and beneficiary designees. Ascertain other funeral information contained on file
- Coordinates with the hospital to ensure all invoices for care are sent to the agency's billing department and not to the family
- Ensures a separate waiting area for the family at the hospital (but not isolated from the department waiting area)
- Coordinate with peer support to offer assistance to all officers involved in the incident and other officers or personnel who may be emotionally affected by the serious injury or death of another officer
- Time off for involved officers should be considered
- Explain Department procedures, investigations and the criminal justice system to the family as may be necessary in coordination and with the assistance of the Family Liaison Officer
- Work with the Operations Section of the LODDRT to assign one or more uniformed officers to remain at the family home at all times through the immediate

aftermath, especially while the family is away during any hospitalization of the fallen officer and during the viewing, funeral, and committal services

- If the family desires a burial in uniform, arrangements should be made with the Logistics Section to have it available
- Coordinate with the Family Liaison Officer the delivery of the officer's personal belongings to the family. Scrutinize property for any inappropriate material

ALO Follow-Up / Aftercare:

The Department must ensure that the family is not forgotten after the memorial service, and must remain sensitive to the needs of the survivors long after the officer's death. The grief process has no timetable and survivors may develop a posttraumatic stress reaction to the tragedy. Outreach to the surviving family must be continued for as long as the family feels the need for support. The Family Support Coordinator from Concerns of Police Survivors (C.O.P.S.) will assist in aftercare.

- Arrange for routine residence checks by patrol officers/deputies of the surviving family's home for at least 6-8 weeks following the funeral. This service is necessary because insurance settlements are passing through the home. The survivors are likely to be spending a lot of time away from home on legal matters. Feelings of vulnerability are high.
- Invite family to yearly memorial services, events and balls and provide seating for them as a collective group that includes surviving families from surrounding areas
- Remember the children of both current marriage and past marriages. Send birthday cards to all of the children until asked not to by the child or the surviving parent
- Contact families of fallen officers within the agency and other nearby agencies to inform them of another line of duty death (LODD) in a timely fashion. Assistance and support from OFBF and C.O.P.S. are encouraged
- Arrange through OFBF and C.O.P.S. communication between survivors and new survivors from other agencies
- Provide an escort for agency survivors who attend other agencies' LODD funerals
- Assign a representative within the agency to call and check up on the family. This may be the Family Liaison Officer
- Make the family aware of services through OFBF, C.O.P.S., the Employee Assistance Program, Crime Survivor Services referrals and the Department chaplain
- A telephone call to survivors should be attempted at least once a month, for the

first year after the death

- The Department, during the first year after the death, should acknowledge birthdays, anniversaries, and holidays. Increased contact and additional support is important at these times
- Include the family at social gatherings
- Be sure to acknowledge the first anniversary of the death. Examples:
 - a. Send flowers to the spouse (significant other) and the parents.
 - b. Make a telephone call to the family acknowledging the date.
 - c. Arrange for an informal gathering at the gravesite and notify department personnel of these plans. Acknowledging the anniversary of the death is important for the healing of personnel.
 - d. The Chief of Police should observe the first anniversary of the death with a short note to the family, spouse/significant other, and parents.
 - e. After the first anniversary, a card should be sent to the family on following anniversaries of the officer's/deputy's death. The family needs to know the Agency has not forgotten their loved one.
 - f. Continue care and contact with the family until they sever it.
 - g. After the death and memorial do not ignore family members out of fear of not knowing what to say or do. Be sure to acknowledge a survivor in some way.

1062.02 PRO Notification Procedure.pdf

1062.02 PRO NOTIFICATION PROCEDURE

Time is of the essence and the first priority is to notify the family as they should learn of the death or serious injury from the Department and not other sources. The Department WILL NOT release the name of the deceased officer before it is confirmed that the immediate family has been notified. The following procedure will be followed whenever possible:

- The Watch Commander, immediately upon learning of an officer's death or serious injury, will immediately notify the administrative chain-of-command.
- The first available administrator with access, will obtain the members Critical Incident Notification Information (1062.01 FRM)
- It shall be the responsibility of the Watch Commander to properly notify the next of kin of an officer who has suffered severe injuries or died or to designate a Notification Officer to inform survivors. Every effort will be made to appoint the Notification Officer requested by the officer on his/her critical incident notification form. If the Notification Officer requested by the officer is not available, DO NOT wait for them to become available.
- If there is knowledge of a medical problem with an immediate survivor, medical personnel should be staged near the residence to coincide with the death notification.
- Notification will be made in **person by two or more persons**. The Chief of Police or a representative, close friend, chaplain, or peer support member may accompany the Notification Officer. No delay in notification will be made should any of these parties desire to be present but are not immediately available.
- The notification party should not make a death notification on the doorstep. Ask to be admitted to the house. Inform family members slowly and clearly of the information that you have. If specifics of the incident are known, the Notification Officer should relay as much confirmed, accurate information as possible. If the family asks a question, the Notification Officer shall answer it truthfully and accurately to the best of their knowledge. Minimizing or omitting known information will only cause additional trauma to the family once they discover it, even if the intent is to protect them emotionally. The Notification Officer will use the member's name during the notification.
 - If the officer has died, relay that information. Never give the family a false sense of hope. Use direct words such as "died" and "dead" rather than "passed away" or "gone."
- If the family requests to visit the hospital, they may be transported by police vehicle. It is highly recommended that the family NOT drive themselves to the hospital. If the family insists on driving, an officer should accompany them in the family car. If young children are at home, the Notification Officer will arrange for babysitting needs, if requested.

- Prior to departing for the hospital, the Notification Officer will notify the hospital staff and the Hospital Liaison by telephone that a member(s) of the family is en route.
- The deceased or severely injured officer's parents will also be afforded the courtesy of a personal notification, if possible. If immediate survivors live outside the area, the Notification Officer will ensure that the appropriate jurisdiction is notified as soon as practicable requesting a PERSONAL notification. Arrangements should be made to permit simultaneous telephone contact between the survivors and the Department once personal notification has been made.
- The Chief of Police or an executive level officer will respond to the residence or the hospital to meet with the family, as quickly as possible, unless otherwise noted on the Emergency Notification Form.
- All communications regarding notifications should be restricted to the telephone to avoid information being learned from external monitoring of radio frequencies.
- The Notification Officer shall remain with the family until relieved by the Family Liaison Officer.

“YOUR PERSONAL/ FINANCIAL DIARY”

This handbook was developed in November 1995 to be used as an educational tool for Concerns of Police Survivors’ national training sessions. These training sessions were planned to help agencies address the emotional aftermath following a law enforcement officer’s death.

Concerns of Police Survivors, Inc., gives permission for this handbook to be copied by any person, agency, or organization. COPS would request, however, a credit line be given in the reproduced document.

This **Your Personal/Financial Diary** is a project of Concerns of Police Survivors, Inc. Printing and distribution of the document are funded through a grant from the U. S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance, grant #95-PS-CX-0001.

Production of this handbook was made easy by modeling it after the “Critical Incident Booklet” published by the Grand Lodge Fraternal Order of Police Auxiliary. Our thanks to them for taking on the task of producing such a booklet for law enforcement families.

INTRODUCTION

This personal financial diary was planned with the specific intention of giving law enforcement officers, who serve in a high-risk profession, the opportunity to organize their financial business so their families will have this information in an organized fashion should that officer be killed in the line of duty or die at an early age. However, this diary can be used by anyone to organize their personal/financial affairs.

Every day law enforcement officers tend to tedious paperwork. Writing detailed reports can make the difference in court cases, civil cases, and truly affect the outcome of occurrences in peoples’ lives. Paperwork is a major part of the law enforcement officer’s job.

Having worked with thousands of families that have lost officers in the line of duty, it has become apparent to Concerns of Police Survivors, Inc., that while law enforcement officers handle paperwork every day on the street, they are **extremely lax** at handling personal paperwork. You see, each year during National Police Week, a time when the law enforcement profession gathers to honor its fallen, we hear of 20 or more families whose officers **forgot** to up date their beneficiary forms. Imagine finding out after your law enforcement officer spouse has died that you’re not listed as the beneficiary on insurance forms! Imagine finding out that although you’ve been married to this officer for seven years, the former spouse is still listed as beneficiary!

This is a hurt no family should have to suffer. This handbook is designed to address this violation of law enforcement officers’ dependents. The diary also encourages those who take the time to organize their affairs to leave a letter stating why the spouse was not their beneficiary if that was their intent. It will eliminate many family traumas and will help the surviving family understand why the deceased left benefits to various individuals other than the spouse.

Take time with your spouse to sit down and complete **Your Personal/Financial Diary**. It will save you or your survivors hundreds of hours searching for legal and financial documents at some time in the future.

If you're a law enforcement officer, it's the least you can do for the family that loves you and supports you in your profession.

However, if this information is not included in your will, there is a section in this handbook for that information to be provided.

OTHER CONSIDERATIONS

This handbook was planned to save as much heartache as possible immediately following the death of a loved one. All the planning and preparation in the world, however, won't save a family serious heartache if someone chooses to keep information about their life from family members. Often times after someone dies, family members are shocked to find out there are other children from outside the marriage and other significant others.

To save your spouse or other family members this heartache and torment, it is suggested that you write a letter to be opened upon your death that will tell your family about the issues you felt you could not discuss with them during your lifetime.

Additionally, we recommend that you discuss with your spouse the beneficiary listings you have chosen on various insurance policies. This will help alleviate the family upheavals that seriously affect the grief process when family members doubt that you meant to leave benefits to the people who received those benefits.

Be proactive and address these issues before it's too late.

1062.05 PRO Benefits Coordinator.pdf

1062.05 PRO BENEFITS COORDINATOR

The Benefits Coordinator is the primary point of contact for family benefit matters, and is responsible for providing the family and Department with current and projected benefit information. The Benefits Coordinator should be a senior staff member with knowledge of the benefits process. The Coordinator's role requires a high degree of confidentiality ensuring family privacy is met. The importance for the Coordinator in relieving family anxiety regarding financial obligations and demands is essential. Coordination with the Family Support Coordinator from Concerns of Police Survivors (C.O.P.S.) and the Family Liaison Officer is essential in benefit issues.

- Contact and coordinate immediately with the City of Medford's Human Resource's Department. Human Resources is required to report a death to OSHA within 8 hours
- Contact the local office of the F.B.I. for assistance in filing the Public Safety Officers' Benefits (PSOB) paperwork. (The Family Support Coordinator can provide this contact information)
- Estimate family monthly income
- Determine family eligibility for continued health care through Human Resources, and make contingency plans to support monthly premiums
- Personally coordinate the delivery of the final payroll check of the deceased. The check normally reflects the end of service payout for accrued time. However, coordination with the City of Medford Payroll office is crucial
- Obtain exact benefit amounts due the family. Identify each benefit (i.e., funeral assistance, one-time state benefit, monthly pension payment, workers comp, social security, etc.)
- Meet with the family about one month after the funeral with more detailed information
- Ensure required benefit documents have been presented to the appropriate government and private agencies
- File benefits in a timely manner. Paperwork should be completed within a two-month period
- If surviving children live with a former spouse, provide them the same services
